§ 163.5 Methods for storage of records.

(a) Original records. All persons listed in §163.2 shall maintain all records required by law and regulation for the required retention periods and as original records, whether paper or electronic, unless alternative storage methods have been adopted in accordance with paragraph (b) of this section. The records, whether in their original format or under an alternative storage method, must be capable of being retrieved upon lawful request or demand by Customs.

(b) Alternative method of storage—(1) General. Any of the persons listed in §163.2 may maintain any records, other than records required to be maintained.
as original records under laws and regulations administered by other Federal government agencies, in an alternative format, provided that the person gives advance written notification of such alternative storage method to the Regulatory Audit, U.S. Customs and Border Protection, 2001 Cross Beam Dr., Charlotte, North Carolina 28217, and provided further that the Director of Regulatory Audit, Charlotte office does not instruct the person in writing as provided herein that certain described records may not be maintained in an alternative format. The written notice to the Director of Regulatory Audit, Charlotte office must be provided at least 30 calendar days before implementation of the alternative storage method, and must state that the alternative storage method complies with the standards set forth in paragraph (b)(2) of this section. If an alternative storage method covers records that pertain to goods under CBP seizure or detention or that relate to a matter that is currently the subject of an inquiry or investigation or administrative or court proceeding, the appropriate CBP office may instruct the person in writing that those records must be maintained as original records and therefore may not be converted to an alternative format until specific written authorization is received from that CBP office. A written instruction to a person under this paragraph may be issued during the 30-day advance notice period prescribed in this section or at any time thereafter, must describe the records in question with reasonable specificity but need not identify the underlying basis for the instruction, and shall not preclude application of the planned alternative storage method to other records not described therein.

(2) Standards for alternative storage methods. Methods commonly used in standard business practice for storage of records include, but are not limited to, machine readable data, CD ROM, and microfiche. Methods that are in compliance with generally accepted business standards will generally satisfy Customs requirements, provided that the method used allows for retrieval of records requested within a reasonable time after the request and provided that adequate provisions exist to prevent alteration, destruction, or deterioration of the records. The following standards must be applied by recordkeepers when using alternative storage methods:

(i) Operational and written procedures are in place to ensure that the imaging and/or other media storage process preserves the integrity, readability, and security of the information contained in the original records. The procedures must include a standardized retrieval process for such records. Vendor specifications/documentation and benchmark data must be available for Customs review;

(ii) There is an effective labeling, naming, filing, and indexing system;

(iii) Except in the case of packing lists (see §163.4(b)(2)), entry records must be maintained in their original formats for a period of 120 calendar days from the end of the release or conditional release period, whichever is later, or, if a demand for return to Customs custody has been issued, for a period of 120 calendar days either from the date the goods are redelivered or from the date specified in the demand as the latest redelivery date if redelivery has not taken place;

(iv) An internal testing of the system must be performed on a yearly basis;

(v) The recordkeeper must have the capability to make, and must bear the cost of, hard-copy reproductions of alternatively stored records that are required by Customs for audit, inquiry, investigation, or inspection of such records; and

(vi) The recordkeeper shall retain and keep available one working copy and one back-up copy of the records stored in a secure location for the required periods as provided in §163.4.

(3) Changes to alternative storage procedures. No changes to alternative recordkeeping procedures may be made without first notifying the Director of the Miami regulatory audit field office. The notification must be in writing and must be provided to the director at least 30 calendar days before implementation of the change.

(4) Penalties. All persons listed in §163.2 who use alternative storage methods for records and who fail to
§ 163.6 Production and examination of entry and other records and witnesses; penalties.

(a) Production of entry records. Pursuant to written, oral, or electronic notice, any Customs officer may require the production of entry records by any person listed in § 163.2(a) who is required under this part to maintain such records, even if the entry records were required at the time of entry. Any oral demand for entry records shall be followed by a written or electronic demand. The entry records shall be produced within 30 calendar days of receipt of the demand or within any shorter period as Customs may prescribe when the entry records are required in connection with a determination regarding the admissibility or release of merchandise. Should any person from whom Customs has demanded entry records encounter a problem in timely complying with the demand, such person may submit a written or electronic request to Customs for approval of a specific additional period of time in which to produce the records; the request must be received by Customs before the applicable due date for production of the records and must include an explanation of the circumstances giving rise to the request. Customs will promptly advise the requesting person electronically or in writing either that the request is denied or that the requested additional time period, or such shorter period as Customs may deem appropriate, is approved. The mere fact that a request for additional time to produce demanded entry records was submitted under this section shall not by itself preclude the imposition of a monetary penalty or other sanction under this part for failure to timely produce the records, but no such penalty or other sanction will be imposed if the request is approved and the records are produced before expiration of that additional period of time.

(b) Failure to produce entry records—(1) Monetary penalties applicable. The following penalties may be imposed if a person fails to comply with a lawful demand for the production of an entry record and is not excused from a penalty pursuant to paragraph (b)(3) of this section:

   (i) If the failure to comply is a result of the willful failure of the person to maintain, store, or retrieve the demanded record, such person shall be subject to a penalty, for each release of merchandise, not to exceed $100,000, or an amount equal to 75 percent of the appraised value of the merchandise, whichever amount is less; or

   (ii) If the failure to comply is a result of negligence of the person in maintaining, storing, or retrieving the demanded record, such person shall be subject to a penalty, for each release of merchandise, not to exceed $10,000, or an amount equal to 40 percent of the appraised value of the merchandise, whichever amount is less.

   (2) Additional actions—(1) General. In addition to any penalty imposed under paragraph (b)(1) of this section, and except as otherwise provided in paragraph (b)(2)(ii) of this section, if the demanded entry record relates to the eligibility of merchandise for a column 1 special rate of duty in the Harmonized Tariff Schedule of the United States (HTSUS), the entry of such merchandise:

      (A) If unliquidated, shall be liquidated at the applicable HTSUS column 1 general rate of duty; or

      (B) If liquidated within the 2-year period preceding the date of the demand, shall be reliquidated, notwithstanding the time limitation in 19 U.S.C. 1514 or
