(2) If circumstances preclude a PHA from reporting electronically, HUD will consider granting short-term approval to allow a PHA to submit its management operations certification manually. A PHA that seeks approval to submit its certification manually must ensure that REAC receives a request for manual submission in writing two months prior to the submission due date of its Management Operations certification. The written request must include the reasons why the PHA cannot submit its certification electronically. REAC will respond to such a request and will manually forward its determination in writing to the PHA.

§ 902.45 Management operations scoring and thresholds.

(a) *Scoring.* The Management Operations Indicator score provides an assessment of each PHA's management effectiveness. Under PHAS Indicator #3, REAC will calculate a score of the overall management operations of a PHA that reflects weights based on the relative importance of the individual management sub-indicators. Under PHAS Indicator #3, REAC will calculate a score following the procedures described in the PHAS Notice on the Management Operations Scoring Process (PHAS MASS Notice 3), which will be published in the FEDERAL REGISTER. HUD may revise this notice in the future, but HUD will publish for comment any significant proposed amendments to this notice. After comments have been considered, HUD will publish a notice adopting a final notice or amendment. The PHAS Notice on the Management Operations Scoring Process that is currently in effect can be found at the REAC Internet site at <http://www.hud.gov/reac> or obtained from REAC's Technical Assistance Center at 888-245-4860 (this is a toll free number).

(b) *Thresholds.* (1) In order to receive a passing score under the Management Operations Indicator, the PHA must achieve a score of at least 18 points or 60 percent of the available points under this PHAS Indicator #3. If the PHA
