

## Department of State

## § 71.10

### § 71.6 Services for distressed Americans.

Officers of the Foreign Service shall extend every possible aid and assistance within their power to distressed American citizens within their districts, but they shall not expend the funds nor pledge the credit of the Government of the United States for this purpose, except in the case of American seamen, or except as authorized by the Department of State.

### § 71.7 Reports on catastrophes abroad.

Whenever a great catastrophe occurs abroad, either on land or on sea, the officer within whose district the catastrophe takes place or into whose district the survivors are brought shall report immediately by telegraph the names of any American citizens who have been killed or injured and the names of American citizens known to be safe.

### § 71.8 Assistance to American Red Cross.

Officers and employees of the Foreign Service may cooperate fully with the American Red Cross within their respective districts and subject to the limitations prescribed in § 102.806 (22 CFR, 1947 Supp.). They shall, however, avoid taking an active part in the solicitation of memberships or the collection of funds.

### § 71.9 Presentation of Americans at foreign courts.

The chief of the mission concerned may exercise his discretion in the matter of procuring the presentation of American citizens at the court of the country to which he is accredited.

## Subpart B—Emergency Medical/Dietary Assistance for U.S. Nationals Incarcerated Abroad

SOURCE: 42 FR 60141, Nov. 25, 1977, unless otherwise noted.

### § 71.10 Emergency medical assistance.

(a) *Eligibility criteria.* A U.S. national incarcerated abroad is considered eligible to receive funded medical treatment under the following general criteria:

(1) Adequate treatment cannot or will not be provided by prison authorities or the host government;

(2) All reasonable attempts to obtain private resources (prisoner's family, friends, etc.) have failed, or such resources do not exist;

(3) There are medical indications that the emergency medical assistance is necessary to prevent, or attempt to prevent, the death of the prisoners, or failure to provide the serviced will cause permanent disablement.

(b) *Services covered.* Funds, once approved, may be expended for:

(1) Medical examination, when required;

(2) Emergency treatment;

(3) Non-elective surgery;

(4) Medications and related medical supplies and equipment required on a routine basis to sustain life;

(5) Preventive or protective medications and medical supplies and equipment (vaccinations, inoculations, etc.) required to combat epidemic conditions (general or intramural);

(6) Childbirth attendance, including necessary medical care of newborn children; and

(7) Within the consular district, transportation for the U.S. national and attendant(s) designated by incarcerating officials between the place of incarceration and the place(s) of treatment.

(c) *Consular responsibility.* As soon as the consular officer is aware that a U.S. national prisoner in the consular district faces a medical crisis, the officer should take the following actions, setting forth the order or priority based on an evaluation of the facts received:

(1) Make every effort to contact the ill or injured prisoner as soon as possible;

(2) Take steps to obtain a professional medical diagnosis and prognosis of the ill or injured prisoner;

(3) Determine as accurately as possible the estimated costs of recommended treatment or surgery;

(4) Obtain the names and addresses of family or friends who might serve as a source of private funds for medical services, and attempt to obtain the necessary funds;

## § 71.11

## 22 CFR Ch. I (4-1-10 Edition)

(5) Request the prisoner to execute a promissory note, since funds expended by the Department to cover medical services normally are on a reimbursable basis; and

(6) Submit the above information, along with recommendations and evaluations, to the Department for approval and authorization.

(d) *Emergency expenditure authorization.* When a medical emergency prohibits the delay inherent in contacting the Department and receiving authority to expend funds, the consular officer can expend up to an amount to be established by the Department without prior Departmental approval if:

(1) Symptoms determine eligibility for emergency medical treatment; or

(2) An immediate medical examination is warranted in order to verify the alleged abuse of a U.S. national prisoner by arresting or confining authorities; or

(3) Immediate emergency medical treatment or surgery is necessary to prevent death or permanent disablement, and there is insufficient time to explore private funds or obtain Department approval; and

(4) A promissory note already has been executed by the prisoner, or if the circumstances warrant, by the consular officer without recourse.

### § 71.11 Short-term full diet program.

(a) *Eligibility criteria.* A prisoner is considered eligible for the short-term full diet program under the following general criteria:

(1) The prisoner is to be or has been held in excess of one day in a holding jail or other facility;

(2) Incarcerating officials do not provide the prisoner food, and food is not available from any other sources, including private funding from family or friends; and

(3) If the funds exceed an amount to be established by the Department, the prisoner signs a promissory note for funds expended, since the assistance is on a normally reimbursable basis.

(b) *Consular responsibility.* As soon as the consular officer is aware that a U.S. national is incarcerated in a facility wherein food is not routinely provided, the consular officer should:

(1) Contact the prisoner in accordance with existing procedures;

(2) Determine the normal cost of basic diet and best method of effecting payment;

(3) Attempt to secure funds from private sources such as family or friends;

(4) Because funds expended by the Department to cover the short-term full diet program normally are on a reimbursable basis, have the prisoner execute a promissory note; and

(5) Contact the Department, providing the above information, for approval and authorization.

(c) *Emergency expenditure authorization.* Since an immediate need for a short-term full diet program often prohibits the delay inherent in contacting the Department and receiving authority to expend funds, the consular officer can expend up to an amount to be established by the Department without prior Departmental approval if the prisoner's case meets the criteria established in paragraph (a) of this section. Expenditures above the predetermined limit must receive the prior approval of the Department.

### § 71.12 Dietary supplements.

(a) *Eligibility criteria.* A prisoner is considered eligible for the dietary supplement program under the following general criteria:

(1) An evaluation by a private physician, prison doctor, or other host country medical authority reveals that the prison diet does not meet the minimum requirements to sustain adequate health; or

(2) If the evaluation in paragraph (a)(1) of this section is not available, an evaluation by either a regional medical officer or Departmental medical officer reveals that the prison diet does not provide the minimum requirements to sustain adequate health.

(b) *Consular responsibility.* (1) When the consular officer is aware that the U.S. prisoner's diet does not provide the minimum requirements to sustain adequate health, the consular officer shall obtain the necessary dietary supplements and distribute them to the prisoner on a regular basis.

(2) As soon as the consular officer believes that dietary supplements are being misused, the consular officer
