If such is the case, the total amount of the credits with respect to such property is limited to the amount of the Federal estate tax attributable to the property, determined in accordance with the rules prescribed for computing the “second limitation” set forth in §20.2014-3. The application of this section may be illustrated by the following example:

Example. The decedent, a citizen of the United States and a domiciliary of Country X at the time of his death on May 1, 1967, left a taxable estate which included bonds issued by Country Z and physically located in Country X. Each of the three countries involved imposed death taxes on the Country Z bonds. Assume that under the provisions of a treaty between the United States and Country X the estate is entitled to a credit against the Federal estate tax for death taxes imposed by Country X on the bonds in the maximum amount of $20,000. Assume, also, that since the decedent died after November 13, 1966, so that under the situs rules referred to in paragraph (a)(3) of §20.2014-1 the bonds are deemed to have their situs in Country Z, the estate is entitled to a credit against the Federal estate tax for death taxes imposed by Country Z on the bonds in the maximum amount of $10,000. Finally, assume that the Federal estate tax attributable to the bonds is $25,000. Under these circumstances, the credit allowed the estate with respect to the bonds would be limited to $25,000.

§20.2014–5 Proof of credit.

(a) If the foreign death tax has not been determined and paid by the time the Federal estate tax return required by section 6018 is filed, credit may be claimed on the return in an estimated amount. However, before credit for the foreign death tax is finally allowed, satisfactory evidence, such as a statement by an authorized official of each country, possession or political subdivision thereof imposing the tax, the description of each item of such property and its value.

(b) The following information must also be submitted whenever applicable:

(1) If any of the property subjected to the foreign death tax was situated outside of the country imposing the tax, the description of each item of such property.

(2) If more than one inheritance or succession is involved with respect to which credit is claimed, or if the foreign country, possession or political subdivision thereof imposes more than one kind of death tax, or if both the foreign country and a possession or political subdivision thereof each imposes a death tax, a separate computation with respect to each inheritance or succession tax.

(c) In addition to the information required under paragraphs (a) and (b) of this section, the district director may require the submission of any further proof deemed necessary to establish the right to the credit.

§20.2014–6 Period of limitations on credit.

The credit for foreign death taxes under section 2014 is limited to those taxes which were actually paid and for which a credit was claimed within four years after the filing of the estate tax return for the decedent’s estate. If, however, a petition has been filed with the Tax Court of the United States for the redetermination of a deficiency within the time prescribed in section 6213(a), the credit is limited to those
