§1.512(a)-1 Definition.

(a) *In general.* Except as otherwise provided in §1.512(a)-3, §1.512(a)-4, or paragraph (f) of this section, section 512(a)(1) defines *unrelated business taxable income* as the gross income derived from any unrelated trade or business regularly carried on, less those deductions allowed by chapter 1 of the Code which are directly connected with the carrying on of such trade or business, subject to certain modifications referred to in §1.512(b)-1. To be deductible in computing unrelated business taxable income, therefore, expenses, depreciation, and similar items not only must qualify as deductions allowed by chapter 1 of the Code, but also must be directly connected with the carrying on of unrelated trade or business. Except as provided in paragraph

(d)(2) of this section, to be *directly connected with* the conduct of unrelated business for purposes of section 512, an item of deduction must have proximate and primary relationship to the carrying on of that business. In the case of an organization which derives gross income from the regular conduct of two or more unrelated business activities, unrelated business taxable income is the aggregate of gross income from all such unrelated business activities less the aggregate of the deductions allowed with respect to all such unrelated business activities. For the treatment of amounts of income or loss of common trust funds, see §1.584-2(c)(3).

(b) *Expenses attributable solely to unrelated business activities.* Expenses, depreciation, and similar items attributable solely to the conduct of unrelated business activities are proximately and primarily related to that business activity, and therefore qualify for deduction to the extent that they meet the requirements of section 162, section 167, or other relevant provisions of the Code, connected with the conduct of that activity and are deductible in computing unrelated business activities are directly connected with the conduct of that activity and are deductible in computing unrelated business taxable income if they otherwise qualify for deduction under the requirements of section 162. Similarly, depreciation of a building used entirely in the conduct of unrelated business activities would be an allowable deduction to the extent otherwise permitted by section 167.

(c) *Dual use of facilities or personnel.* Where facilities are used both to carry on exempt activities and to conduct unrelated trade or business activities, expenses, depreciation and similar items attributable to such facilities (as, for example, items of overhead), shall be allocated between the two uses on a reasonable basis. Similarly, where personnel are used both to carry on exempt activities and to conduct unrelated trade or business activities, expenses and similar items attributable to such personnel (as, for example, items of salary) shall be allocated between the two uses on a reasonable basis. The portion of any such item so allocated to the unrelated trade or
