§ 19.58 Use of taxpaid distilled spirits to manufacture products unfit for beverage use.

(a) *General.* Apothecaries, pharmacists, and manufacturers are not required to qualify as processors under 26 U.S.C. 5171 before manufacturing or compounding the following products, if the tax has been paid or determined on all of the distilled spirits contained therein:

(1) Medicines, medicinal preparations, food products, flavors, flavoring extracts, and perfume, conforming to the standards for approval of nonbeverage drawback products found in §§17.131-17.137 of this chapter, whether or not drawback is actually claimed on those products. Except as provided in paragraph (c) of this section, a formula need not be submitted if drawback is not desired.

(2) Patented, patent, and proprietary medicines that are unfit for use for beverage purposes.

(3) Toilet, medicinal, and antiseptic preparations and solutions that are unfit for use for beverage purposes.

(4) Laboratory reagents, stains, and dyes that are unfit for use for beverage purposes.

(5) Flavoring extracts, syrups, and concentrates that are unfit for use for beverage purposes.

(b) *Exceptions; products classed as beverages.* Products specified under part 17 of this chapter as being fit for beverage use are alcoholic beverages. Bitters, patent medicines, and similar alcoholic preparations which are fit for beverage purposes, although held out as having certain medicinal properties, are also alcoholic beverages. Such products are required to be manufactured on the bonded premises of a distilled spirits plant, and are subject to the provisions of this part.

(c) *Formulas and samples; when required.* On request of the appropriate TTB officer, or when in doubt as to the classification of a product, the manufacturer shall submit to the appro-

priate TTB officer the formula for and a sample of the product for examination to verify the manufacturer's claim of exemption from qualification requirements.

(d) *Change of formula; when required.* If the appropriate TTB officer finds at any time that any product manufactured under paragraph (a) of this section is being used for beverage purposes, or for mixing with beverage spirits other than by a processor, he or she shall notify the manufacturer to desist from manufacturing the product until the formula is changed to make the product not susceptible of beverage use and the change is approved by the appropriate TTB officer. (However, the provisions of this paragraph shall not prohibit such products, which are unfit for beverage use, from being used in small quantities for flavoring drinks at the time of serving for immediate consumption.) Where, pursuant to notice, the manufacturer does not desist, or the formula is not so modified as to make the product unsusceptible of beverage use, the manufacturer shall immediately qualify as a processor.
