§ 576.23 Faith-based activities.
(a) Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the Emergency Shelter Grants program. Neither the Federal government nor a State or local government receiving funds under Emergency Shelter Grants programs shall discriminate against an organization on the basis of the organization’s religious character or affiliation.
(b) Organizations that are directly funded under the Emergency Shelter Grants program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under this part. If an organization conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded under this part, and participation must be voluntary for the beneficiaries of the HUD-funded programs or services.
(c) A religious organization that participates in the Emergency Shelter Grants program will retain its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not use direct Emergency Shelter Grants funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide Emergency Shelter Grants-funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, an Emergency Shelter Grants-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization’s name, select its board members on a religious basis, and include religious references in its organization’s mission statements and other governing documents.
(d) An organization that participates in the Emergency Shelter Grants program shall not, in providing program assistance, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief.
(e) Emergency shelter grants may not be used for the rehabilitation of...
structures to the extent that those structures are used for inherently religious activities. Emergency shelter grants may be used for the rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. Where a structure is used for both eligible and inherently religious activities, emergency shelter grants may not exceed the cost of those portions of the rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to emergency shelter grants in this part. Sanctuaries, chapels, or other rooms that an Emergency Shelter Grants-funded religious congregation uses as its principal place of worship, however, are ineligible for Emergency Shelter Grants-funded improvements. Disposition of real property after the term of the grant, or any change in use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (see 24 CFR parts 84 and 85).

(f) If a State or local government voluntarily contributes its own funds to supplement federally funded activities, the State or local government has the option to segregate the Federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

§ 576.33 Review and approval of applications.

(a) Conditional grant. HUD may make a conditional grant restricting the obligation and use of emergency shelter grant amounts. Conditional grants may be made where there is substantial evidence that there has been, or there will be, a failure to meet the requirements of this part. In such a case, the reason for the conditional grant, the action necessary to remove the condition, and the deadline for taking those actions will be specified. Failure to satisfy the condition may result in imposition of a sanction under §576.69, or in any other action authorized under applicable Federal law.
