### § 665.320 May other activities be undertaken as part of rapid response?

Yes, a State or designated entity may provide rapid response activities in addition to the activities required to be provided under § 665.310. In order to provide effective rapid response upon notification of a permanent closure or mass layoff, or a natural or other disaster resulting in a mass job dislocation, the State or designated entity may:

(a) In conjunction, with other appropriate Federal, State and Local agencies and officials, employer associations, technical councils or other industry business councils, and labor organizations:

(1) Develop prospective strategies for addressing dislocation events, that ensure rapid access to the broad range of allowable assistance;

(2) Identify strategies for the aversion of layoffs; and

(3) Develop and maintain mechanisms for the regular exchange of information relating to potential dislocations, available adjustment assistance, and the effectiveness of rapid response strategies.

(b) In collaboration with the appropriate State agency(ies), collect and analyze information related to economic dislocations, including potential closings and layoffs, and all available resources in the State for dislocated workers in order to provide an adequate basis for effective program management, review and evaluation of rapid response and layoff aversion efforts in the State.

(c) Participate in capacity building activities, including providing information about innovative and successful strategies for serving dislocated workers, with local areas serving smaller layoffs.

(d) Assist in devising and overseeing strategies for:

(1) Layoff aversion, such as prefeasibility studies of avoiding a plant closure through an option for a company or group, including the workers, to purchase the plant or company and continue it in operation;

(2) Incumbent worker training, including employer loan programs for employee skill upgrading; and

(3) Linkages with economic development activities at the Federal, State and local levels, including Federal Department of Commerce programs and available State and local business retention and recruitment activities.

**§ 665.330 Are the NAFTA-TAA program requirements for rapid response also required activities?**

The Governor must ensure that rapid response activities under WIA are made available to workers who, under the NAFTA Implementation Act (Public Law 103-182), are members of a group of workers (including those in any agricultural firm or subdivision of an agricultural firm) for which the Governor has made a preliminary finding that:

(a) A significant number or proportion of the workers in such firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated; and

(b) Either:

(1) The sales or production, or both, of such firm or subdivision have decreased absolutely; and

(2) Imports from Mexico or Canada of articles like or directly competitive with those produced by such firm or subdivision have increased; or

(c) There has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles which are produced by the firm or subdivision.

**§ 665.340 What is meant by "provision of additional assistance" in WIA section 134(a)(2)(A)(ii)?**

Up to 25 percent of dislocated worker funds may be reserved for rapid response activities. Once the State has reserved adequate funds for rapid response activities, such as those described in §§ 665.310 and 665.320, the remainder of the funds may be used by the State to provide funds to local areas, that experience increased numbers of unemployed individuals due to natural disasters, plant closings, mass layoffs or other events, for provision of direct services to participants (such as intensive, training, and other services) if there are not adequate local funds available to assist the dislocated workers.
