

(1) 40 percent of the FMR for a two bedroom unit; or

(2) When approved by HUD on the basis of survey data submitted in public comments, either the 40th or 50th percentile as applicable of the rental distribution of manufactured home spaces for the FMR area. HUD accepts public comments requesting revision of the proposed manufactured home spaces FMRs for areas where space rentals are thought to differ from 40 percent of the FMR for a two-bedroom unit. To be considered for approval, the comments must contain statistically valid survey data that show either the 40th or 50th percentile manufactured home space rent (including the cost of utilities for the manufactured home) for the FMR area. Once approved, the revised manufactured home space FMRs establish new base-year estimates that will be updated annually using the same data used to update the FMRs.

To be considered for FMR revisions, public comments must include statistically valid rental housing survey data that justify the requested changes. After the comments have been considered, the Department will publish a final notice announcing FMRs to be effective on October 1 each year.

(2) If the result contains a fractional dollar amount ranging from \$0.50 to \$0.99, round to the next higher whole dollar amount.
