

**§ 655.1301**

**20 CFR Ch. V (4–1–10 Edition)**

*spirits of turpentine* means spirits of turpentine made from gum (oleoresin) from a living tree and *gum rosin* means rosin remaining after the distillation of gum spirits of turpentine. See 12 U.S.C. 1141j(g), sec. 15(g) of the Agricultural Marketing Act, as amended, and 7 U.S.C. 92.

(3) *Of a temporary or seasonal nature—*

(i) *On a seasonal or other temporary basis.* For the purposes of this subpart, of a temporary or seasonal nature means on a seasonal or other temporary basis, as defined in the WHD's regulation at 29 CFR 500.20 under the Migrant and Seasonal Agricultural Worker Protection Act (MSPA).

(ii) *MSPA definition.* The definition of *on a seasonal or other temporary basis* found in MSPA is summarized as follows:

(A) Labor is performed on a seasonal basis where, ordinarily, the employment pertains to or is of the kind exclusively performed at certain seasons or periods of the year and which, from its nature, may not be continuous or carried on throughout the year. A worker who moves from one seasonal activity to another, while employed in agriculture or performing agricultural labor, is employed on a seasonal basis even though the worker may continue to be employed during a major portion of the year.

(B) A worker is employed on other temporary basis where he or she is employed for a limited time only or the worker's performance is contemplated for a particular piece of work, usually of short duration. Generally, employment which is contemplated to continue indefinitely is not temporary.

(C) On a seasonal or other temporary basis does not include (i) the employment of any foreman or other supervisory employee who is employed by a specific agricultural employer or agricultural association essentially on a year round basis; or (ii) the employment of any worker who is living at his or her permanent place of residence, when that worker is employed by a specific agricultural employer or agricultural association on essentially a year round basis to perform a variety of tasks for his or her employer and is not primarily employed to do field work.

(iii) *Temporary.* For the purposes of this subpart, the definition of "temporary" in paragraph (d)(3) of this section refers to any job opportunity covered by this subpart where the employer needs a worker for a position for a limited period of time, including, but not limited to, a peakload need, which is generally less than 1 year, unless the original temporary agricultural labor certification is extended pursuant to § 655.110.

**§ 655.1301 Applications for temporary employment certification in agriculture.**

(a) *Application filing requirements.* (1) An employer that desires to apply for temporary employment certification of one or more nonimmigrant foreign workers must file a completed DOL *Application for Temporary Employment Certification* form and, unless a specific exemption applies, the initial recruitment report. If an association of agricultural producers files the application, the association must identify whether it is the sole employer, a joint employer with its employer-member employers, or the agent of its employer-members. The association must retain documentation substantiating the employer or agency status of the association and be prepared to submit such documentation to the CO in the event of an audit.

(2) If an H-2ALC intends to file an application, the H-2ALC must meet all of the requirements of the definition of employer in § 655.100(b), and comply with all the assurances, guarantees, and other requirements contained in this part and in part 653, subpart F, of this chapter. The H-2ALC must have a place of business (physical location) in the U.S. and a means by which it may be contacted for employment. H-2A workers employed by an H-2ALC may not perform services for a fixed-site employer unless the H-2ALC is itself providing the housing and transportation required by § 655.104(d) and (h), or has filed a statement confirming that the fixed-site employer will provide compliant housing and/or transportation, as required by § 655.106, with the OFLC, for each fixed-site employer

listed on the application. The H-2ALC must retain a copy of the statement of compliance required by § 655.106(b)(6).

(3) An association of agricultural producers may submit a master application covering a variety of job opportunities available with a number of employers in multiple areas of intended employment, just as though all of the covered employers were in fact a single employer, as long as a single date of need is provided for all workers requested by the application and the combination of job opportunities is supported by an explanation demonstrating a business reason for the combination. The association must identify on the *Application for Temporary Employment Certification*, by name and address, each employer that will employ H-2A workers. If the association is acting solely as an agent, each employer will receive a separate labor certification.

(b) *Filing.* The employer may send the *Application for Temporary Employment Certification* and all supporting documentation by U.S. Mail or private mail courier to the NPC. The Department will publish a Notice in the FEDERAL REGISTER identifying the address(es), and any future address changes, to which applications must be mailed, and will also post these addresses on the DOL Internet Web site at <http://www.foreignlaborcert.doleta.gov/>. The form must bear the original signature of the employer (and that of the employer's authorized attorney or agent if the employer is represented by an attorney or agent). An association filing a master application as a joint employer may sign on behalf of its employer members. The Department may also require applications to be filed electronically in addition to or instead of by mail.

(c) *Timeliness.* A completed *Application for Temporary Employment Certification* must be filed no less than 45 calendar days before date of need.

(d) *Emergency situations*—(1) *Waiver of time period and required pre-filing activity.* The CO may waive the time period for filing and pre-filing wage and recruitment requirements set forth in § 655.102, along with their associated attestations, for employers who did not make use of temporary alien agricul-

tural workers during the prior year's agricultural season or for any employer that has other good and substantial cause (which may include unforeseen changes in market conditions), provided that the CO can timely make the determinations required by § 655.109(b).

(2) *Employer requirements.* The employer requesting a waiver of the required time period and pre-filing wage and recruitment requirements must submit to the NPC a completed *Application for Temporary Employment Certification*, a completed job offer on the ETA Form 790 *Agricultural and Food Processing Clearance Order*, and a statement justifying the request for a waiver of the time period requirement. The statement must indicate whether the waiver request is due to the fact that the employer did not use H-2A workers during the prior agricultural season or whether the request is for other good and substantial cause. If the waiver is requested for good and substantial cause, the employer's statement must also include detailed information describing the good and substantial cause which has necessitated the waiver request. Good and substantial cause may include, but is not limited to, such things as the substantial loss of U.S. workers due to weather-related activities or other reasons, unforeseen events affecting the work activities to be performed, pandemic health issues, or similar conditions.

(3) *Processing of applications.* The CO shall promptly transmit the job order, on behalf of the employer, to the SWA serving the area of intended employment and request an expedited review of the job order in accordance with § 655.102(e) and an inspection of housing in accordance with § 655.104(d)(6)(iii). The CO shall process the application and job order in accordance with § 655.107, issue a wage determination in accordance with § 655.108 and, upon acceptance, require the employer to engage in positive recruitment consistent with § 655.102(d)(2), (3), and (4). The CO shall require the SWA to transmit the job order for interstate clearance consistent with § 655.102(f). The CO shall specify a date on which the employer will be required to submit a recruitment report in accordance with

**§ 655.1302**

**20 CFR Ch. V (4-1-10 Edition)**

§ 655.102(k). The CO will make a determination on the application in accordance with § 655.109.

**§ 655.1302 Required pre-filing activity.**

(a) *Time of filing of application.* An employer may not file an *Application for Temporary Employment Certification* before all of the pre-filing recruitment steps set forth in this section have been fully satisfied, except where specifically exempted from some or all of those requirements by these regulations. Modifications to these requirements for H-2ALCs are set forth in § 655.106.

(b) *General attestation obligation.* An employer must attest on the *Application for Temporary Employment Certification* that it will comply with all of the assurances and obligations of this subpart and to performing all necessary steps of the recruitment process as specified in this section.

(c) *Retention of documentation.* An employer filing an *Application for Temporary Employment Certification* must maintain documentation of its advertising and recruitment efforts as required in this subpart and be prepared to submit this documentation in response to a Notice of Deficiency from the CO prior to the CO rendering a Final Determination, or in the event of an audit. The documentation required in this subpart must be retained for a period of no less than 3 years from the date of the certification. There is no record retention requirement for any application (and supporting documentation) after the Secretary has made a final decision to deny the application.

(d) *Positive recruitment steps.* An employer filing an application must:

(1) Submit a job order to the SWA serving the area of intended employment;

(2) Run two print advertisements (one of which must be on a Sunday, except as provided in paragraph (g) of this section);

(3) Contact former U.S. employees who were employed within the last year as described in paragraph (h) of this section; and

(4) Based on an annual determination made by the Secretary, as described in paragraph (i) of this section, recruit in

all States currently designated as a State of traditional or expected labor supply with respect to each area of intended employment in which the employer's work is to be performed as required in paragraph (i)(2) of this section.

(e) *Job order.* (1) The employer must submit a job order to the SWA serving the area of intended employment no more than 75 calendar days and no fewer than 60 calendar days before the date of need for intrastate and interstate clearance, identifying it as a job order to be placed in connection with a future application for H-2A workers. If the job opportunity is located in more than one State, the employer may submit a job order to any one of the SWAs having jurisdiction over the anticipated worksites. Where a future master application will be filed by an association of agricultural employers, the SWA will prepare a single job order in the name of the association on behalf of all employers that will be duly named on the *Application for Temporary Employment Certification*. Documentation of this step by the applicant is satisfied by maintaining proof of posting from the SWA identifying the job order number(s) with the start and end dates of the posting of the job order.

(2) The job order submitted to the SWA must satisfy all the requirements for newspaper advertisements contained in § 655.103 and comply with the requirements for agricultural clearance orders in 20 CFR part 653 Subpart F and the requirements set forth in § 655.104.

(3) The SWA will review the contents of the job order as provided in 20 CFR part 653 Subpart F and will work with the employer to address any deficiencies, except that the order may be placed prior to completion of the housing inspection required by 20 CFR 653.501(d)(6) where necessary to meet the timeframes required by statute and regulation. However, the SWA must ensure that housing within its jurisdiction is inspected as expeditiously as possible thereafter. Any issue with regard to whether a job order may properly be placed in the job service system that cannot be resolved with the applicable SWA may be brought to the attention of the NPC, which may direct
