

as permitted under WIA sections 128(b)(3)(B) and 133(b)(3)(B);

(f) Development and continuous improvement of comprehensive State performance measures, including State adjusted levels of performance, to assess the effectiveness of the workforce investment activities in the State, as required under WIA section 136(b);

(g) Preparation of the annual report to the Secretary described in WIA section 136(d);

(h) Development of the Statewide employment statistics system described in section 15(e) of the Wagner-Peyser Act; and

(i) Development of an application for an incentive grant under WIA section 503. (WIA sec. 111(d).)

§ 661.207 How does the State Board meet its requirement to conduct business in an open manner under the “sunshine provision” of WIA section 111(g)?

The State Board must conduct its business in an open manner as required by WIA section 111(g), by making available to the public, on a regular basis through open meetings, information about the activities of the State Board. This includes information about the State Plan prior to submission of the plan; information about membership; the development of significant policies, interpretations, guidelines and definitions; and, on request, minutes of formal meetings of the State Board.

§ 661.210 Under what circumstances may the Governor select an alternative entity in place of the State Workforce Investment Board?

(a) The State may use any State entity that meets the requirements of WIA section 111(e) to perform the functions of the State Board.

(b) If the State uses an alternative entity, the State workforce investment plan must demonstrate that the alternative entity meets all three of the requirements of WIA section 111(e). Section 111(e) requires that such entity:

(1) Was in existence on December 31, 1997;

(2)(i) Was established under section 122 (relating to State Job Training Coordinating Councils) or title VII (relating to State Human Resource Investment Councils) of the Job Training

Partnership Act (29 U.S.C.1501 *et seq.*), as in effect on December 31, 1997, or

(ii) Is substantially similar to the State Board described in WIA section 111(a), (b), and (c) and § 661.200; and

(3) Includes, at a minimum, two or more representatives of business in the State and two or more representatives of labor organizations in the State.

(c) If the alternative entity does not provide for representative membership of each of the categories of required State Board membership under WIA section 111(b), the State Plan must explain the manner in which the State will ensure an ongoing role for any unrepresented membership group in the workforce investment system. The State Board may maintain an ongoing role for an unrepresented membership group, including entities carrying out One-stop partner programs, by means such as regularly scheduled consultations with entities within the unrepresented membership groups, by providing an opportunity for input into the State Plan or other policy development by unrepresented membership groups, or by establishing an advisory committee of unrepresented membership groups.

(d) If the membership structure of the alternative entity is significantly changed after December 31, 1997, the entity will no longer be eligible to perform the functions of the State Board. In such case, the Governor must establish a new State Board which meets all of the criteria of WIA section 111(b).

(e) A significant change in the membership structure includes any significant change in the organization of the alternative entity or in the categories of entities represented on the alternative entity which requires a change to the alternative entity’s charter or a similar document that defines the formal organization of the alternative entity, regardless of whether the required change to the document has or has not been made. A significant change in the membership structure is considered to have occurred when members are added to represent groups not previously represented on the entity. A significant change in the membership structure is not considered to have occurred when additional members are added to an existing membership category, when non-

§ 661.220

voting members are added, or when a member is added to fill a vacancy created in an existing membership category.

(f) In 20 CFR parts 660 through 671, all references to the State Board also apply to an alternative entity used by a State.

§ 661.220 What are the requirements for the submission of the State Workforce Investment Plan?

(a) The Governor of each State must submit a State Workforce Investment Plan (State Plan) in order to be eligible to receive funding under title I of WIA and the Wagner-Peyser Act. The State Plan must outline the State's five year strategy for the workforce investment system.

(b) The State Plan must be submitted in accordance with planning guidelines issued by the Secretary of Labor. The planning guidelines set forth the information necessary to document the State's vision, goals, strategies, policies and measures for the workforce investment system (that were arrived at through the collaboration of the Governor, chief elected officials, business and other parties), as well as the information required to demonstrate compliance with WIA, and the information detailed by WIA and the WIA regulations, including 29 CFR part 37, and the Wagner-Peyser Act and the Wagner-Peyser regulations at 20 CFR part 652:

(c) The State Plan must contain a description of the State's performance accountability system, and the State performance measures in accordance with the requirements of WIA section 136 and 20 CFR part 666.

(d) The State must provide an opportunity for public comment on and input into the development of the State Plan prior to its submission. The opportunity for public comment must include an opportunity for comment by representatives of business, representatives of labor organizations, and chief elected official(s) and must be consistent with the requirement, at WIA section 111(g), that the State Board makes information regarding the State Plan and other State Board activities available to the public through regular open meetings. The State Plan must describe the State's process and

20 CFR Ch. V (4-1-10 Edition)

timeline for ensuring a meaningful opportunity for public comment.

(e) The Secretary reviews completed plans and must approve all plans within ninety days of their submission, unless the Secretary determines in writing that:

(1) The plan is inconsistent with the provisions of title I of WIA or the WIA regulations, including 29 CFR part 37. For example, a finding of inconsistency would be made if the Secretary and the Governor have not reached agreement on the adjusted levels of performance under WIA section 136(b)(3)(A), or there is not an effective strategy in place to ensure development of a fully operational One-Stop delivery system in the State; or

(2) The portion of the plan describing the detailed Wagner-Peyser plan does not satisfy the criteria for approval of such plans as provided in section 8(d) of the Wagner-Peyser Act or the Wagner-Peyser regulations at 20 CFR part 652.

(3) A plan which is incomplete, or which does not contain sufficient information to determine whether it is consistent with the statutory or regulatory requirements of title I of WIA or of section 8(d) of the Wagner-Peyser Act, will be considered to be inconsistent with those requirements.

§ 661.230 What are the requirements for modification of the State Workforce Investment Plan?

(a) The State may submit a modification of its workforce investment plan at any time during the five-year life of the plan.

(b) Modifications are required when:

(1) Changes in Federal or State law or policy substantially change the assumptions upon which the plan is based.

(2) There are changes in the State-wide vision, strategies, policies, performance indicators, the methodology used to determine local allocation of funds, reorganizations which change the working relationship with system employees, changes in organizational responsibilities, changes to the membership structure of the State Board or alternative entity and similar substantial changes to the State's workforce investment system.
