§ 1710.504 Cooperation among certified states and between certified states and the Secretary.

(a) By filing an Application for Certification of State Land Sales Program pursuant to §1710.502, a state agrees that, if it is certified by the Secretary, it will:

(1) Accept for filing and allow to be distributed as the sole disclosure document, a disclosure document currently in effect in the situs certified state. Only those documents filed with the situs state after certification by the Secretary must automatically be accepted by other certified states;

(2) Certify copies of all disclosure documents, amendments and consolidations filed with it by developers of land located within its borders for and as needed by developers required to submit certified copies to the Secretary and all other certified states. The certification shall indicate whether the documents are currently in effect. The certification should state as follows:

The [indicate the State Department of Real Estate or other appropriate entity] has reviewed the attached materials and finds they are true copies of (1) the [indicate Property Report or other similar state accepted document or amendment to such document] for [indicate the name of the subdivision], made effective by the State of [give state] on [give date] and still in effect; and (2) the supporting documentation upon which such [indicate the document or amendment] is based.

Signature

(3) Assist and cooperate with the Secretary and other certified states by requiring that developers of land within its borders amend disclosure documents if any change occurs in any representation of material fact required to be stated in the disclosure document, including a change resulting from the developer’s compliance with the requirements of the law in another certified state. The state shall require developers to send certified copies of the amended documents to the Secretary and requesting certified states. All amendments to such materials, which reflect changes in material facts regarding the subdivision, shall be submitted to the situs certified state authorities within 15 days of the date on which the developer knows, or should have known, of such change. Certified copies of the disclosure documents shall be submitted by the developer to the Secretary and the other certified states within 15 days after it becomes effective under the situs certified state laws.

(4) Continue to effectively operate its Land Sales Program as that Program is described in the Application for Certification and as it was certified by the Secretary.

(b) A state required to accept the disclosure documents of another situs certified state pursuant to paragraph (a)(1) of this section, may, in its discretion, require the developer to furnish it with copies certified pursuant to paragraph (a)(2) of this section.

(c) No state shall be prevented from establishing substantive or disclosure requirements which exceed the federal standard provided that such requirements are not in conflict with the Act or these regulations. For example, a certified state may impose additional disclosure requirements on developers of land located within its borders but may not impose additional disclosure requirements on developers whose disclosure documents it is required to accept pursuant to paragraph (a)(1) of this section. However, a certified state may impose additional nondisclosure requirements on out of state developers even though the developer is registered in the certified state in which the land is located.

(d) After a developer is effectively registered with a certified state through a situs certified state, either or both certified states may exercise
§ 1710.505 Withdrawal of State certification.

(a) The Secretary shall periodically review the laws, regulations and administration thereof of a certified state. If the Secretary finds that, taken as a whole, the laws, regulations or administration thereof, no longer meet the requirements of subpart C, then the Secretary may issue a notice to withdraw the certification of that state.

(b) The notice of proceedings to withdraw a state’s certification will be issued to the state by the Secretary pursuant to § 1720.236. The Secretary may, after notice and after an opportunity for a hearing, pursuant to § 1720.237, issue an order withdrawing certification.

In the event that a withdrawal order is issued, the order shall remain in effect until the state has amended its laws, regulations or the administration thereof or has otherwise complied with the requirements of the order. When the state has complied with the requirements of the order, the Secretary shall so declare and the withdrawal order shall cease to be effective.

(c) Withdrawal orders issued pursuant to this subsection will be effective as of the date the order is received by the state. The withdrawal order shall be published in the Federal Register.

(d) The rules of chapter IX of 24 CFR part 1720, subpart D will generally apply to hearings on withdrawal of a state’s certification.

§ 1710.506 State/Federal filing requirements.

(a)(1) If the Secretary has certified a state under §1710.501, the Secretary shall accept for filing disclosure materials or other acceptable documents which have been approved by the certified state within which the subdivision is located. Only those filings made by the developer with the state after the state was certified by the Secretary shall be automatically accepted by the Secretary.

(2) Retroactive application of the effectiveness of state’s certification to a specified date may be granted on a state-by-state basis, where the Secretary determines that retroactive application will not result in automatic federal registration of any state filing that has not met the requirements of the certified state laws.

(b) For a developer to be registered with the Secretary, the developer shall file with the Secretary a state certified copy of the Property Report or its equivalent, and any other documentation as stipulated in the Secretary’s Notice of Certification to the state.

(c) The documents and materials filed under paragraph (b) of this section will be automatically effective as the Federal Statement of Record and Property Report after these materials and the proper filing fee have been received by the Secretary.

(d) The Secretary has authority pursuant to §1710.45(b)(1) and (b)(2) to suspend individual filings which fail to meet the requirements of the certified state’s law or regulations or the standards in the certification agreement whether or not the state agency has initiated a similar action.

(e)(1) State accepted materials filed with the Secretary pursuant to this section must be amended to reflect any amendment to such materials made effective by the state. All amendments to such materials must be submitted to the Secretary within 15 days after becoming effective under the applicable state laws. Amendments are automatically effective upon their receipt by the Secretary and the provisions of §1710.45(b)(1) and (2) apply to amendments filed under this section.

(2) Amendments shall include or be accompanied by:

(i) A letter from the developer giving a narrative statement fully explaining the purpose and significance of the amendment and referring to that section and page of the material which is being amended, and;

(ii) A signed state acceptance certification substantially the same as that required by §1710.504(a)(2).
