(b) Nonconfidential summaries. Except as the Commission may otherwise provide, a party submitting confidential business information shall also submit to the Commission, at the time it submits such information, a nonconfidential summary of the information. If a party indicates that the confidential business information cannot be summarized, it shall state in writing the reasons why a summary cannot be provided. If the Commission finds that a request for confidentiality is not warranted and if the party concerned is either unwilling to make the information public or to authorize its disclosure in generalized or summarized form, the Commission may disregard the submission.

§ 206.8 Service, filing, and certification of documents.

(a) Certification. Any person submitting factual information on behalf of the petitioner or any other interested party for the consideration of the Commission in the course of an investigation to which this part pertains, and any person submitting a response to a Commission questionnaire issued in connection with an investigation to which this part pertains, must certify that such information is accurate and complete to the best of the submitter's knowledge.

(b) Service. Any party submitting a document for the consideration of the Commission in the course of an investigation to which this part pertains shall, in addition to complying with §201.16 of this chapter, serve a copy of the public version of such document on all other parties to the investigation in connection with an investigation to which this part pertains, must certify that such information is accurate and complete to the best of the submitter’s knowledge.

(c) Filing. Documents to be filed with the Commission must comply with applicable rules, including §201.8 of this chapter. If the Commission establishes a deadline for the filing of a document, and the submitter includes confidential business information in the document, the submitter is to file and, if the submitter is a party, serve the confidential version of the document no later than one business day after the deadline for filing the document. The confidential version shall enclose all confidential business information in brackets and have the following warning marked on every page: “Bracketing of CBI not final for one business day after date of filing.” The bracketing becomes final one business day after the date of filing of the document, i.e., at the same time as the non-confidential version of the document is due to be filed. Until the bracketing becomes final, recipients of the document
may not divulge any part of the contents of the document to anyone not subject to the administrative protective order issued in the investigation. If the submitter discovers it has failed to bracket correctly, the submitter may file a corrected version or portion of the confidential document at the same time as the nonconfidential version is filed. No changes to the document other than bracketing and deletion of confidential business information are permitted after the deadline. Failure to comply with this paragraph may result in the striking of all or a portion of a submitter’s document.
