Subpart A—General

§ 1000.1 What is the applicability and scope of these regulations?

Under the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 et seq.) (NAHASDA) the Department of Housing and Urban Development (HUD) provides grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low-income housing in Indian areas. The policies and procedures described in this part apply to grants to eligible recipients under the Indian Housing Block Grant (IHBG) program for Indian tribes and Alaska Native villages. This part also applies to loan guarantee assistance under title VI of NAHASDA. The regulations in this part supplement the statutory requirements set forth in NAHASDA. This part, as much as practicable, does not repeat statutory language.

§ 1000.2 What are the guiding principles in the implementation of NAHASDA?

(a) The Secretary shall use the following Congressional findings set forth in section 2 of NAHASDA as the guiding principles in the implementation of NAHASDA:

(1) The Federal government has a responsibility to promote the general welfare of the Nation:

(i) By using Federal resources to aid families and individuals seeking affordable homes in safe and healthy environments and, in particular, assisting responsible, deserving citizens who cannot provide fully for themselves because of temporary circumstances or factors beyond their control;

(ii) By working to ensure a thriving national economy and a strong private housing market; and

(iii) By developing effective partnerships among the Federal government, state, tribal, and local governments, and private entities that allow government to accept responsibility for fostering the development of a healthy marketplace and allow families to prosper without government involvement in their day-to-day activities.

(2) There exists a unique relationship between the Government of the United States and the governments of Indian tribes and a unique Federal responsibility to Indian people.

(3) The Constitution of the United States invests the Congress with plenary power over the field of Indian affairs, and through treaties, statutes, and historical relations with Indian tribes, the United States has undertaken a unique trust responsibility to protect and support Indian tribes and Indian people.

(4) The Congress, through treaties, statutes, and the general course of dealing with Indian tribes, has assumed a trust responsibility for the protection and preservation of Indian tribes and for working with Indian tribes and their members to improve their housing conditions and socioeconomic status so that they are able to take greater responsibility for their own economic condition.

(5) Providing affordable homes in safe and healthy environments is an essential element in the special role of the United States in helping Indian tribes and their members to improve their housing conditions and socioeconomic status.

(6) The need for affordable homes in safe and healthy environments on Indian reservations, in Indian communities, and in Native Alaskan villages is acute and the Federal government should work not only to provide housing assistance, but also, to the extent practicable, to assist in the development of private housing finance mechanisms on Indian lands to achieve the goals of economic self-sufficiency and self-determination for Indian tribes and their members.

(7) Federal assistance to meet these responsibilities should be provided in a manner that recognizes the right of Indian self-determination and tribal self-governance by making such assistance available directly to the Indian tribes or tribally designated entities under authorities similar to those accorded Indian tribes in Public Law 93–638 (25 U.S.C. 450 et seq.).

(b) Nothing in this section shall be construed as releasing the United

§ 1000.4 What are the objectives of NAHASDA?

The primary objectives of NAHASDA are:
(a) To assist and promote affordable housing activities to develop, maintain and operate affordable housing in safe and healthy environments on Indian reservations and in other Indian areas for occupancy by low-income Indian families;
(b) To ensure better access to private mortgage markets for Indian tribes and their members and to promote self-sufficiency of Indian tribes and their members;
(c) To coordinate activities to provide housing for Indian tribes and their members and to promote self-sufficiency of Indian tribes and their members;
(d) To plan for and integrate infrastructure resources for Indian tribes with housing development for Indian tribes; and
(e) To promote the development of private capital markets in Indian country and to allow such markets to operate and grow, thereby benefiting Indian communities.

§ 1000.6 What is the nature of the IHBG program?

The IHBG program is formula driven whereby eligible recipients of funding receive an equitable share of appropriations made by the Congress, based upon formula components specified under subpart D of this part. IHBG recipients must have the administrative capacity to undertake the affordable housing activities proposed, including the systems of internal control necessary to administer these activities effectively without fraud, waste, or mismanagement.

§ 1000.8 May provisions of these regulations be waived?

Yes. Upon determination of good cause, the Secretary may, subject to statutory limitations, waive any provision of this part and delegate this authority in accordance with section 106 of the Department of Housing and Urban Development Reform Act of 1989 (42 U.S.C. 3535(q)).
