

person with respect to F holds any X stock. In 1980, X redeems 10% of its outstanding shares, increasing F's holdings to 22% of the X stock. Assume the redemption by X is not a prohibited transaction.

(i) All of F's holdings before the redemption are permitted holdings under section 4943(c)(2). There is no effective control of X by third parties so the 35% permitted holdings rule is inapplicable. F's holdings after the redemption exceed the permitted holdings under section 4943 (c)(2) (20%). Because the increase is attributable to stock that was permitted holdings prior to the readjustment, and the readjustment does not involve a prohibited transaction, the 2% increase in F's holdings of X stock is treated as acquired other than by purchase. Therefore, under section 4943(c)(6) and this section, F will have 5 years from the date of the redemption to dispose of the 2% excess.

Example 2. (i) Assume the same facts as in *Example (1)* except that the 20% of X stock held by F was donated by X corporation, was worth more than \$5,000 and represented 20% of the contributions received by the foundation through the end of the taxable year in which the gift of stock was made.

(ii) X corporation is a disqualified person with respect to F under section 4946(a)(1)(A). Under subparagraph (4), the redemption of X stock is not treated as a purchase by a disqualified person merely because X is a disqualified person with respect to F. Therefore the rules of this paragraph apply as if the redemption were made by a corporation which is not a disqualified person. The analysis and result are the same as in *Example (1)*.

Example 3. (i) On May 1, 1990, F, a private foundation, received a donation of 40% of the stock of X corporation, a business enterprise. Neither F nor any disqualified person with respect to F holds any other interest in X. On June 1, 1992, the X corporation redeemed F's 40% interest in exchange for 100% of the stock of Y corporation, a wholly-owned subsidiary of X. Assume the redemption by X is not a prohibited transaction.

(ii) Under section 4943(c)(6), the X stock acquired by gift is treated as held by disqualified persons through April 30, 1995. Under subparagraph (3) of this paragraph (d), 40% of the 100% interest in Y received in exchange for F's 40% interest in X is treated as F's 40% interest in X and is therefore treated as held by disqualified persons through April 30, 1995. In addition, under subparagraph (1) of this paragraph (d), the 60% interest in Y that represents an increase in holdings above the 40% held before the readjustment will be treated as acquired other than by purchase. However, F's 20% interest in X in excess of 20% permitted holdings under 4943(c)(2) would have been excess business holdings if such interest had not been treated as held by as disqualified person on June 1, 1992. Therefore, to the extent of a 30% interest in Y, (

i.e., the portion of the increased holdings in Y attributable to F's 20% holdings in X) the increased holdings will be treated as held by disqualified person only through April 30, 1995, since this is the latest date on which F's original 40% interest in X would have been treated as held by disqualified persons. The remaining 30% interest in Y will be treated as held by disqualified persons for five years from the date of the exchange (through May 31, 1997).

(e) *Constructive holdings.* Any change in holdings in a business enterprise that occurs because a corporation ceases to be actively engaged in a trade or business, thus causing its holdings to be constructively owned by its shareholders, shall be treated as acquired other than by purchase.

(f) *Certain transactions treated as purchases; cross references.* For the application of section 4943(c)(6) to holdings that were not an interest in a business enterprise when acquired but that subsequently become holdings in a business enterprise, see § 53.4943-10(d)(2).

[T.D. 7496, 42 FR 46285, Sept. 15, 1977, as amended by T.D. 7944, 49 FR 6479, Feb. 22, 1984]

§ 53.4943-7 Special rules for readjustments involving grandfathered holdings.

(a) *General rules—(1) Readjustments.* Except to the extent provided in paragraph (b) of this section, if a private foundation, its disqualified persons, or both together have holdings in a corporation to which section 4943(c) (4) or (5) applies, stock of a corporation received by the foundation, its disqualified persons, or both together in a readjustment (as defined in paragraph (d)(1) of this section) in exchange for such holdings to which section 4943 (c) (4) or (5) applies shall be treated, for purposes of section 4943 (c) (4) or (5), as the stock surrendered in the exchange.

(2) *No exchange necessary.* Paragraph (a)(1) of this section shall apply to all readjustments even if no exchange occurs. For purposes of this section, all stock held (directly or indirectly) before a readjustment in any corporation involved in the readjustment shall be treated as stock surrendered in the readjustment and all stock held (directly or indirectly) after the readjustment in

any corporation involved in the readjustment shall be treated as stock received in the readjustment in exchange for the stock treated as surrendered.

(b) *Exceptions and limitations*—(1) *Limitation on increases in percentage of voting stock.* (i) If the percentage of voting stock in a business enterprise owned (directly or indirectly) by a private foundation by reason of its ownership of stock received in an exchange described in paragraph (a) of this section exceeds the greatest percentage of voting stock in any business enterprise owned (directly or indirectly) by the private foundation prior to such exchange by reason of its ownership of the stock surrendered by it in the exchange, then:

(A) That portion of the stock received by the private foundation in the exchange which represents such excess is to be treated as an increase in the holdings of the private foundation in accordance with § 53.4943-6 (d), and

(B) Only the remaining portion of the stock received by the private foundation in the exchange shall be treated as the stock surrendered by the private foundation in the exchange.

(ii) If the sum of the percentage of voting stock in a business enterprise owned (directly or indirectly) by disqualified persons by reason of their ownership of stock received in an exchange described in paragraph (a) of this section plus the percentage of voting stock in the business enterprise owned (directly or indirectly) by the private foundation by reason of its ownership of stock received in the exchange and treated as the stock surrendered under paragraph (b) (1) (i) of this section exceeds the greatest percentage of voting stock in any business enterprise owned (directly or indirectly) by the private foundation and its disqualified person in combination by reason of their ownership of the stock surrendered by them in the exchange, then:

(A) That portion of the stock received by the disqualified persons in the exchange which represents such excess is to be treated as an increase in the holdings of the disqualified persons in accordance with § 53.4943-6(d), and

(B) Only the remaining portion of the stock received by the disqualified persons in the exchange is to be treated as

the stock surrendered by the disqualified persons in the exchange.

(2) *Limitation on increase in percentage of value.* (i) If the percentage of value of all outstanding shares of all classes of stock in a business enterprise owned (directly or indirectly) by a private foundation by reason of its ownership of stock received in an exchange described in paragraph (a) of this section exceeds the greatest percentage of such value in any business enterprise owned (directly or indirectly) by the private foundation prior to such exchange by reason of its ownership of the stock surrendered by it in the exchange, then:

(A) That portion of the stock received by the private foundation in the exchange which represents such excess is to be treated as an increase in the holdings of the private foundation in accordance with § 53.4943-6(d), and

(B) Only the remaining portion of the stock received by the private foundation in the exchange shall be treated as the stock surrendered by the private foundation in the exchange.

(ii) If the sum of the percentage of value of all outstanding shares of all classes of stock in a business enterprise owned (directly or indirectly) by disqualified persons by reason of their ownership of stock received in an exchange described in paragraph (a) of this section plus the percentage of such value in the business enterprise owned (directly or indirectly) by the private foundation by reason of its ownership of stock received in the exchange and treated as the stock surrendered under paragraph (b)(2)(i) of this section exceeds the greatest percentage of such value in any business enterprise owned (directly or indirectly) by the private foundation and its disqualified persons in combination prior to the exchange by reason of their ownership of the stock surrendered by them in the exchange, then:

(A) That portion of the stock received by the disqualified persons in the exchange which represents such excess is to be treated as an increase in the holdings of the disqualified persons in accordance with § 53.4943-6(d), and

(B) Only the remaining portion of the stock received by the disqualified persons in the exchange is to be treated as

the stock surrendered by the disqualified persons in the exchange.

(3) *Increases in percentage of both voting stock and value.* (i) If, as the result of an exchange described in paragraph (a) of this section, a private foundation has excesses determined under both paragraphs (b)(1)(i) and (b)(2)(i) of this section, then:

(A) That portion of the stock received by the private foundation in the exchange that represents the larger excess is to be treated as an increase in the holdings of the private foundation in accordance with § 53.4943-6(d), and

(B) Only the remaining portion of the stock received by the private foundation in the exchange is to be treated as the stock surrendered by the private foundation in the exchange.

(ii) If as the result of an exchange described in paragraph (a) of this section, disqualified persons have excesses determined under both paragraphs (b)(1)(ii) and (b)(2)(ii) of this section, then:

(A) That portion of the stock received by the disqualified persons in the exchange that represents the larger excess is to be treated as an increase in the holdings of the disqualified persons in accordance with § 53.4943-6(d), and

(B) Only the remaining portion of the stock received by disqualified persons in the exchange is to be treated as the stock surrendered by disqualified persons in the exchange.

(4) *Exception for prohibited transactions.* If a readjustment includes a prohibited transaction, as defined in paragraph (d)(2) of this section, then this paragraph shall be applied substituting, for purposes of paragraph (b)(1) and (b)(2), the lowest percentage of voting power or value owned prior to the exchange in any business enterprise involved in the readjustment to which the exchange relates for the greatest percentage of voting power or value in any business enterprise owned by reason of ownership of the stock surrendered in the exchange.

(5) *Voting and value levels.* After an exchange described in paragraph (a) of this section, the private foundation voting and value levels, and the substituted combined voting and value levels (as defined in § 53.4943-4(d)(2)) shall be the lesser of each respective

level immediately prior to the exchange with respect to the stock surrendered in the exchange and each such respective level determined immediately after the exchange by taking into account only the stock received in the exchange that is treated under this paragraph as the stock surrendered in the exchange. If the stock of more than one corporation is surrendered in exchange for stock of one corporation, the highest of each voting or value level determined immediately prior to the exchange with respect to the stock of the corporations surrendered in the exchange shall be treated as such level immediately prior to the exchange.

(6) *Determination of phases—(i) In general.* Stock received in an exchange described in paragraph (a) of this section that is treated as stock surrendered in the exchange under this paragraph shall be treated as subject to the same first, second, and third phases that were applicable to the stock surrendered for it. For purposes of determining the applicable phases, stock received in an exchange shall be treated as received in exchange for particular holdings of stock surrendered based on the terms of the exchange. Where only a portion of the stock received is treated as the stock surrendered, such portion of the stock received shall be treated as exchanged for particular holdings of stock surrendered in the same proportions as the total stock received was exchanged for particular holdings of stock surrendered. For example, if 20 shares of X stock owned by a private foundation, subject to a first phase beginning on January 1, 1978 and ending on December 31, 1987, are exchanged for 20 shares of Y stock, and 40 shares of X stock owned by the private foundation, subject to a first phase beginning on June 1, 1980 and ending on May 31, 1990, are exchanged for 40 shares of Y stock, then $\frac{1}{3}$ of the Y stock received by the private foundation is treated as received in exchange for X stock having the January 1, 1978–December 31, 1987 first phase and $\frac{2}{3}$ of the Y stock received by the private foundation is treated as received in exchange for the X stock having the June 1, 1980–May 31, 1990 first phase. If only 30 shares of the Y stock received by the private foundation are treated as the

stock surrendered, then $\frac{1}{3}$ (10 Y shares) will be subject to the January 1, 1978–December 31, 1987 first phase and $\frac{2}{3}$ (20 Y shares) will be subject to the June 1, 1980–May 31, 1990 first phase.

(ii) *Transitional rule.* In any case in which holdings subject to section 4943(c)(4) or 4943(c)(5) have been consolidated prior to May 22, 1984, then the longest first phase applicable to any of the holdings surrendered in the consolidation shall be applied to the holdings received by the foundation in the consolidation that are treated as the holdings surrendered in the consolidation. For purposes of this clause, a consolidation is any readjustment that results in a reduction in the number of entities in which the foundation has direct holdings.

(c) *Plan to dispose of excess business holdings.* (1) Notwithstanding § 53.4943-4(d)(i)(4)(D) (relating to restrictions on increases in levels) and paragraphs (a) and (b) of this section, if a readjustment occurs under an approved plan to dispose of stock to which section 4943(c) (4) or (5) applies, in order to meet the requirements of section 4943(c)(4) (*i.e.*, to meet the reduced limits that will be applicable after the first phase holding period described in § 53.4943-4(c)) or to meet the requirements of section 4943(c)(2), all of the stock received in the readjustment shall be treated as held by disqualified persons through the end of the longest first phase holding period applicable to stock surrendered in the readjustment. The foundation and substituted combined voting and value levels shall not be increased on account of the readjustment.

(2) For purposes of this paragraph, a plan is an approved plan only if it is approved by the Commissioner and may be subject to such conditions as the Commissioner determines. A plan must be approved prior to any exchange or distribution pursuant to the plan except for a showing of good cause such as a business emergency.

(d) *Definitions—(1) Readjustments.* For purposes of this section, the term “readjustment” includes, but is not limited to:

- (i) A merger or consolidation;
- (ii) A recapitalization;
- (iii) An acquisition of stock or assets;

- (iv) A transfer of assets;
- (v) A change in identity, form, or place of organization, however effected;
- (vi) A redemption;
- (vii) A distribution of assets or of stock, including a distribution to which section 301, 302, 331, or 355 applies or a distribution of stock of the distributing corporation.

(2) *Prohibited transaction.* A prohibited transaction is any transaction involving a private foundation that has holdings in a business enterprise which:

(i) Acquires stock (or similar interest in the case of an unincorporated entity) or assets of a business enterprise or redeems its own stock (or similar interest in the case of an unincorporated entity) using cash or other property transferred to the acquiring business enterprise (e.g., as a contribution to capital) by the private foundation, its disqualified persons, or both;

(ii) Acquires stock (or similar interest in the case of an unincorporated entity) or assets of a business enterprise or redeems its own stock (or similar interest in the case of an unincorporated entity) using the proceeds of a loan made to, or guaranteed by, the private foundation, its disqualified persons, or both;

(iii) Acquires 40 percent or more of the voting stock (or similar interest in the case of an unincorporated entity), 40 percent or more of the value of all outstanding shares of all classes of stock (or similar interest in the case of an unincorporated entity), or 40 percent or more of the assets of a business enterprise if the acquiring business enterprise’s net assets used in its trade or business prior to such acquisition are insubstantial when compared to the net assets acquired or when compared to the net assets of the business enterprise, the stock (or similar interest in the case of an unincorporated entity) of which was acquired. For this purpose, an insubstantial ratio means a ratio that is 15% or less; or

(iv) Is used as a device to acquire or expand excess business holdings. The determination of whether a business enterprise is used as a device to acquire or expand excess business holdings shall be determined based on all the

facts and circumstances. A business enterprise shall be presumed to have been used as a device to acquire or expand excess business holdings if it acquires 40 percent or more of the voting stock (or similar interest in the case of an unincorporated entity), 40 percent or more of the value of all outstanding shares of all classes of stock (or similar interest in the case of an unincorporated entity), or 40 percent or more of the assets of a business enterprise if the consideration for the acquisition consists primarily of nonvoting stock (or similar interest in the case of an unincorporated entity) of the acquiring business enterprise.

(3) *Corporation involved in a readjustment.* A corporation shall be treated as involved in a readjustment if, as part of the readjustment, any stock of the corporation is issued or redeemed, or any stock or assets of the corporation are distributed, exchanged, purchased, sold, acquired, or otherwise transferred.

(e) *Application to unincorporated business enterprise.* The rules of this section shall apply equally to partnerships and other unincorporated business enterprises, applying the rules and substitutions provided in § 53.4943-3(c)(2), (3), and (4).

(f) *Examples.* The provisions of this section and § 53.4943-6(d) are illustrated by the following examples, which assume no prohibited transactions are involved unless otherwise stated:

Example 1. (i) F, a private foundation, has owned 80% of the one outstanding class of stock of X corporation since 1965. The X is subject to section 4943(c)(4) with a first phase ending on May 25, 1984. On January 1, 1982, X merges with Y corporation to form Z corporation. X, Y, and Z are active business corporations. F owns no Y stock. No disqualified person with respect to F owns any stock in Y, Y, or Z. After the merger, F owns 25% of the one outstanding class of Z stock. Third parties do not control Z so that the 35% permitted holdings rule under section 4943(c)(2) is inapplicable.

(ii) F's percentage of voting power and value in Z after the merger (25%) are less than F's percentages of voting power and value in X before the merger (80%). Therefore, under paragraph (a)(1) of this section, all of F's holdings in Z are treated as the X stock surrendered. Therefore, the Z stock is treated as subject to section 4943(c)(4) with a first phase ending on May 25, 1984. Under

downward ratchet of paragraph (a)(5) of this section, the foundation voting and value levels and the substituted combined voting and value levels are reduced to 25%.

Example 2. (i) F, a private foundation, owns 100% of the one outstanding class of stock in X corporation and 30% of the one outstanding class of stock in Y corporation. F has held this stock continuously since 1960, and no disqualified person has even owned any stock in X or Y. Under section 4943(c)(4), F's holdings in X are treated as held by disqualified persons through the end of the first phase on May 25, 1989, and F's holdings in Y are permitted holdings during the second phase, which began on May 25, 1989, and F's holdings in Y are permitted holdings during the second phase, which began on May 26, 1979. On January 1, 1985, X and Y consolidate, forming a new corporation Z. In the consolidation, F acquires 50% of the one class of outstanding stock of Z, 40% in exchange for F's 100% interest in X and 10% in exchange for F's 30% interest in Y. Unrelated parties hold the remaining 50% of Z.

(ii) F's percentage of voting power and value in Z after the merger (50%) are less than F's percentages of voting power and value in X before the merger (100%). Thus, under paragraph (a)(1) of this section, the 50% interest in Z held by F is treated as the stock surrendered in the exchange for purposes of section 4943(c)(4). Under paragraph (b)(6) of this section, the 10% interest in Z received for the Y stock is subject to the same second phase period as the surrendered Y stock. The 40% interest first phase period as the surrendered X stock.

Example 3. (i) F, a private foundation, owns 50% of the one class of outstanding stock in X corporation which F has held continuously since 1935. No disqualified person with respect to F owns any stock in X. Neither F nor any disqualified person with respect to F owns any stock in Y corporation. On July 1, 1982, X and Y enter into an agreement to consolidate their businesses in a reorganization to which section 368(a)(1)(A) will apply. As a result of the contemplated consolidation, F will own 60% of the voting stock in Z, the resulting corporation. In addition, parties unrelated to F will own the remaining 40% of the Z voting stock and 100% of a new issue of nonvoting preferred stock in Z. Assume for purposes of this example, that the 60% of the voting stock to be held by F in Z will represent 50% of the fair market value of the outstanding Z stock.

(ii) Under the provisions of paragraph (b)(1) of this section, that portion of the Z stock held by F which represents a percentage of voting power equivalent to that held by F in X immediately prior to the consolidation (*i.e.*, 50%) will be treated as the X stock held by F on May 26, 1969, for purposes of section 4943(c)(4). Therefore, 50% of the Y stock will

be treated as subject to a second phase ending on May 25, 1994. The remaining portion of the Z voting stock held by F (10%) is subject to the provisions of § 53.4943-6(d)(1). F will have five years from the date of the merger in which to dispose of 10% of the Z stock without incurring the tax on excess business holdings.

Example 4. (i) F, a private foundation, owns 80% of the one class of outstanding stock in X corporation, an active business corporation. F has held this stock continuously since 1960 and no disqualified person with respect to F owns any stock in X. X has two operating divisions, one which manufactures shoes and the other which manufactures refrigerators. On January 1, 1978, in a section 351(a) exchange, X transferred all of the assets of its shoe manufacturing division to Y, a corporation which X has formed for this purpose, and receives 100% of the stock of Y so that Y is a wholly-owned subsidiary of X. X then transfers all of the Y stock to F in exchange for all of F's holdings of X stock in a distribution to which section 355 applies.

(ii) Under paragraph (b)(1) of this section, 80% of the Y stock is treated as the X stock surrendered in the exchange for purposes of section 4943(c)(4). The 80% is treated under § 53.4943-4(c) as held by disqualified persons through May 25, 1984, which constitutes the 15-year first phase holding period applicable to the 80% holding in X. The 80% of the Y stock must be reduced to the permitted holdings allowed during the second and third phase as provided by section 4943(c)(4)(D) in the same manner as F's holdings of X stock would have had to have been reduced.

(iii) Under § 53.4943-6(d)(1), the remaining 20% of Y stock is treated as held by a disqualified person for five years from the date of the exchange. F will have five years from the date of the exchange in which to dispose of 20% of the Y stock without incurring the tax on excess business holdings.

Example 5. (i) X corporation, an active business corporation, has outstanding 1,000 shares of one class of stock, of which 600 shares have been held by F1, a private foundation; 100 shares have been held by F2, another private foundation; and 100 shares have been held by D, a disqualified person with respect to both F1 and F2. Unrelated parties hold the remaining 200 shares. F1 and F2 are disqualified persons with respect to each other under section 4946(a)(1)(H). Thus, F1 holds 60% of the X stock (600/1000); F2 and D each hold 10% (100/1000); and the foundation group (F1, F2 and D) holds 80% of X (800/1000). The holdings of F1 and F2 were acquired on January 1, 1980 pursuant to a pre-1969 will and are subject to section 4943(c)(5). There have been no changes in holdings since January 1, 1980.

(ii) On January 1, 1985, pursuant to a plan to dispose of excess business holdings approved by the Commissioner under para-

graph (c) of this section, X redeems for cash the 600 shares held by F1. After the redemption, D and F2 each hold 25% of X (100/400). F1 no longer holds any X stocks. The foundation group's holdings (F1, F2 and D) have decreased from 80% to 50% while holdings of unrelated parties have increased from 20% to 50%. At the same time F2's and D's holdings each have increased from 10% to 25%.

(iii) Notwithstanding the increase in F2's and D's holdings, under paragraph (c) of this section, all of the X stock held by F2 will be treated as held by a disqualified person through the end of the first phase (December 31, 1994). However, the foundation voting and value levels do not increase. Therefore, after the end of the first phase, F2's holdings in X may not exceed 10 percent (if the combined holdings of F1, F2 and D exceed the permitted holdings under section 4943(c)(2)).

Example 6. (i) X corporation, an active business corporation, has outstanding 1,000 shares of its one class of stock. Since 1960, 100 shares (10%) have been held by F, a private foundation and 350 shares (35%) have been held by D, a disqualified person with respect to F. All of the stock held by F is permitted holdings under section 4943(c)(4) and the substituted combined voting and value levels are 45% (10% + 35%). Because of disagreements concerning management of X between D and A, an unrelated party who holds 300 shares (30%) of the X stock, X redeems all of A's shares on December 1, 1981.

(ii) After the redemption, F holds 14.3% (100/700) of the X stock and D holds 50% (350/700), for combined holdings of 64.3%. Because the combined holdings exceed the substituted combined voting level (45%) by more than F's entire holdings, all of the F stock is excess business holdings. However, all of F's stock will be treated as acquired other than by purchase under § 53.4943-6(d)(1) and therefore will be treated under section 4943(c)(6) and this section, as held by a disqualified person for five years from the date of the redemption (through November 30, 1986). If the combined holdings of F and its disqualified person are reduced to 45 percent by the end of the five year period, F may retain a portion of its holdings in X (limited to no more than the foundation voting and value level of 10 percent).

Example 7. Assume the same facts as in *Example (6)*, except that D loaned the money to X that was used to redeem A's shares. Under these facts, the increased holdings result from a prohibited transaction described in paragraph (d)(2) of this section. Therefore, all of F's stock will be treated as acquired by purchase by a disqualified person under § 53.4943-6(d)(2). F will have 90 days after the redemption in which to dispose of its holdings or to reduce its holdings and the combined holdings to the levels held prior to the redemption as discussed in *Example (6)*.

Example 8. (i) F, a private foundation, has held 100% of the outstanding stock of X corporation since 1960. F also holds 15% of the voting stock of Y corporation. Both X and Y are active business corporations. X has \$1 million in net assets used in its trade or business and Y has \$6.7 million used in its trade or business. On June 1, 1985, Y is merged into X. After the merger F holds 25% of the voting stock of X. No person other than F controls X after the merger.

(ii) Because more than 40% of Y was acquired and the net assets of X, the acquiring corporation, used in its trade or business prior to the merger represent less than 15% of the net assets of Y used in its trade or business, the merger is a prohibited transaction described in paragraph (d)(2)(iii). Therefore, only 15% of the stock X is treated, pursuant to paragraph (b), as the stock held by F prior to the redemption. F's holding of 5% (the excess of F's 25% holdings over the 20% permitted holdings in X (determined under section 4943(c)(2)) are treated as purchased by a disqualified person pursuant to § 53.4943-6(d)(2). F will have 90 days after June 1, 1985, in which to dispose of the 5% excess holdings.

[T.D. 7944, 49 FR 6480, Feb. 22, 1984]

§ 53.4943-8 Business holdings; constructive ownership.

(a) *Constructive ownership*—(1) *In general.* For purposes of section 4943, in computing the holdings in a business enterprise of a private foundation, or a disqualified person (as defined in section 4946), any stock or other interest owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be considered as being owned proportionately by or for its shareholders, partners, or beneficiaries except as otherwise provided paragraphs (b), (c) and (d) of this section. Any interest in a business enterprise actually or constructively owned by a shareholder of a corporation, a partner of a partnership, or beneficiary of an estate or trust shall not be considered as constructively held by the corporation, partnership, trust or estate. Further, if any corporation, partnership, estate or trust has a warrant or other option to acquire an interest in a business enterprise, such interest is not deemed to be constructively owned by such entity until the option is exercised. (See paragraph (b)(2) of § 53.4943-3 for rules that options are not stock for purposes of determining excess business holdings.)

(2) *Powers of appointment.* Any interest in business enterprise over which a foundation or a disqualified person has a power of appointment exercisable in favor of the foundation or a disqualified person shall be considered owned by the foundation or disqualified person holding such power of appointment.

(3) *Determination of extent of constructive ownership.* If an interest in a business enterprise owned by a corporation is constructively owned by a shareholder, each shareholder's proportion of ownership is generally computed on the basis of the voting stock each shareholder has in the corporation. In determining holdings permitted under section 4943(c) (4) and (5), each shareholder's proportion of ownership in the business enterprise shall also be computed on the basis of value, taking into account both voting and nonvoting stock held by the shareholder.
