use by its buyer in a nontaxable use; and
(2) Is satisfied with the filing, deposit, payment, and claim history for all federal taxes of the person and any related person.

(c) Tax-free removals and entries. Notwithstanding §48.4082–1, tax is not imposed by section 4081 on the removal or entry of any diesel fuel or kerosene in an exempt area of Alaska if—
(1) The person that would be liable for tax under §48.4081–2 or 48.4081–3 is a taxable fuel registrant and satisfies the requirements of paragraph (e) of this section;
(2) In the case of a removal from a terminal, the terminal is an approved terminal; and
(3) The owner of the diesel fuel or kerosene immediately after the removal or entry holds the fuel for its own use in a nontaxable use or is a qualified dealer.

(d) Sales after removals and entries—(1) In general. Paragraph (c) of this section does not apply with respect to diesel fuel or kerosene that is subsequently sold by a qualified dealer unless—
(i) The fuel is sold in an exempt area of Alaska;
(ii) The buyer purchases the fuel for its own use in a nontaxable use or is a qualified dealer; and
(iii) The seller satisfies the requirements of paragraph (e) of this section.
(2) Tax imposed at time of sale; liability for tax. Notwithstanding §§48.4081–2 and 48.4081–3, in any case in which paragraph (c) of this section does not apply with respect to diesel fuel or kerosene because of a subsequent sale by a qualified dealer, the tax with respect to that fuel is imposed at the time of the subsequent sale and the qualified dealer is liable for the tax.

(3) Rate of tax. For the rate of tax, see section 4081.

(e) Evidence of tax-free transactions. The requirements of section 4082(c)(2) (relating to certification) and this paragraph (e) are satisfied if the person otherwise liable for tax is able to show the district director satisfactory evidence of the exempt nature of the transaction and has no reason to believe that the evidence is false. Satisfactory evidence may include copies of qualified dealer licenses or exemption certificates obtained for state tax purposes.

(f) Registration. With respect to each person that has been registered as a qualified retailer by the district director, the rules of §48.4101–1(g), (h), and (i) apply.

(g) Cross reference. For the tax on previously untaxed diesel fuel or kerosene that is used for a taxable purpose, see §48.4082–4.

(h) Effective date. This section is applicable with respect to diesel fuel removed or entered after December 31, 1996, and with respect to kerosene removed or entered after June 30, 1998. A person registered by the district director as a qualified retailer before April 2, 1998 may be treated, to the extent the district director determines appropriate, as a qualified dealer for the period before that date.

§48.4082–6 Kerosene; exemption for aviation-grade kerosene.

(a) Overview. This section prescribes the conditions under which tax does not apply to the removal or entry of aviation-grade kerosene that is destined for use as a fuel in an aircraft.

(b) Definition. For purposes of this section, aviation-grade kerosene means kerosene-type jet fuel covered by ASTM specification D 1655 or military specification MIL-DTL-5624T (Grade JP–5) or MIL-DTL-83133E (Grade JP–8). For availability of ASTM and military specifications, see §48.4081–1(d).

(c) Exemption for certain removals and entries. Tax is not imposed under §48.4081–2(b), 48.4081–3(b)(1)(ii), or 48.4081–3(c)(1)(i) on the removal or entry of aviation-grade kerosene if—
(1) The person otherwise liable for tax is a taxable fuel registrant;
(2) In the case of a removal from a terminal, the terminal is an approved terminal; and
(3)(i) The person otherwise liable for tax delivers the kerosene into the fuel supply tank of an aircraft and this delivery is not in connection with a sale; or
(ii) The kerosene is sold for use as a fuel in an aircraft and, at the time of
the sale, the person otherwise liable for tax has an unexpired certificate (described in paragraph (e) of this section) from the buyer and has no reason to believe any information in the certificate is false.

(d) Certain later sales—(1) In general. Paragraph (c) of this section does not apply with respect to kerosene that is sold as described in paragraph (c)(3)(ii) of this section if there is a later disqualifying sale of the kerosene. A later disqualifying sale is any later sale other than a later sale that

(i) By a person that, at the time of the sale, has an unexpired certificate (described in paragraph (e) of this section) from the buyer and has no reason to believe that any information in the certificate is false; or

(ii) In connection with the delivery of the kerosene into the fuel supply tank of an aircraft.

(2) Imposition of tax; liability for tax. Notwithstanding §§ 48.4081–2 and 48.4081–3, in any case in which paragraph (d)(1) of this section applies, tax is imposed with respect to that kerosene at the time of the first later disqualifying sale and the seller in that sale is liable for the tax.

(3) Rate of tax. For the rate of tax, see section 4081.

(e) Certificate—(1) In general. The certificate described in this paragraph (e) is a statement by a buyer that is signed under penalties of perjury by a person with authority to bind the buyer, is in substantially the same form as the model certificate provided in paragraph (e)(3) of this section, and contains all information necessary to complete the model certificate. A new certificate or notice that the current certificate is invalid must be given if any information in the current certificate changes. The certificate may be included as part of any business records normally used to document a sale. The certificate expires on the earliest of the following dates:

(i) The date one year after the effective date of the certificate (which may be no earlier than the date it is signed).

(ii) The date the buyer provides the seller a new certificate or notice that the current certificate is invalid.

(iii) The date the Internal Revenue Service or the buyer notifies the seller that the buyer’s right to provide a certificate has been withdrawn.

(2) Withdrawal of the right to provide a certificate. The Internal Revenue Service may withdraw the right of a buyer of aviation-grade kerosene to provide a certificate under this section if the buyer uses the aviation-grade kerosene to which a certificate relates other than as a fuel in an aircraft or sells the kerosene without first obtaining a certificate from its buyer. The Internal Revenue Service may notify any seller to whom the buyer has provided a certificate that the buyer’s right to provide a certificate has been withdrawn.

(3) Model certificate.

§ 48.4082–7 Kerosene; exemption for feedstock purposes.

(a) Overview. This section prescribes the conditions under which tax does not apply to the removal or entry of kerosene for use for a feedstock purpose.

(b) Definitions. The following definitions apply to this section:

Feedstock purpose means the use of kerosene for nonfuel purposes in the manufacture or production of any substance other than gasoline, diesel fuel, or special fuels referred to in section 4041. Thus, for example, kerosene is used for a feedstock purpose when it is used as an ingredient in the production of paint and is not used for a feedstock purpose when it is used to power machinery at a factory where paint is produced.

Feedstock user means a person that uses kerosene for a feedstock purpose.

Registered feedstock user means a feedstock user that is—

(1) Registered under section 4101 as a feedstock user; or

(2) With respect to removals and entries before October 1, 2000, a taxable fuel registrant.

(c) Exemption for removals and entries. Tax is not imposed on the removal or entry of kerosene if—

(1) The person otherwise liable for tax is a taxable fuel registrant;

(2) In the case of a removal from a terminal, the terminal is an approved terminal; and

(3)(i) The person otherwise liable for tax uses the kerosene for a feedstock purpose; or

(ii) The kerosene is sold for use by the buyer for a feedstock purpose and, at the time of the sale, the person otherwise liable for tax has an unexpired certificate (described in paragraph (e) of this section) from the buyer and has no reason to believe any information in the certificate is false.

(d) Later sale—(1) In general. Paragraph (c) of this section does not apply with respect to kerosene that is sold as described in paragraph (c)(3)(ii) of this section if the buyer in that sale (the certifying buyer) sells the kerosene.

(2) Imposition of tax; liability for tax. Notwithstanding §§ 48.4081–2 and 48.4081–3, in any case in which paragraph (d)(1) of this section applies, tax with respect to that kerosene is imposed at the time of the sale by the certifying buyer and the certifying buyer is liable for the tax.

(3) Rate of tax. For the rate of tax, see section 4081.

(e) Certificate—(1) In general. The certificate described in this paragraph (e) is a statement by a buyer that is signed under penalties of perjury by a person with authority to bind the buyer, is in substantially the same form as the model certificate provided in paragraph (e)(2) of this section, and contains all information necessary to complete the model certificate. A new certificate or notice that the current certificate is invalid must be given if any information in the current certificate changes. The certificate may be included as part of any business records normally used to document a sale. The certificate expires on the earliest of the following dates:

(i) The date one year after the effective date of the certificate (which may be no earlier than the date it is signed).

(ii) The date the buyer provides the seller a new certificate or notice that the current certificate is invalid.

(iii) The date the seller is notified by the Internal Revenue Service or the
