

section 5 facility, established by regulations issued by HHS at 42 CFR part 81, is also binding on the FAB (see §30.213). However, since OWCP applies this methodology when it makes these determinations, the FAB reviewer may consider objections to the manner in which OWCP applied HHS's regulatory guidelines.

§ 30.319 May a claimant request reconsideration of a final decision of the FAB?

(a) A claimant may request reconsideration of a final decision of the FAB by filing a written request with the FAB within 30 days from the date of issuance of such decision. If a timely request for reconsideration is made, the decision in question will no longer be considered "final" under §30.316(d).

(b) For purposes of determining whether the written request referred to in paragraph (a) of this section has been timely filed with the FAB, the request will be considered to be "filed" on the date that the claimant mails it to the FAB, as determined by postmark, or on the date that such written request is actually received by the FAB, whichever is the earliest determinable date.

(c) A hearing is not available as part of the reconsideration process. If the FAB grants the request for reconsideration, it will consider the written record of the claim again and issue a new final decision on the claim. A new final decision that is issued after the FAB grants a request for reconsideration will be "final" upon the date of issuance of such new decision.

(1) Instead of issuing a new final decision after granting a request for reconsideration, the FAB may return the claim to the district office for further development as provided in §30.317.

(2) If the FAB denies the request for reconsideration, the FAB decision that formed the basis for the request will be considered "final" upon the date the request is denied, and no further requests for reconsideration of that particular final decision of the FAB will be entertained.

(d) A claimant may not seek judicial review of a decision on his or her claim under EEOICPA until OWCP's decision on the claim is final pursuant to either

§30.316(d) (for claims in which no request for reconsideration was filed with the FAB) or paragraph (c) of this section (for claims in which a request for reconsideration was filed with the FAB).

REOPENING CLAIMS

§ 30.320 Can a claim be reopened after the FAB has issued a final decision?

(a) At any time after the FAB has issued a final decision pursuant to §30.316, and without regard to whether new evidence or information is presented or obtained, the Director for Energy Employees Occupational Illness Compensation may reopen a claim and return it to the FAB for issuance of a new final decision, or to the district office for such further development as may be necessary, to be followed by a new recommended decision. The Director may also vacate any other type of decision issued by the FAB.

(b) At any time after the FAB has issued a final decision pursuant to §30.316, a claimant may file a written request that the Director for Energy Employees Occupational Illness Compensation reopen his or her claim, provided that the claimant also submits new evidence of either covered employment or exposure to a toxic substance, or identifies either a change in the PoC guidelines, a change in the dose reconstruction methods or an addition of a class of employees to the Special Exposure Cohort.

(1) If the Director concludes that the evidence submitted or matter identified in support of the claimant's request is material to the claim, the Director will reopen the claim and return it to the district office for such further development as may be necessary, to be followed by a new recommended decision.

(2) New evidence of a medical condition described in subpart C of these regulations is not sufficient to support a written request to reopen a claim for such a condition under paragraph (b) of this section.

(c) The decision whether or not to reopen a claim under this section is solely within the discretion of the Director

§ 30.400

20 CFR Ch. I (4–1–10 Edition)

for Energy Employees Occupational Illness Compensation and is not reviewable. If the Director reopens a claim pursuant to paragraphs (a) or (b) of this section and returns it to the district office, the resulting new recommended decision will be subject to the adjudicatory process described in this subpart. However, neither the district office nor the FAB can consider any objection concerning the Director's decision to reopen a claim under this section.

Subpart E—Medical and Related Benefits

MEDICAL TREATMENT AND RELATED ISSUES

§ 30.400 What are the basic rules for obtaining medical treatment?

(a) A covered Part B employee or a covered Part E employee who fits into at least one of the compensable claim categories described in subpart C of this part is entitled to receive all medical services, appliances or supplies that a qualified physician prescribes or recommends and that OWCP considers necessary to treat his or her occupational illness or covered illness, retroactive to the date the claim for benefits for that occupational illness or covered illness under Part B or Part E of EEOICPA was filed. In situations where the occupational illness or covered illness is a secondary cancer, such treatment may include treatment of the underlying primary cancer when it is medically necessary or related to treatment of the secondary cancer; however, payment for medical treatment of the underlying primary cancer under these circumstances does not constitute a determination by OWCP that the primary cancer is a covered illness under Part E of EEOICPA. The employee need not be disabled to receive such treatment. When a survivor receives payment, OWCP will pay for such treatment if the employee died before the claim was paid. If there is any doubt as to whether a specific service, appliance or supply is necessary to treat the occupational illness or covered illness, the employee should consult OWCP prior to obtaining it.

(b) If a claimant disagrees with the decision of OWCP that medical benefits provided under paragraph (a) of this section are not necessary to treat an occupational illness or covered illness, he or she may choose to utilize the adjudicatory process described in subpart D of this part.

(c) Any qualified physician or qualified hospital may provide medical services, appliances and supplies to the covered Part B employee or the covered Part E employee. A qualified provider of medical support services may also furnish appropriate services, appliances, and supplies. OWCP may apply a test of cost-effectiveness when it decides if appliances and supplies are necessary to treat an occupational illness or covered illness. With respect to prescribed medications, OWCP may require the use of generic equivalents where they are available.

§ 30.401 What are the special rules for the services of chiropractors?

(a) The services of chiropractors that may be reimbursed by OWCP are limited to treatment to correct a spinal subluxation. The costs of physical and related laboratory tests performed by or required by a chiropractor to diagnose such a subluxation are also payable.

(b) A diagnosis of spinal subluxation as demonstrated by x-ray to exist must appear in the chiropractor's report before OWCP can consider payment of a chiropractor's bill.

(c) A chiropractor may interpret his or her x-rays to the same extent as any other physician. To be given any weight, the medical report must state that x-rays support the finding of spinal subluxation. OWCP will not necessarily require submission of the x-ray, or a report of the x-ray, but the report must be available for submission on request.

(d) A chiropractor may also provide services in the nature of physical therapy under the direction of a qualified physician.

§ 30.402 What are the special rules for the services of clinical psychologists?

A clinical psychologist may serve as a physician within the scope of his or
