§ 213.28 Execution of releases.

Upon receipt of full payment of a claim or the amount compromised, USAID will prepare and execute a release on behalf of the United States. In the event a mutual release is not executed when a debt is compromised, unless prohibited by law, the debtor is still deemed to have waived any and all claims and causes of action against USAID and its officials related to the transaction giving rise to the compromised debt.

Subpart E—Suspension or Termination of Collection Action

§ 213.29 Suspension—general.

The CFO may suspend or terminate the Agency’s collection actions on a debt where the outstanding debt principal does not exceed $100,000. Unless otherwise provided by DOJ delegations or procedures, the CFO refers requests for suspension of debts exceeding $100,000 to the Commercial Litigation Branch, Civil Division, Department of Justice, for approval. If prior to referral to DOJ, USAID determines that a debt is plainly erroneous or clearly without legal merit, the agency may terminate collection activity regardless of the amount involved without obtaining DOJ concurrence. The CFO may waive the assessment of interest, penalty charges and administrative costs during the period of the suspension. Suspension will be for an established time period and generally will be reviewed at least every six months to ensure the continued propriety of the suspension.

§ 213.30 Standards for suspension.

(a) The CFO may suspend collection action on a debt when:

(1) The debtor cannot be located;
(2) The debtor’s financial condition is expected to improve; or
(3) The debtor has requested a waiver or review of the debt.

(b) Based on the current financial condition of the debtor, the CFO may suspend collection activity on a debt when the debtor’s future prospects justify retention of the claim for periodic review, and:

(1) The applicable statute of limitations has not expired; or
(2) Future collection can be effected by offset, notwithstanding the 10-year statute of limitations for administrative offsets; or
(3) The debtor agrees to pay interest on the debt and suspension is likely to enhance the debtor’s ability to fully pay the principal amount of the debt with interest at a later date.

(c) The CFO will suspend collection activity during the time required for waiver consideration or administrative review prior to agency collection of a debt if the statute under which the request is sought prohibits USAID from collecting the debt during that time. The CFO will ordinarily suspend collection action during the pendency of his consideration of a waiver request or administrative review where statute and regulation preclude refund of amounts collected by the Agency should the debtor prevail.

(d) The CFO may suspend collection activities on debts of $100,000 or less during the pendency of a permissive waiver or administrative review when there is no statutory requirement where he determines that:

(1) There is a reasonable possibility that waiver will be granted and the debtor may be found not owing the debt (in whole or in part);
(2) The Government’s interest is protected, if suspension is granted, by the reasonable assurance that the debt can be recovered if the debtor does not prevail; or
(3) Collection of the debt will cause undue hardship to the debtor.

(e) The CFO will decline to suspend collection where he determines that the request for waiver or administrative review is frivolous or was made primarily to delay collection.

§ 213.31 Termination—general.

The CFO may terminate collection actions including accrued interest, penalty and administrative costs, where the debt principal does not exceed $100,000. If the debt exceeds $100,000, USAID obtains the approval of DOJ in order to terminate further collection actions. Unless otherwise provided for
