(4) Where CDBG-assisted activities are carried out by a Community Development Financial Institution whose charter limits its investment area to a primarily residential area consisting of at least 51 percent low- and moderate-income persons, the unit of general local government may also elect the following options:

(i) Activities carried out by the Community Development Financial Institution for the purpose of creating or retaining jobs may, at the option of the unit of general local government, be considered to meet the requirements of this paragraph under the criteria at paragraph (b)(1)(iv) of this section in lieu of the criteria at paragraph (b)(4) of this section; and

(ii) All housing activities for which the Community Development Financial Institution obligates CDBG assistance during any one-year period may be considered to be a single structure for purposes of applying the criteria at paragraph (b)(3) of this section.

(5) If the unit of general local government has elected to prepare a community revitalization strategy pursuant to the authority of §91.315(e)(2) of this title, and the State has approved the strategy, the unit of general local government may also elect the following options:

(i) Activities undertaken pursuant to the strategy for the purpose of creating or retaining jobs may, at the option of the grantee, be considered to meet the criteria at paragraph (b) of this section under the criteria at §570.483(b)(1)(v) instead of the criteria at §570.483(b)(4); and

(ii) All housing activities in the area undertaken pursuant to the strategy to the extent they are single structure for purposes of applying the criteria at paragraph (b)(3) of this section.

(6) If an activity meeting the criteria in §570.482(f)(3)(v) also meets the requirements of either paragraph (e)(4)(i) or (e)(5)(i) of this section, the unit of general local government may elect to qualify the activity under either criterion, but not both.

(c) Planning and administrative costs. CDBG funds expended for eligible planning and administrative costs by units of general local government in conjunction with other CDBG assisted activities will be considered to address the national objectives.

§570.484 Overall benefit to low and moderate income persons.

(a) General. The State must certify that, in the aggregate, not less than 70 percent of the CDBG funds received by the state during a period specified by the state, not to exceed three years, will be used for activities that benefit persons of low and moderate income. The period selected and certified to by the state shall be designated by fiscal year of annual grants, and shall be for one, two or three consecutive annual grants. The period shall be in effect until all included funds are expended. No CDBG funds may be included in more than one period selected, and all CDBG funds received must be included in a selected period.

(b) Computation of 70 percent benefit. Determination that a state has carried out its certification under paragraph (a) of this section requires evidence that not less than 70 percent of the aggregate of the designated annual grant(s), any funds reallocated by HUD to the state, any distributed program income and any guaranteed loan funds under the provisions of subpart M of this part covered in the method of distribution in the final statement or statements for the designated annual grant year or years have been expended for activities meeting criteria as provided in §570.483(b) for activities benefiting low and moderate income persons. In calculating the percentage of funds expended for such activities:

(1) All CDBG funds included in the period selected and certified to by the state shall be accounted for, except for funds used by the State, or by the units
§ 570.485 Making of grants.

(a) Required submissions. In order to receive its annual CDBG grant under this subpart, a State must submit a consolidated plan in accordance with 24 CFR part 91. That part includes requirements for the content of the consolidated plan, for the process of developing the plan, including citizen participation provisions, for the submission date, for HUD approval, and for the amendment process.

(b) Failure to make submission. The state’s failure to make the submission required by paragraph (a) of this section within the prescribed deadline constitutes the state’s election not to receive and distribute amounts allocated for its nonentitlement areas for the applicable fiscal year. Funds will be either:

(1) Administered by HUD pursuant to subpart F of this part if the state has not administered the program in any previous fiscal year; or

(2) Reallocated to all states in the succeeding fiscal year according to the formula of section 106(d) of the Act, if the state administered the program in any previous year.

(c) Approval of grant. HUD will approve a grant if the State’s submissions have been made and approved in accordance with 24 CFR part 91, and the certifications required therein are satisfactory to the Secretary. The certifications will be satisfactory to the Secretary for this purpose unless the Secretary has determined pursuant to §570.493 that the State has not complied with the requirements of this subpart, or has determined that there is evidence, not directly involving the State’s past performance under this program, that tends to challenge in a substantial manner the State’s certification of future performance. If the Secretary makes any such determination, however, the State may be required to submit further assurances as the Secretary may deem warranted or necessary to find the grantee’s certification satisfactory.

§ 570.486 Local government requirements.

(a) Citizen participation requirements of a unit of general local government. Each unit of general local government shall meet the following requirements as required by the state at §91.115(e) of this title.

(1) Provide for and encourage citizen participation, particularly by low and moderate income persons who reside in slum or blighted areas and areas in which CDBG funds are proposed to be used;

(2) Ensure that citizens will be given reasonable and timely access to local meetings, information, and records relating to the unit of local government’s proposed and actual use of CDBG funds;

(3) Furnish citizens information, including but not limited to:

(i) The amount of CDBG funds expected to be made available for the current fiscal year (including the grant and anticipated program income);

(ii) The range of activities that may be undertaken with the CDBG funds;
