§ 211.9 Existing permits or leases for minerals issued pursuant to 43 CFR chapter II and acquired for Indian tribes.

(a) Title to the minerals underlying certain Federal lands, which were previously subject to general leasing and mining laws, is now held in trust by the United States for Indian tribes. Existing mineral prospecting permits, exploration and mining leases on these lands, issued prior to these lands being placed in trust status or becoming Indian lands, pursuant to 43 CFR chapter II (and its predecessor regulations), and all actions on the permits and leases shall be administered by the Secretary in accordance with the regulations set forth in 30 CFR chapters II and VII and 43 CFR chapter II, as applicable, provided, that all payment or reports required by a non-producing lease or permit, issued pursuant to 43 CFR chapter II, shall be made to the superintendent having administrative jurisdiction over the land involved, instead of the officer of the Bureau of Land Management designated in 43 CFR unless specifically stated otherwise in the statutes authorizing the United States to hold the land in trust for an Indian tribe. Producing lease payments and reports will be submitted to the Minerals Management Service in accordance with 30 CFR chapter II, subchapters A and C.

(b) Administrative actions regarding an existing lease or permit under this section, may be appealed pursuant to 25 CFR part 2.

Subpart B—How To Acquire Leases

§ 211.20 Leasing procedures.

(a) Indian mineral owners may, with the approval of the superintendent or area director, lease their land for mining purposes. No oil and gas lease shall be approved unless it has first been offered for bidding at an advertised lease sale in accordance with this section. Leases for minerals other than oil and gas shall be advertised for bids as prescribed in this section unless the Secretary grants the Indian mineral owners written permission to negotiate for lease. Application for leases shall be made to the superintendent having jurisdiction over the lands.

(b) Indian mineral owners may request that the Secretary prepare and advertise or negotiate (if the requirements of this section have been met) mineral leases on their behalf. If requested by an applicant interested in acquiring rights to Indian-owned minerals, the Secretary shall promptly notify the Indian mineral owner, and advise the owner in writing of the alternatives available, including the right to decline to lease. If the Indian mineral owner decides to have the leases advertised, the Secretary shall consult with the Indian mineral owner concerning the appropriate royalty rate and rental. The Secretary may then undertake the responsibility to advertise and lease in accordance with the following procedures:

1. Leases shall be advertised to receive optimum competition for bonus consideration, under sealed bid, oral auction, or a combination of both. Notice of such advertisement shall be published in at least one local newspaper and in one trade publication at least thirty (30) days in advance of sale. If applicable, such notice must identify the reservation within which the tracts to be leased are found. No specific description of the tracts to be leased need be published. Specific description of such tracts shall be available at the office of the superintendent and/or area director upon request. The complete text of the advertisement, including a specific description, shall be mailed to each person listed on the appropriate agency or area mailing list. Individuals and companies interested in receiving advertisements of lease sales should send their mailing information to the appropriate superintendent or area director for future reference.

2. The advertisement shall offer the tracts to the responsible bidder offering the highest bonus. The Secretary, after consultation with the Indian mineral owner, shall establish the rental and royalty rates which shall be stated in the advertisement and shall not be subject to negotiation. The advertisement shall provide that the Secretary reserves the right to reject any or all bids, and that acceptance of the lease bid by the Indian mineral owner is required.
