§ 48.6421–2 Credits or payments to ultimate purchasers of gasoline used in intercity, local, or school buses.

(a) In general. If gasoline is used in an intercity or local bus while engaged in furnishing (for compensation) passenger land transportation available to the general public or in a school bus engaged in the transportation of students or employees of schools, a credit (under the circumstances described in paragraph (b) of this section) or a payment (under the circumstances described in paragraph (c) of this section) in respect to the gasoline shall be allowed or made to the ultimate purchaser of the gasoline. The credit or payment under this section shall be an amount equal to the product of the number of gallons of gasoline so used multiplied by the rate at which tax was imposed on the gasoline by section 4081. No interest shall be paid on any payment allowed under paragraph (c) of this section. However, interest may be paid on an overpayment (as defined by section 6401) arising from a credit allowed under paragraph (b) of this section with respect to gasoline used during any of the first three quarters of the person’s taxable year.

(b) Allowance of income tax credit. Except as provided in paragraph (c) of this section, repayment under this section for the time within which a claim for credit or payment must be made under this section. See §48.6421–4 for the meaning of “gasoline.”

(c) Allowance of payment. Payments in respect of gasoline upon which tax was paid under section 4081 that is used while engaged in furnishing (for compensation) passenger land transportation available to the general public or in school bus transportation operations shall be made only to—

1. The United States or any agency or instrumentality thereof, a State, or political subdivision of a State, or an agency or instrumentality of one or more States or political subdivisions of a State, or the District of Columbia,

2. An organization which is exempt from tax under section 501(a) and is not required to make a return of the income tax imposed under subtitle A for its taxable year, or

3. A person described in section 6421(c)(2) to whom $1,000 or more is payable (without regard to paragraph (b) of this section) under this section with respect to gasoline used during any of the first three quarters of the person’s taxable year.

(d) Supporting evidence required. Each claim under this section for credit or payment must include a statement showing—

1. The total number of gallons of gasoline purchased and used during the period covered by the claim for each intercity or local bus while engaged in furnishing (for compensation) passenger land transportation available to the general public or in school bus transportation operations by a person subject to income tax may be obtained only by claiming a credit for the amount of this tax against the tax imposed by subtitle A of the Code. The amount of the credit shall be an amount equal to the payment which would be made under section 6421 with respect to gasoline used during the taxable year for this passenger land transportation or school bus operations if section 6421(l) and paragraph (c) of this section did not apply. See section 34(a) relating to credit for certain uses of gasoline and special fuels, (and lubricating oil used prior to January 7, 1983). See §48.6421–3 for the meaning of “gasoline.”

2. The total number of gallons of gasoline purchased and used in each bus while engaged in furnishing (for compensation) passenger land transportation available to the general public or in school bus transportation operations multiplied by the tax rate at which tax was imposed on the gasoline by section 4081.
rate at which tax was imposed on the gasoline by section 4081, and
(3) If a claim on Form 843 is being filed, the internal revenue district or service center with which the claimant last filed an income tax return (if any).

§ 48.6421–3 Time for filing claim for credit or payment.

(a) In general. A claim for credit or payment described in § 48.6421–1 with respect to gasoline used in a qualified business use or as a fuel in an aircraft (other than aircraft in noncommercial aviation) or § 48.6421–2 with respect to gasoline used either in an intercity or local bus while engaged in furnishing (for compensation) passenger land transportation available to the general public or in school bus transportation operations, shall cover only gasoline used during the taxable year, or when paragraph (b)(2) of this section applies, gasoline used during the calendar quarter. Therefore, gasoline on hand at the end of a taxable year, or, if applicable, a calendar quarter, such as gasoline in fuel supply tanks of vehicles or in storage tanks or drums, must be excluded from a claim filed for the taxable year or calendar quarter, as the case may be. However, this gasoline may be included in a claim filed for a later taxable year or a later calendar quarter if it is used during that later year or quarter in a qualified business use, as fuel in an aircraft (other than aircraft in noncommercial aviation), or in intercity, local, or school buses. Gasoline used during the taxable year or calendar quarter may be covered by the claim for that period although the gasoline was not paid for at the time the claim is filed. For purposes of applying this section, a governmental unit or exempt organization described in § 48.6421–1(c) or § 48.6421–2(c) is considered to have as its taxable year, the calendar year or fiscal year on the basis of which it regularly keeps its books; see § 48.6421–4(g).

(b) Time for filing—(1) Annual claims. (i) A claim under this section for credit or payment with respect to gasoline shall not be allowed unless it is filed no later than the time prescribed by section 6511 and the regulations thereunder for filing a claim for credit or refund of income tax for the particular taxable year.

(ii) A claim for payment of a governmental unit or exempt organization described in § 48.6421–1(c) or § 48.6421–2(c) must be filed no later than 3 years following the close of its taxable year (see § 48.6421–4).

(2) Quarterly claims. A claim for payment of $1,000 or more in respect of gasoline used during any of the first three quarters of the taxable year, filed either under § 48.6421–1(c)(3) in respect of gasoline used in a qualified business use or as a fuel in an aircraft (other than aircraft used in noncommercial aviation) or under § 48.6421–2(c)(3) in respect of gasoline used while engaged in furnishing (for compensation) passenger land transportation available to the general public or in school bus operations, shall not be allowed unless the claim is filed on or before the last day of the first calendar quarter following the calendar quarter for which the claim is filed. No quarterly claim may be filed for the last calendar quarter of the taxable year. Amounts for which payment is disallowed under this paragraph (b)(2) merely because the claim was not filed on time may be included in an annual claim filed under paragraph (b)(1) of this section, but other amounts for which a claim for payment has been filed under this paragraph (b)(2) may not be included in an annual claim filed under paragraph (b)(1) of this section.

(3) Other applicable rules. See § 301.7502–1 of this chapter (Regulations on Procedure and Administration) for provisions treating timely mailing as timely filing and § 301.7503–1 of this chapter for time for performance of an act where the last day falls on Saturday, Sunday, or a legal holiday.

(c) Limit on claims per taxable year. Not more than one claim may be filed under § 48.6421–1 or § 48.6421–2 by any person with respect to gasoline used during any taxable year, except to the extent that quarterly claims may be filed under paragraph (b)(2) of this section with respect to any calendar quarter (other than the last calendar quarter) of the taxable year.

(d) Form and content of claim—(1) Claim for credit. The claim for credit to
