(Sec. 201, Pub. L. 85–859, 72 Stat. 1362, as amended (26 U.S.C. 5212))

§ 19.1000 Reconsignment in transit.

When, prior to or on arrival at the premises of a consignee, spirits transferred in bond are found to be unsuitable for the intended purpose, were shipped in error, or, for any other bona fide reason, are not accepted by such consignee, or are not accepted by a carrier, they may be reconsigned, by the consignor, to himself, or to another qualified consignee. In such case, the bond, if any, of the proprietor to whom the spirits are reconsigned shall cover such spirits while in transit after reconsignment. In addition, if the spirits are reconsigned to a distilled spirits plant qualified under subpart G of this part, an application to receive spirits by transfer in bond (on Form 5100.16) must have been previously approved for the consignee. Notice of cancellation of the shipment shall be made by the consignor to the consignee and the consignor shall note the reconsignment on his copy of the document covering the original shipment. Where the reconsignment is to another proprietor, a new document shall be prepared and prominently marked with the word "Reconsignment".

§ 19.1001 Consignee premises.

(a) General. When spirits are received by transfer in bond, the proprietor shall examine each conveyance to determine whether the locks, seals, or other devices are intact upon arrival at his premises. If the locks, seals or other devices are not intact, he shall immediately notify the appropriate TTB officer, before removal of any spirits from the conveyance. The consignee shall determine the quantity of spirits received and record the quantity and the date received on the document received with the shipment. The consignee shall retain the document as the record of receipt required by §19.384.

(b) Portable containers. When spirits are received in barrels, drums, or similar portable containers, the proprietor shall examine each container and, unless the transfer was made in a secured conveyance and the seals or other devices are intact on arrival, verify the contents of each container. The proprietor shall record the quantity received for each container on a list, and shall attach a copy of the list to the invoice or other document received with the shipment.

(c) Bulk conveyances and pipelines. When spirits are received in bulk conveyances or by pipeline, the consignee shall gauge the spirits received and shall record the quantity so determined on the invoice or other document received with shipment. However, the appropriate TTB officer may waive the requirement for gauging spirits on receipt by pipeline if, because of the location of the premises, there will be no jeopardy to the revenue.

§ 19.1002 Prohibited uses, transfers, and withdrawals.

No person shall withdraw, use, sell, or otherwise dispose of distilled spirits (including fuel alcohol) produced under this subpart for other than fuel use. The law imposes criminal penalties on any person who withdraws, uses, sells or otherwise disposes of distilled spirits (including fuel alcohol) produced under this subpart for other than fuel use.
