

a taxable year beginning after 1950 and before 1978 at least equal to the self-employment income and wage limitation in effect for that year as described in § 404.1068(b), we credit you with a QC for each calendar quarter wholly or partly in that taxable year.

**§ 404.142 How we credit self-employment income to calendar quarters for taxable years beginning before 1978.**

In crediting quarters of coverage under § 404.141(b)(2), we credit any self-employment income you derived during a taxable year that began before 1978 to calendar quarters as follows:

(a) If your taxable year was a calendar year, we credit your self-employment income equally to each quarter of that calendar year.

(b) If your taxable year was not a calendar year (that is, it began on a date other than January 1, or was less than a calendar year), we credit your self-employment income equally—

(1) To the calendar quarter in which your taxable year ended; and

(2) To each of the next three or fewer preceding quarters that were wholly or partly in your taxable year.

**§ 404.143 How we credit quarters of coverage for calendar years after 1977.**

(a) *Crediting quarters of coverage (QCs).* For calendar years after 1977, we credit you with a QC for each part of the total wages paid and self-employment income credited (under § 404.144) to you in a calendar year that equals the amount required for a QC in that year. For example, if the total of your wages and self-employment income for a calendar year is more than twice, but less than 3 times, the amount required for a QC in that year, we credit you with only 2 QCs for the year. The rules for crediting QCs in this section are subject to the limitations in § 404.146, which tells when a calendar quarter cannot be a QC. In addition, we cannot credit you with more than four QCs for any calendar year. The amount of wages and self-employment income that you must have for each QC is—

(1) \$250 for calendar year 1978; and

(2) For each calendar year after 1978, an amount determined by the Commissioner for that year (on the basis of a formula in section 213(d)(2) of the Act which reflects national increases in average wages). The amount determined by the Commissioner is published in the FEDERAL REGISTER on or before November 1 of the preceding year and included in the appendix to this subpart.

(b) *Assigning QCs.* We assign a QC credited under paragraph (a) of this section to a specific calendar quarter in the calendar year only if the assignment is necessary to—

(1) Give you fully or currently insured status;

(2) Entitle you to a computation or recomputation of your primary insurance amount; or

(3) Permit you to establish a period of disability.

**§ 404.144 How we credit self-employment income to calendar years for taxable years beginning after 1977.**

In crediting quarters of coverage under § 404.143(a), we credit self-employment income you derived during a taxable year that begins after 1977 to calendar years as follows:

(a) If your taxable year is a calendar year or begins and ends within the same calendar year, we credit your self-employment income to that calendar year.

(b) If your taxable year begins in one calendar year and ends in the following calendar year, we allocate proportionately your self-employment income to the two calendar years on the basis of the number of months in each calendar year which are included completely within your taxable year. We consider the calendar month in which your taxable year ends as included completely within your taxable year.

*Example:* For the taxable year beginning May 15, 1978, and ending May 14, 1979, your self-employment income is \$1200. We credit 7/12 (\$700) of your self-employment income to calendar year 1978 and 5/12 (\$500) of your self-employment income to calendar year 1979.
