## § 435.27

revisions whenever paragraph (h)(1), (2) or (3) of this section apply.

(1) The revision results from changes in the scope or the objective of the project or program.

(2) The need arises for additional Federal funds to complete the project.

(3) A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in § 435.27.

(i) No other prior approval requirements for specific items will be imposed unless a deviation has been approved by OMB.

(j) When SSA makes an award that provides support for both construction and nonconstruction work, SSA may require the recipient to request prior approval before making any fund or budget transfers between the two types of work supported.

(k) For both construction and non-construction awards, recipients must notify SSA in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than \$5000 or five percent of the Federal award, whichever is greater. This notification is not required if an application for additional funding is submitted for a continuation award.

(l) When requesting approval for budget revisions, recipients must use the budget forms that were used in the application unless SSA indicates a letter of request suffices.

(m) Within 30 calendar days from the date of receipt of the request for budget revisions, SSA will review the request and notify the recipient whether the budget revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, SSA will inform the recipient in writing of the date when the recipient may expect the decision.

(c) For-profit hospitals not covered by the audit provisions of revised OMB Circular A-133 are subject to the audit requirements of SSA.

(d) Commercial organizations are subject to the audit requirements of SSA or the prime recipient as incorporated into the award document.
