that may be made pursuant to a provision in the partnership agreement that charges back minimum gain, are taken into account for purposes of the fractions rule only to the extent an allocation is made. See paragraph (m)(1)(ii) of this section. P2 does not satisfy the fractions rule with respect to the P2:P1B chain.

(n) Effective date—(1) In general. Section 514(c)(9)(E), as amended by sections 2004(h)(1) and (2) of the Technical and Miscellaneous Revenue Act of 1988, Pub. L. 100–647, applies generally with respect to property acquired by partnerships after October 13, 1987, and to partnership interests acquired after October 13, 1987.

(2) General effective date of the regulations. Section 1.514(c)–2 (a) through (m) applies with respect to partnership agreements entered into after December 30, 1992, property acquired by partnerships after December 30, 1992, and partnership interests acquired by qualified organizations after December 30, 1992 (other than a partnership interest that at all times after October 13, 1987, and prior to the acquisition was held by a qualified organization). For this purpose, paragraphs (a) through (m) of this section will be treated as satisfied with respect to partnership agreements entered into on or before May 13, 1994, property acquired by partnerships on or before May 13, 1994, and partnership interests acquired by qualified organizations on or before May 13, 1994, if the guidance set forth in (paragraphs (a) through (m) of §1.514(c)–2 of) PS–56–90, published at 1993–5 I.R.B. 42, February 1, 1993, is satisfied. (See §601.601(d)(2)(ii)(b) of this chapter).

(3) Periods after June 24, 1990, and prior to December 30, 1992. To satisfy the requirements of section 514(c)(9)(E) with respect to partnership agreements entered into after June 24, 1990, property acquired by partnerships after June 24, 1990, and partnership interests acquired by qualified organizations after June 24, 1990, (other than a partnership interest that at all times after October 13, 1987, and prior to the acquisition was held by a qualified organization) to which paragraph (n)(2) of this section does not apply, paragraphs (a) through (m) of this section must be satisfied as of the first day that section 514(c)(9)(E) applies with respect to the partnership, property, or acquired interest. For this purpose, paragraphs (a) through (m) of this section will be treated as satisfied if the guidance in sections I through VI of Notice 90–41, 90–1 C.B. 350, (see §601.601(d)(2)(ii)(b) of this chapter) has been followed.

(4) Periods prior to the issuance of Notice 90–41. With respect to partnerships commencing after October 13, 1987, property acquired by partnerships after October 13, 1987, and partnership interests acquired by qualified organizations after October 13, 1987, to which neither paragraph (n)(2) nor (n)(3) of this section applies, the Internal Revenue Service will not challenge an interpretation of section 514(c)(9)(E) that is reasonable in light of the underlying purposes of section 514(c)(9)(E) (as reflected in its legislative history) and that is consistently applied as of the first day that section 514(c)(9)(E) applies with respect to the partnership, property, or acquired interest. A reasonable interpretation includes an interpretation that substantially follows the guidance in either sections I through VI of Notice 90–41, (see §601.601(d)(2)(ii)(b) of this chapter) or paragraphs (a) through (m) of this section.

(5) Material modifications to partnership agreements. A material modification will cause a partnership agreement to be treated as a new partnership agreement in appropriate circumstances for purposes of this paragraph (n).

§ 1.514(d)–1 Basis of debt-financed property acquired in corporate liquidation.

(a) If debt-financed property is acquired by an exempt organization in a complete or partial liquidation of a corporation in exchange for its stock, the organization’s basis in such property shall be the same as it would be in the hands of the transferor corporation, increased by the amount of gain recognized to the transferor corporation upon such distribution and by the amount of any gain which is includible, on account of such distribution, in the
§ 1.514(e)–1 Definition of business lease.

(a) In general. The term business lease means any lease, with certain exceptions discussed in paragraph (c) of this section, for a term of more than 5 years of real property by an organization subject to section 511 (or by a partnership of which it is a member) if at the close of the organization’s taxable year there is a business lease indebtedness as defined in section 514(g) and §1.514(g)–1 with respect to such property. For the purpose of this section the term real property and the term premises include personal property of the lessor tax-exempt organization leased by it to a lessee of its real estate if the lease of such personal property is made under, or in connection with, the lease of such real estate. For amounts of business lease rents and deductions to be included in computing unrelated business taxable income for taxable years beginning before January 1, 1970, see §1.514(a)–2.

(b) Special rules.

(1) In computing the term of the lease, the period for which a lease may be renewed or extended by reason of an option contained therein shall be considered as part of the term. For example, a 3-year lease with an option for renewal for another such period is considered a lease for a term of 6 years. Another example is the case of a 1-year lease with option of renewal for another such term, where the parties at the end of each year renew the arrangement. In this case, during the fifth year (but not during the first 4 years), the lease falls within the 5-year rule, since the lease then involves 5 years and there is an option for the sixth year. In determining the term of the lease, the option for renewal of the lease is taken into account whether or not the exercise of the option depends upon conditions or contingencies.

(2) If the property is acquired subject to a lease, the term of such lease shall be considered to begin on the date of such acquisition. For example, if an exempt organization purchases, in whole

§ 1.514(e)–1 Allocation rules.

Where only a portion of property is debt-financed property, proper allocation of the basis, indebtedness, income, and deductions with respect to such property must be made to determine the amount of income or gain derived from such property which is to be treated as unrelated debt-financed income. See examples 2 and 3 of paragraph (b)(3)(iii) of §1.514(b)–1 for illustrations of proper allocation.
