(a) Applicability. Pursuant to a claim, the tax on spirits which are lost after determination of tax and before completion of physical removal from bonded premises, may be abated or remitted or refunded or credited without interest to the proprietor of the bonded premises where the loss occurred.

(b) Conditions. (1) Claims for losses under this section shall be filed in accordance with subpart C of this part.

(2) This section shall not apply if the tax would have been collectible by reason of 26 U.S.C. 5008(a)(1) if the loss occurred on bonded premises before determination of tax.

§ 19.565 Shortages of bottled distilled spirits.

(a) Determination of shortage. Unexplained shortages shall be determined by comparing the spirits recorded to be on hand with the results of the quantitative determination of the spirits found to be on hand by actual count during the physical inventory required by §19.402. When the recorded quantity is greater than the quantity determined by the physical inventory, the difference is an unexplained shortage. The records shall be adjusted to reflect the physical inventory.

(b) Payment of tax on shortage. An unexplained shortage of bottled distilled spirits shall be taxpaid:

(1) Immediately on a prepayment return on Form 5000.24, or

(2) On the return on Form 5000.24 for the return period during which the shortage was ascertained.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1323, as amended (26 U.S.C. 5008))

Subpart R—Containers and Marks

§ 19.581 Authorized containers.

(a) General. Proprietors shall use for any purpose of containing, storing, transferring, conveying, removing, or withdrawing spirits or denatured spirits under this part only containers which are authorized by, or under the provisions of this part for such purpose, and a container so authorized will be deemed to be an approved container for such purpose. Except where stated otherwise, the provisions of part 20 of this chapter apply to containers used for containing, storing and shipping of articles, and the provisions of 27 CFR part 24 apply to containers used for storage or transfer of wine. Except for liquor bottles, this subpart does not regulate or prohibit the use on plant premises of any container for purposes...
other than containing alcoholic substances.

(b) Alternate containers. In addition to the types of containers specifically authorized by this part for a particular purpose, a container of another type may be authorized for that purpose by the appropriate TTB officer on a finding by him that the use of such container will afford protection to the revenue equal to or greater than that afforded by the containers specifically authorized by this part, and that the use will not cause administrative difficulty. If another container is so authorized by the appropriate TTB officer, he shall prescribe the detail and manner in which such container shall be constructed, protected, and marked, consistent with the provisions of this part and the extent of such use. Similarly, where a container authorized for a particular purpose is required by this subpart to be made of specified materials, the appropriate TTB officer may authorize the use of containers made of other materials which he has found to be suitable for the intended purpose.

(c) Cases. Except for encased containers, containers for denatured spirits and spirits for industrial use of a capacity of 1 gallon or less shall be placed in cases which afford reasonable protection against breakage.

(d) Articles. Articles shall be packaged and labeled in accordance with the provisions of 27 CFR part 20.
