

demonstrate that one will be sent within 90 days.

(d) We will advertise vacancies for agriculture intern positions semi-annually, no later than the first day of April and October, to accommodate entry into school.

(e) In selecting agriculture interns, we will seek to identify candidates who:

(1) Have the greatest potential for success in the program;

(2) Will take the shortest time period to complete the intern program; and

(3) Provide the letter of acceptance required by paragraph (c)(4) of this section.

(f) Agriculture interns must:

(1) Maintain full-time status in an agriculture-related curriculum at an accredited post-secondary school;

(2) Maintain good academic standing;

(3) Enter into an obligated service agreement to serve as a professional resource manager or agriculture-related professional with an approved organization for one year in exchange for each year in the program; and

(4) Report for service with the approved organization during any break in attendance at school of more than three weeks.

(g) The education committee will evaluate annually the performance of the agriculture intern program participants against requirements to ensure that they are satisfactorily progressing toward completion of program requirements.

(h) We will pay all costs for tuition, books, fees, and living expenses incurred by an agriculture intern while attending an accredited post-secondary school.

**§ 166.902 How can I become an agriculture educational employment student?**

(a) To be considered for selection, applicants for the student educational employment program must:

(1) Meet the eligibility requirements in 5 CFR part 308; and

(2) Be accepted into or enrolled in a course of study at an accredited post-secondary institution which grants degrees in natural resources or agriculture-related curricula.

(b) Student educational employment steering committees established at the field level will select program participants based on eligibility requirements without regard to applicants' financial needs.

(c) A recipient of assistance under the student educational employment program will be required to enter into an obligated service agreement to serve as a natural resources or agriculture-related professional with an approved organization for one year in exchange for each year in the program.

(d) We will pay all costs of tuition, books, fees, and transportation to and from the job site to school, for an Indian or Alaska Native student who is selected for the cooperative education program.

**§ 166.903 How can I get an agriculture scholarship?**

(a) We may grant agriculture scholarships to Indians and Alaska Natives enrolled as full-time students in accredited post-secondary and graduate programs of study in natural resources and agriculture-related curricula.

(b) The education committee established in § 166.900(c) of this subpart will select program participants based on eligibility requirements stipulated in paragraphs (e) through (g) of this section without regard to applicants' financial needs or past scholastic achievements.

(c) Recipients of scholarships must reapply annually to continue to receive funding beyond the initial award period. Students who have received scholarships in past years, are in good academic standing, and have been recommended for continuation by their academic institution will be given priority over new applicants for scholarship assistance.

(d) The amount of scholarship funds an individual is awarded each year will be contingent upon the availability of funds appropriated each fiscal year and is subject to yearly change.

(e) Preparatory scholarships may be available for a maximum of three academic years of general, undergraduate course work leading to a degree in natural resources or agriculture-related curricula and may be awarded to individuals who:

## § 166.904

(1) Possess a high school diploma or its recognized equivalent; and

(2) Are enrolled and in good academic standing at an acceptable post-secondary school.

(f) Undergraduate scholarships are available for a maximum of three academic years and may be awarded to individuals who:

(1) Have completed a minimum of 55 semester hours toward a bachelor's degree in a natural resources or agriculture-related curriculum; and

(2) Have been accepted into a natural resource or agriculture-related degree-granting program at an accredited college or university.

(g) Graduate scholarships are available for a maximum of five academic years for individuals selected into the graduate program of an accredited college or university that grants advanced degrees in natural resources or agriculture-related fields.

(h) A recipient of assistance under the scholarship program must enter into an obligated service agreement to serve as a natural resources or agriculture-related professional with the BIA, other federal agency providing assistance to their respective tribe, a tribe, tribal agriculture enterprise, or an ANCSA Corporation for one year for each year in the program.

(i) We will pay all scholarships approved by the education committee established in §166.900 of this subpart for which funding is available.

### § 166.904 What is agriculture education outreach?

(a) We will establish and maintain an agriculture education outreach program for Indian and Alaska Native youth that will:

(1) Encourage students to acquire academic skills needed to succeed in post-secondary mathematics and science courses;

(2) Promote agriculture career awareness;

(3) Involve students in projects and activities oriented to agriculture related professions early so students realize the need to complete required pre-college courses; and

(4) Integrate Indian and Alaska Native agriculture program activities

## 25 CFR Ch. I (4-1-10 Edition)

into the education of Indian and Alaska Native students.

(b) We will develop and carry out the program in consultation with appropriate community education organizations, tribes, ANCSA Corporations, Alaska Native organizations, and other federal agencies providing agriculture services to Indians.

(c) The education committee established under §166.900(c) of this subpart will coordinate and implement the program nationally.

### § 166.905 Who can get assistance for postgraduate studies?

(a) The purpose of the postgraduate studies program is to enhance the professional and technical knowledge of Indian and Alaska Native natural resource and agriculture-related professionals working for an approved organization so that the best possible service is provided to Indian and Alaska Natives.

(b) We may pay the cost of tuition, fees, books, and salary of Alaska Natives and Indians who are employed by an approved organization and who wish to pursue advanced levels of education in natural resource or agriculture-related fields.

(c) The goal of the advanced study program is to encourage participants to obtain additional academic credentials such as a degree or diploma in a natural resources or agriculture-related field. Requirements of the postgraduate study program are:

(1) The duration of course work cannot be less than one semester or more than three years; and

(2) Students in the postgraduate studies program must meet performance standards as required by the graduate school offering the study program.

(d) Program applicants must submit application packages to the education committee. At a minimum, such packages must contain a resume and an endorsement signed by the applicant's supervisor clearly stating the need for and benefits of the desired training.

(e) The education committee must use the following criteria to select participants:

(1) Need for the expertise sought at both the local and national levels;
