§ 180.430 How do I check to see if a person is excluded or disqualified?

You check to see if a person is excluded or disqualified in two ways:

(a) You as a Federal agency official must check the EPLS when you take any action listed in §180.425.

(b) You must review information that a participant gives you, as required by §180.335, about its status or the status of the principals of a transaction.
