## § 941.306 Maximum project cost.

(a) *Calculation of maximum project cost.* The maximum project cost represents the total amount of public housing capital assistance used in connection with the development of a public housing project, and includes: (1) project costs that are subject to the TDC limit (*i.e.*, Housing Construction Costs and Community Renewal Costs); and (2) project costs that are not subject to the TDC limit (*i.e.*, Additional Project Costs). The total project cost to be funded with public housing capital assistance, as set forth in the proposal and as approved by HUD, becomes the maximum project cost stated in the ACC. Upon completion of the project, the actual project cost is determined based upon the amount of public housing capital assistance expended for the project, and this becomes the maximum project cost for purposes of the ACC.

(b) *TDC limit.* (1) Public housing capital assistance may not be used to pay for Housing Construction Costs and Community Renewal Costs in excess of the TDC limit, as determined under paragraph (b)(2) of this section. However, HOPE VI grantees will be eligible to request a TDC exception for public housing and HOPE VI funds awarded in Fiscal Year 1996 and prior years. No exceptions to HCC limits will be granted within the TDC limit.

(2) *Determination of TDC limit.* HUD will determine the TDC for a public housing project as follows:
