third party makes a payment to an employee on account of sickness or accident disability which constitutes wages for services covered under a State agreement, the wages will be considered, for purposes of the deposits required under this section, to have been paid to the employee on the date on which the employer receives notice from the third party of the amount of the payment. No interest will be assessed for failure to make a timely deposit of contributions due on such wages for which a deposit was made after December 1981 and before July 1982, to the extent that the failure to make the deposit timely is due to reasonable cause and not willful neglect.

§ 404.1251 Final reports—for wages paid prior to 1987.

If a political subdivision is legally dissolved, the State shall file a final report on that entity. The report shall include each coverage group whose existence ceases with that of the entity. It shall:
(a) Be marked “final report”;
(b) Cover the period during which final payment of wages subject to the agreement is made; and
(c) Indicate the last date wages were paid.

With the final report, the State shall submit a statement showing the title and business address of the State official responsible for keeping the State’s records and of each State and local official responsible for keeping the records for each coverage group whose existence is ended. The State shall also identify, as prescribed by SSA, each political subdivision by its assigned number and, where applicable, any coverage group or payroll record unit number assigned.

(Approved by the Office of Management and Budget under control number 0960-0425)

WHAT IS A STATE’S LIABILITY FOR CONTRIBUTIONS—FOR WAGES PAID PRIOR TO 1987

§ 404.1255 State’s liability for contributions—for wages paid prior to 1987.

A State’s liability for contributions equals the sum of the taxes which would be imposed by sections 3101 and 3111 of the Internal Revenue Code of 1954, if the services of the employees covered by the State’s agreement were employment as defined in section 3121 of the Code. The State’s liability begins when those covered services are performed, for which wages are actually or constructively paid to those individuals, including wages paid in a form other than cash (see §404.1041(d)). If an agreement is effective retroactively, the State’s liability for contributions on wages paid during the retroactive period begins with the date of execution of the agreement or applicable modification. Where coverage of a coverage group has been terminated, the State is liable for contributions on wages paid for covered services even if the wages are paid after the effective date of termination of coverage.

§ 404.1256 Limitation on State’s liability for contributions for multiple employment situations—for wages paid prior to 1987.

(a) Limitation due to multiple employment. Where an individual in any calendar year performs covered services as an employee of a State and as an employee of one or more political subdivisions of the State, or as an employee of more than one political subdivision; and the State provides all the funds for payment of the amounts which are equivalent to the taxes imposed on the employer under FICA on that individual’s remuneration for those services; and no political subdivision reimburses the State for paying those amounts; the State’s agreement or modification of an agreement may provide that the State’s liability for the contributions on that individual’s remuneration shall be computed as though the individual had performed services in employment for only one political subdivision. The State may then total the individual’s covered wages from all these governmental employers and compute the
§ 404.1260 Contributions based on that total subject to the wage limitations in § 404.1047.

(b) Identification of employees in multiple employment. An agreement or modification of an agreement providing for the computation of contributions as described in paragraph (a) of this section shall identify the class or classes of employees to whose wages this method of computing contributions applies. For example, the State may provide that such computation shall apply to the wages paid to all individuals for services performed in positions covered by a particular retirement system, or to the wages paid to all individuals who are members of any two or more coverage groups designated in an agreement or modification. The State shall promptly notify SSA if the conditions in paragraph (a) of this section are no longer met by any class or classes of employees identified in an agreement or modification. In its notification, the State shall identify each class of employees and the date on which the conditions ceased to be met.

(c) Effective date. In the agreement or modification, the State shall provide that the computation of contributions shall apply to wages paid after the effective date stated in the agreement or modification. That date may be the last day of any calendar year; however, it may be no earlier than January 1 of the year in which the agreement or modification is submitted to SSA.

§ 404.1262 Manner of payment of contributions by State— for wages paid prior to 1987.

When paying its contributions, the State shall deposit its payment at the specific Federal Reserve bank or branch designated by SSA.

§ 404.1263 When fractional part of a cent may be disregarded— for wages paid prior to 1987.

In paying contributions to a Federal Reserve bank or branch, a State may disregard a fractional part of a cent unless it amounts to one-half cent or more, in which case it shall be increased to one cent. Fractional parts of a cent shall be used in computing the total of contributions.

IF A STATE FAILS TO MAKE TIMELY PAYMENTS— FOR WAGES PAID PRIOR TO 1987

§ 404.1265 Addition of interest to contributions— for wages paid prior to 1987.

(a) Contributions not paid timely. If a State fails to pay its contributions to the appropriate Federal Reserve bank or branch (see § 404.1262), when due under § 404.1249(a), we add interest on the unpaid amount of the contributions beginning with the date the payment was due, except as described in paragraphs (b) and (c) of this section. Interest, if charged, begins with the due date even if it is a weekend, legal holiday or Federal nonwork day. Interest is added at the rate prescribed in section 218(j) of the Act as it read prior to the enactment of Pub. L. 99–509.

(b) Method of making adjustment. (1) If a State shall file a contribution return and shall accompany such return with payment of contributions due and payable as reported on such return in accordance with § 404.1249 but the amount of the contributions reported and paid is less than the correct amount of contributions due and payable and the underpayment of contributions is attributable to an error in computing the contributions (other than an error in applying the rate of contributions in effect at the time the wages were paid), the State shall adjust the underpayment by reporting the additional...
