study or research. The term includes the value of contributed services and accommodations (see paragraph (d) of this section) and the amount of tuition, matriculation, and other fees which are furnished or remitted to an individual to aid him in the pursuit of study or research. The term also includes any amount received in the nature of a family allowance as a part of a fellowship grant. However, the term does not include any amount provided by an individual to aid a relative, friend, or other individual in the pursuit of study or research where the grantor is motivated by family or philanthropic considerations.

(d) Contributed services and accommodations. The term ‘contributed services and accommodations’ means such services and accommodations as room, board, laundry service, and similar services or accommodations which are received by an individual as a part of a scholarship or fellowship grant.

(e) Candidate for a degree. The term ‘candidate for a degree’ means an individual, whether an undergraduate or a graduate, who is pursuing studies or conducting research to meet the requirements for an academic or professional degree conferred by colleges or universities. It is not essential that such study or research be pursued or conducted at an educational institution which confers such degrees if the purpose thereof is to meet the requirements for a degree of a college or university which does confer such degrees. A student who receives a scholarship for study at a secondary school or other educational institution is considered to be a “candidate for a degree.”

§ 1.117–4 Items not considered as scholarships or fellowship grants.

The following payments or allowances shall not be considered to be amounts received as a scholarship or a fellowship grant for the purpose of section 117:

(a) Educational and training allowances to veterans. Educational and training allowances to a veteran pursuant to section 400 of the Servicemen’s Readjustment Act of 1944 (58 Stat. 287) or pursuant to 38 U.S.C. 1631 (formerly section 231 of the Veterans’ Readjustment Assistance Act of 1952).

(b) Allowances to members of the Armed Forces of the United States. Tuition and subsistence allowances to members of the Armed Forces of the United States who are students at an educational institution operated by the United States or approved by the United States for their education and training, such as the United States Naval Academy and the United States Military Academy.

(c) Amounts paid as compensation for services or primarily for the benefit of the grantor. (1) Except as provided in paragraph (a) of §§1.117–2 and 1.117–5, any amount paid or allowed to, or on behalf of, an individual to enable him to pursue studies or research, if such amount represents either compensation for past, present, or future employment services or represents payment for services which are subject to the direction or supervision of the grantor.

(2) Any amount paid or allowed to, or on behalf of, an individual to enable him to pursue studies or research primarily for the benefit of the grantor. However, amounts paid or allowed to, or on behalf of, an individual to enable him to pursue studies or research are considered to be amounts received as a scholarship or fellowship grant for the purpose of section 117 if the primary purpose of the studies or research is to further the education and training of the recipient in his individual capacity and the amount provided by the grantor for such purpose does not represent compensation or payment for the services described in subparagraph (1) of this paragraph. Neither the fact that the recipient is required to furnish reports of his progress to the grantor, nor the fact that the results of his studies or research may be of some incidental benefits to the grantor shall, of itself, be considered to destroy the essential character of such amount as a scholarship or fellowship grant.

§ 1.117–5 Federal grants requiring future service as a Federal employee.

(a) In general. Under section 117(c), amounts received by an individual
