

§ 653.105

order has been placed with the local office which clearly specifies all the terms and conditions of employment with the farm labor contractor shown as employer of record. Before a local office may refer workers to a farm labor contractor offering employment in another area of the State or in another State, one of two requirements must be met: Either a valid interstate clearance order from another State agency is on file in the office, or an intrastate order has been received from an office in another area of the State which is not within commuting distance of the office where the farm labor contractor is recruiting workers. Unless one of these conditions exists, the local office may only refer workers to a registered farm labor contractor who is an employer placing a local job order. Whenever the job order includes the provision of transportation, a FLC certificate authorizing transportation must be shown before workers are referred on the order.

§ 653.105 Job applications at day-haul facilities.

If the State agency is operating a day-haul facility under the exceptional circumstances provisions described in § 653.106(a), a list of JS services shall be distributed and a full application shall be completed whenever an MSFW requests the opportunity to file a full application unless this is impractical at that time. In such cases, a full application shall be taken at the earliest practical time. In all other cases, a list of JS services shall be distributed.

§ 653.106 JS day-haul responsibilities.

(a) State agencies shall not establish, operate, or supervise any agricultural day-haul facilities unless exceptional circumstances warrant such action and prior approval of the Regional Administrator is obtained.

Such checklists, where necessary, shall be in English and Spanish. State agencies shall use a standard checklist format

Upon receipt of planning instructions and resource guidance from ETA, each State agency shall develop an annual outreach plan, setting forth numerical goals, policies and objectives. This plan shall be subject to the approval of the Regional Administrator as part of the program budget plan (PBP) process. Wherever feasible, State agencies shall coordinate their outreach efforts with those of public and private community service agencies and MSFW groups.

(b) In determining the extent of their outreach program, States shall be guided by the following statement of ETA policy:

(1) State agencies should make sufficient penetration in the farmworker community so that a large number of MSFWs are aware of the full range of JS services.
