

§ 50.2

HUD or when HUD determines to conduct an environmental review itself in place of a nonrecipient responsible entity. For programs, activities or actions not specifically identified or when there are questions regarding the applicability of this part, the Assistant Secretary for Community Planning and Development shall be consulted.

§ 50.2 Terms and abbreviations.

(a) The definitions for most of the key terms or phrases contained in this part appear in 40 CFR part 1508 and in the authorities cited in § 50.4.

The following definitions also apply to this part:

Environmental review means a process for complying with NEPA (through an EA or EIS) and/or with the laws and authorities cited in § 50.4.

HUD approving official means the HUD official authorized to make the approval decision for any proposed policy or project subject to this part.

Project means an activity, or a group of integrally-related activities, undertaken directly by HUD or proposed for HUD assistance or insurance.

(b) The following abbreviations are used throughout this part:

AS/CPD—Assistant Secretary for Community Planning and Development.

CEQ—Council on Environmental Quality

EA—Environmental Assessment

EIS—Environmental Impact Statement

FONSI—Finding of No Significant Impact

HUD—Department of Housing and Urban Development

NEPA—National Environmental Policy Act

NOI/EIS—Notice of Intent to Prepare an Environmental Impact Statement

§ 50.3 Environmental policy.

(a) It is the policy of the Department to reject proposals which have significant adverse environmental impacts and to encourage the modification of projects in order to enhance environmental quality and minimize environmental harm.

(b) The HUD approving official shall consider environmental and other De-

24 CFR Subtitle A (4–1–10 Edition)

partmental objectives in the decision-making process.

(c) When EA's or EIS's or reviews under § 50.4 reveal conditions or safeguards that should be implemented once a proposal is approved in order to protect and enhance environmental quality or minimize adverse environmental impacts, such conditions or safeguards must be included in agreements or other relevant documents.

(d) A systematic, interdisciplinary approach shall be used to assure the integrated use of the natural and social sciences and the environmental design arts in making decisions.

(e) Environmental impacts shall be evaluated on as comprehensive a scale as is practicable.

(f) HUD offices shall begin the environmental review process at the earliest possible time so that potential conflicts between program procedures and environmental requirements are identified at an early stage.

(g) Applicants for HUD assistance shall be advised of environmental requirements and consultation with governmental agencies and individuals shall take place at the earliest time feasible.

(h) For HUD grant programs in which the funding approval for an applicant's program must occur before the applicant's selection of properties, the application shall contain an *assurance* that the applicant agrees to assist HUD to comply with this part and that the applicant shall:

(1) Supply HUD with all available, relevant information necessary for HUD to perform for each property any environmental review required by this part;

(2) Carry out mitigating measures required by HUD or select alternate eligible property; and

(3) Not acquire, rehabilitate, convert, lease, repair or construct property, nor commit or expend HUD or local funds for these program activities with respect to any eligible property, until HUD approval of the property is received.

(i)(1) It is HUD policy that all property proposed for use in HUD programs be free of hazardous materials, contamination, toxic chemicals and gases, and radioactive substances, where

a hazard could affect the health and safety of occupants or conflict with the intended utilization of the property.

(2) HUD environmental review of multifamily and non-residential properties shall include evaluation of previous uses of the site and other evidence of contamination on or near the site, to assure that occupants of proposed sites are not adversely affected by the hazards listed in paragraph (i)(1) of this section.

(3) Particular attention should be given to any proposed site on or in the general proximity of such areas as dumps, landfills, industrial sites or other locations that contain hazardous wastes.

(4) HUD shall require the use of current techniques by qualified professionals to undertake investigations determined necessary.
