(2) Each allocation area shall also be of sufficient size, in terms of population and housing need, that the amount of budget authority being allocated to the area will support at least one feasible program or project.

(3) In establishing allocation areas, counties and independent cities within MSAs should not be combined with counties that are not in MSAs.

(c) *Determining the amount of budget authority.* Where the field office establishes more than one allocation area, it shall determine the amount of budget authority to be allocated to each allocation area, based upon a housing needs percentage which represents the needs of that area relative to the field office jurisdiction. For each program, a composite housing needs percentage developed under § 791.402 for those counties and independent cities comprising the allocation area shall be aggregated into allocation area totals.

(d) *Planning for the allocation.* The field office should develop an allocation plan which reflects the amount of budget authority determined for each allocation area in paragraph (c). The plan should include a map or maps clearly showing the allocation areas within the field office jurisdiction. The relative share of budget authority by individual program type need not be the same for each allocation area, so long as the total amount of budget authority made available to the allocation area is not significantly reduced.

(d) Notwithstanding the requirements of paragraphs (a) through (c) of this section, budget authority shall not be reallocated for use in another State unless the Program Office Director or the Assistant Secretary has determined that other allocation areas within the same State cannot use the available authority during the fiscal year.
