or compiling selected items from the files or by preparing a new computer program, nor are records required to be created to provide the requester with such data as proportions, percentages, frequency distributions, trends, or comparisons.

(g) Records of concern to other departments and agencies. (1) If the release of a record would be of concern to both the Commission and another Federal agency, the record will be made available by the Commission only if the interest of the Commission is the primary interest. If the Commission’s interest is not the primary interest, the requester shall be referred in writing to the agency having the primary interest. The Commission has the primary interest in a record if the record was developed pursuant to Commission regulations, directives, or request even though the record originated outside of the Commission.

(2) If the release of a record in which the Commission has a primary interest would be of substantial concern to another agency, the official processing the request, should, if administratively feasible and appropriate, consult with that agency before releasing the record.

(h) Records obtained from the public. If a requested record was obtained by the Commission from a person or entity outside of the Government, the official responsible for processing the request, shall, if administratively feasible and appropriate, consult with the person or entity to determine whether the record should be released before making a decision on the request.

§ 700.241 Request for records.

(a) Submission of requests. A request to inspect or copy records shall be made to the installation where the records are located. If the records are located at more than one installation or if the specific location of the records is not known to the person wishing to inspect or copy the records, he may direct his request to the head of the appropriate bureau, or the bureau’s chief public information officer, if any.

(b) Form of request. (1) Requests invoking the Freedom of Information Act shall be in writing.

(2)(i) A request must reasonably describe the records requested. A request reasonably describes the records requested if it will enable an employee of the Commission familiar with the subject area of the request to locate the record with a reasonable amount of effort. If such information is available, the request should identify the subject matter of the record, the date when it was made, the place where it was made, and the person or office that made it, the present custodian of the record, and any other information which will assist in location of the requested records. If the request involves a matter known by the requester to be in litigation, the request should also state the case name and court hearing the case.

(ii) If the description of a record sought is insufficient to allow identification and location of the record, the response denying the request on this ground shall so state and, to the extent possible, indicate what additional descriptive information, if any, would assist in location of the record.

(3) A request shall state the maximum amount of fees which the requester is willing to pay. Requesters are notified that under §700.251, the failure to state willingness to pay fees as high as are anticipated by the Commission will delay running of the time limit and delay processing of the request, if the responsible official anticipates that the fees chargeable may exceed $25.00.

(4)(i) To insure expeditious handling, requests shall be prominently marked, both on the envelope and on the face of the request, with the legend “FREEDOM OF INFORMATION REQUEST.” The failure of a request to bear such a legend will not disqualify a request from processing under the procedures in this subpart if the request otherwise meets the requirements of this section. A request not bearing the legend “FREEDOM OF INFORMATION REQUEST” will not, however, be deemed to have been received for purposes of the running of the time limit set out in §700.245 until it has been identified by bureau personnel as a Freedom of Information request and marked by them with this legend.
(ii) Commission personnel identifying a communication from the public not bearing the legend "FREEDOM OF INFORMATION REQUEST" as a request otherwise meeting the requirements of this section shall immediately (A) mark the communication with the legend "FREEDOM OF INFORMATION REQUEST," (B) date the request to reflect the date on which it was identified, and (C) take steps to assure proper processing of the request under the procedures in this subpart.

(d) Categorical requests. (1) A request for all records falling within a reasonably specific category shall be regarded as conforming to the statutory requirement that records be reasonably described if (i) it can be determined which particular records are covered by the request and (ii) the records can be searched for, collected and produced without unduly burdening or interfering with Commission operations because of the staff time consumed or the resulting disruption of the files.

(2) If a categorical request is determined under paragraph (d)(1) of this section not to reasonably describe the records requested, the response denying the request on that ground shall specify the reasons why and shall extend to the requester an opportunity to confer with knowledgeable Commission personnel in an attempt to reduce the request to manageable proportions by reformulation and by agreeing on an orderly procedure for the production of the records.

§ 700.243 Action on initial requests.

(a) Granting of requests. (1) A requested record shall be made available if (i) the record is not exempt from disclosure or (ii) the record is exempt from disclosure, but its withholding is not required by statute or Executive order nor supported by sound grounds.

(b) Form of grant. (1) When a requested record has been determined to be available, the official processing the request shall immediately notify the person requesting the record as to where and when the record is available for inspection or as the case may be, where and when copies will be available. If fees are due under § 700.251, the responsible official shall also state the amount or, if the exact amount cannot be determined, the approximate amount of fees due.

(2) If the record was obtained by the Commission from a person or entity outside of the Government, the responsible official shall, when it is administratively feasible to do so, notify that person or entity that the record has been made available.

(c) Denial of requests. (1) A request for a record may be denied only if it is determined that (i) the record is exempt from disclosure and (ii) that withholding of the record is required by statute or Executive order or supported by sound grounds.

(2) A request to inspect or copy a record shall be denied only by the Freedom of Information Act Officer or by an official whom the Executive Director has in writing designated.

(d) Form of denial. A reply denying a request shall be in writing and shall include:

(1) A reference to the specific exemption or exemptions under the Freedom of Information Act authorizing the withholding of the record;

(2) The sound ground for withholding;

(3) A listing of the names and titles or positions of each person responsible for the denial;

(4) A statement that the denial may be appealed to the Commission pursuant to § 700.247 and that such appeal must be in writing and be received by this official within twenty (20) days (Saturdays, Sundays, and public legal holidays excepted) after the date of the denial, in the case of the denial of an entire request, or within twenty (20) days (Saturdays, Sundays, and public legal holidays excepted) of records being made available, in the case of a partial denial, by writing to the Freedom of Information Act Officer, Navajo-Hopi Indian Relocation Commission, P.O. Box KK, Flagstaff, Arizona 86002.

(e) Exception. The requirements of paragraphs (c), (d), and (e) of this section do not apply to requests denied under § 2.14 on the ground that the request did not reasonably describe the records requested or to requests for records which do not exist.
