§ 55.26 Adoption of another agency’s review under the executive orders.

If a proposed action covered under this part is already covered in a prior review performed under the executive order by another agency, that review may be adopted by HUD or by a grant recipient authorized under 24 CFR part 58, provided that:

(a) There is no pending litigation relating to the other agency’s review for floodplain management;

(b) The adopting agency makes a finding that:

(1) The type of action currently proposed is comparable to the type of action previously reviewed by the other agency; and

(2) There has been no material change in circumstances since the previous review was conducted; and

(c) As a condition of approval, mitigation measures similar to those prescribed in the previous review shall be required of the current proposed action.

§ 55.27 Documentation.

(a) For purposes of compliance with § 55.20, the responsible HUD official who would approve the proposed action (or the Certifying Officer for a grant recipient subject to 24 CFR part 58) shall require that the following actions be documented:

(1) Under § 55.20(c), practicable alternative sites have been considered outside the floodplain, but within the local housing market area, the local public utility service area, or the jurisdictional boundaries of the recipient unit of general local government (as defined in 24 CFR 570.3), whichever geographic area is more appropriate to the proposed HUD action. Actual sites under review must be identified and the reasons for the non-selection of those sites as practicable alternatives must be described; and

(2) Under § 55.20(e), measures to minimize the potential adverse impacts of the proposed action on the affected floodplain as identified in § 55.20(d) have been applied to the design for the proposed action.

(b) For purposes of compliance with § 55.24, § 55.25, or § 55.26 (as appropriate), the responsible HUD official (or the Certifying Officer for a grant recipient subject to 24 CFR part 58) who would approve the proposed action shall require documentation of compliance with the required conditions.

(c) Documentation of compliance with this part (including copies of public notices) must be attached to the environmental assessment, the environmental impact statement or the compliance record and be maintained as a part of the project file. In addition, for environmental impact statements, documentation of compliance with this part must be included as a part of the record of decision (or environmental review record for grant recipients subject to 24 CFR part 58).
