

§ 31.3121(b)(5)-1 Services in employ of an instrumentality of the United States specifically exempted from the employer tax.

Services performed in the employ of an instrumentality of the United States are excepted from employment if such instrumentality is exempt from the employer tax imposed by section 3111 by virtue of any other provision of law which specifically refers to such section 3111 or the corresponding section of prior law (section 1410 of the Internal Revenue Code of 1939) in granting exemption from the employer tax. This exception does not operate to exclude from employment services performed in the employ of an instrumentality of the United States unless the Congress has granted to such instrumentality a specific exemption from the tax imposed by section 3111 or the corresponding section of prior law. For provisions which make general exemptions from Federal taxation ineffectual as to the employer tax imposed by section 3111, see § 31.3112-1. For other exceptions from employment applicable with respect to services performed in the employ of an instrumentality of the United States, see § 31.3121(b)(6)-1.

§ 31.3121(b)(6)-1 Services in employ of United States or instrumentality thereof.

(a) *In general.* This section relates to services performed in the employ of the United States Government or in the employ of an instrumentality of the United States. Particular services which are not excepted from employment under one rule set forth in this section may nevertheless be excepted under another rule set forth in this section or under § 31.3121(b)(5)-1, relating to services in the employ of an instrumentality of the United States specifically exempted from the employer tax. Moreover, services performed in the employ of the United States or of any instrumentality thereof which are not excepted from employment under paragraph (5) or (6) of section 3121(b) may nevertheless be excepted under some other paragraph of such section. For provisions relating generally to the application of the taxes in the case of services performed in the employ of the United States or a wholly owned in-

strumentality thereof, see 3122. For provisions relating to the computation of remuneration for service performed by an individual as a member of a uniformed service or for service performed by an individual as a volunteer or volunteer leader within the meaning of the Peace Corps Act, see § 31.3121(i)-2 and § 31.3121(i)-3, respectively.

(b) *Services covered under a retirement system established by a law of the United States.* Services performed in the employ of the United States or in the employ of any instrumentality thereof are excepted from employment under section 3121(b)(6)(A) if such services are covered under a law enacted by the Congress of the United States which specifically provides for the establishment of a retirement system for employees of the United States or of such instrumentality. Determinations as to whether services are covered by a retirement system of the requisite character are to be made as of the time such services are performed. Services of an employee who has an option to have his services covered under a retirement system are not covered under such retirement system unless and until he exercises such option. The test is whether particular services performed by an employee are covered by a retirement system of the requisite character rather than whether the position in which such services are performed is covered by such retirement system.

(c) *Services performed for an instrumentality not subject to employer tax on December 31, 1950, and covered under a retirement system established by such instrumentality.* (1) Subject to the provisions of subparagraph (4) of this paragraph, services performed in the employ of an instrumentality of the United States are excepted from employment under section 3121(b)(6)(B) if—

(i) The particular instrumentality was not subject on December 31, 1950, to the employer tax imposed by section 1410 of the Internal Revenue Code of 1939, and

(ii) The services are covered by a retirement system established by such instrumentality.

(2) If the particular instrumentality was not in existence on December 31,
