§ 655.142  Submission of modified applications.

(a) Submission requirements and certification delays. If the employer chooses to submit a modified Application for Temporary Employment Certification, the CO’s Final Determination will be postponed by 1 calendar day for each day that passes beyond the 5 business-day period allowed under § 655.141(b) to submit a modified Application for Temporary Employment Certification, up to maximum of 5 days. The Application for Temporary Employment Certification will be deemed abandoned if the employer does not submit a modified Application for Temporary Employment Certification within 12 calendar days after the notice of deficiency was issued.

(b) Provisions for denial of modified Application for Temporary Employment Certification. If the modified Application for Temporary Employment Certification is not approved, the CO will deny the Application for Temporary Employment Certification in accordance with the labor certification determination provisions in § 655.164.

(c) Appeal from denial of modified Application for Temporary Employment Certification. The procedures for appealing a denial of a modified Application for Temporary Employment Certification are the same as for a non-modified Application for Temporary Employment Certification as long as the employer timely requests an expedited administrative review or de novo hearing before an ALJ by following the procedures set forth in § 655.171.

§ 655.143  Notice of acceptance.

(a) Notification timeline. When the CO determines the Application for Temporary Employment Certification and job order are complete and meet the requirements set forth in this subpart, the CO will notify the employer within 7 calendar days of the CO’s receipt of the Application for Temporary Employment Certification. A copy will be sent to the SWA serving the area of intended employment.

(b) Notice content. The notice must:

(1) Authorize conditional access to the interstate clearance system and direct the SWA to circulate a copy of the job order to other such States the CO determines to be potential sources of U.S. workers;

(2) Direct the employer to engage in positive recruitment of U.S. workers in a manner consistent with § 655.154 and to submit a report of its positive recruitment efforts as specified in § 655.156;

(3) State that positive recruitment is in addition to and will occur during the period of time that the job order is being circulated by the SWA(s) for interstate clearance under § 655.150 of this subpart and will terminate on the actual date on which the H–2A workers depart for the place of work, or 3 calendar days prior to the first date the employer requires the services of the H–2A workers, whichever occurs first; and

(4) State that the CO will make a determination either to grant or deny the Application for Temporary Employment Certification no later than 30 calendar days before the date of need, except as provided for under § 655.144 for modified Applications for Temporary Employment Certification.

§ 655.144  Electronic job registry.

(a) Location of and placement in the electronic job registry. Upon acceptance of the Application for Temporary Employment Certification under § 655.143, the CO will promptly place for public examination a copy of the job order on an electronic job registry maintained by the Department, including any required modifications approved by the CO, as specified in § 655.142. This procedure will be implemented once the Department initiates operation of the registry.

(b) Length of posting on electronic job registry. Unless otherwise provided, the Department will keep the job order posted on the Electronic Job Registry until the end of 50 percent of the contract period as set forth in § 655.135(d).

§ 655.145  Amendments to applications for temporary employment certification.

(a) Increases in number of workers. The Application for Temporary Employment
Certification may be amended at any time before the CO's certification determination to increase the number of workers requested in the initial Application for Temporary Employment Certification by not more than 20 percent (50 percent for employers requesting less than 10 workers) without requiring an additional recruitment period for U.S. workers. Requests for increases above the percent prescribed, without additional recruitment, may be approved by the CO only when the employer demonstrates that the need for additional workers could not have been foreseen, and the crops or commodities will be in jeopardy prior to the expiration of an additional recruitment period. All requests for increasing the number of workers must be made in writing.

(b) Minor changes to the period of employment. The Application for Temporary Employment Certification may be amended to make minor changes in the total period of employment. Changes will not be effective until submitted in writing and approved by the CO. In considering whether to approve the request, the CO will review the reason(s) for the request, determine whether the reason(s) are on the whole justified, and take into account the effect any change(s) would have on the adequacy of the underlying test of the domestic labor market for the job opportunity. An employer must demonstrate that the change to the period of employment could not have been foreseen, and the crops or commodities will be in jeopardy prior to the expiration of an additional recruitment period. If the request is for a delay in the start date and is made after workers have departed for the employer’s place of work, the CO may only approve the change if the employer includes with the request a written assurance signed and dated by the employer that all workers who are already traveling to the job site will be provided housing and subsistence, without cost to the workers, until work commences. Upon acceptance of an amendment, the CO will submit to the SWA any necessary modification to the job order.

§ 655.150 Interstate clearance of job order.

(a) SWA posts in interstate clearance system. The SWA must promptly place the job order in interstate clearance to all States designated by the CO. At a minimum, the CO will instruct the SWA to transmit a copy of its active job order to all States listed in the job order as anticipated worksites covering the area of intended employment.

(b) Duration of posting. Each of the SWAs to which the job order was transmitted must keep the job order on its active file until 50 percent of the contract term has elapsed, and must refer each qualified U.S. worker who applies (or on whose behalf an application is made) for the job opportunity.

§ 655.151 Newspaper advertisements.

(a) The employer must place an advertisement (in a language other than English, where the CO determines appropriate) on 2 separate days, which may be consecutive, one of which must be a Sunday (except as provided in paragraph (b) of this section), in a newspaper of general circulation serving the area of intended employment and is appropriate to the occupation and the workers likely to apply for the job opportunity. Newspaper advertisements must satisfy the requirements set forth in §655.152.

(b) If the job opportunity is located in a rural area that does not have a newspaper with a Sunday edition, the CO may direct the employer, in place of a Sunday edition, to advertise in the regularly published daily edition with the widest circulation in the area of intended employment.

§ 655.152 Advertising requirements.

All advertising conducted to satisfy the required recruitment activities under §655.151 must meet the requirements set forth in this section and must contain terms and conditions of employment which are not less favorable than those offered to the H-2A workers. All advertising must contain the following information:

(a) The employer’s name, or in the event that a master application will be
