Subpart E—Benefit Charging

§ 345.401 General rule.

Effective January 1, 1990, all benefits paid to an employee for his or her days of unemployment or days of sickness will be charged to the base year employer of such employee, except as hereinafter provided in this part. The Board will make the charge by adding the gross amount of the benefits payable to an employee on the basis of a claim for benefits to that employee’s base year employer’s cumulative benefit balance. The benefit charge does not depend on whether the employee receiving the benefit payment is a current employee of the base year employer.

§ 345.402 Strikes or work stoppages.

If benefits are payable to an employee for days of unemployment resulting from a strike or work stoppage growing out of a labor dispute, the Board will charge the benefit payment to the system unallocated charge balance, not to the cumulative benefit balance of the employee’s base year employer. For the purposes of this section, the phrase “strike or work stoppage growing out of a labor dispute” does not include an employee’s protected refusal to work under section 212(b) of the Federal Railroad Safety Act of 1970 (45 U.S.C. 441(b)).

§ 345.403 Multiple base year employers.

(a) General rules for benefit charging. All benefits paid to an employee who had more than one base year employer shall be charged to the cumulative benefit balances of such employers, as follows:

(1) If the employer at the time of the claim is the same as the last employer in the base year, benefits will be charged in reverse chronological order, but the amount charged to each base year employer shall not exceed the amount of compensation paid by such employer to the employee in the base year;

(2) In all other cases, benefits will be charged in the same ratio as the compensation paid to such employee by all such employers in the base year; benefit charging in accordance with this method shall apply whether the base year employment was with successive employers or with concurrent employers.

(b) Excess benefit payments. If, in applying the rule in paragraph (a)(1) of this section, there remain benefit payments, in whole or in part, that cannot be charged to any base year employer, the amount of benefits paid in excess of those chargeable under paragraph (a)(1) shall be charged to the system unallocated charge balance.

(c) Board records as basis for charging multiple base year employers. Where an employee has more than one base year employer, the Board will use records compiled on the basis of employer reports filed under §345.110 of this part for the purpose of determining whether the employer at the time of the claim for benefits is the last employer in the base year and for other purposes related to benefit charging under this subpart. If, in a particular case, such records do not contain all the data necessary to determine the charge, the Board will request the necessary data from the base year employers who may be liable for the charge.

§ 345.404 Adjustments.

(a) Recovery of benefits charged to base year employer. Where the Board recovers a benefit payment that it had previously charged, in whole or in part, to one or more base year employers, the Board will subtract the amount of the recovery from the cumulative benefit balances of the employers of the employee to whom such amount was paid.
