§ 25.113 Amending the dealer registration.

Every brewer registered as a dealer under this subpart must maintain a current and accurate Brewer’s Notice, TTB Form 5130.10. Whenever there is a change to any of the information provided in the approved Brewer’s Notice, the brewer must amend the notice within the time period specified in subpart G of this part. An amendment to the Brewer’s Notice, Form 5130.10, will also serve as an amendment of the brewer’s dealer registration under this subpart. The brewer’s dealer registration will also terminate when brewery operations under the Brewer’s Notice terminate.

§ 25.114 Dealer records.

Every dealer is required to maintain records of transactions. Beer transactions that appear in the records required by subpart U of this part will meet the brewer’s recordkeeping requirements as a dealer. For other transactions not covered in the brewery records, such as retail sales of wine or distilled spirits in a restaurant at the brewery, or operations as a wholesale dealer in wine or distilled spirits, the brewer must keep the records specified for dealers in part 31 of this chapter.

Subpart J—Marks, Brands, and Labels

§ 25.141 Barrels and kegs.

(a) General requirements. The brewer’s name or trade name and the place of production (city and, if necessary for identification, State) shall be permanently marked on each barrel or keg. If the place of production is clearly shown on the bung or on the tap cover, or on a label securely affixed to each barrel or keg, the place of production need not be permanently marked on each barrel or keg. No statement as to payment of internal revenue taxes may be shown.

(b) Breweries of same ownership. (1) If two or more breweries are owned or operated by the same person, firm, or corporation (as defined in §25.181), the place of production:

(i) May be shown as the only location on the bung, or on the tap cover, or on a separate label attached to the keg;

(ii) May be included in a listing of the locations of breweries qualified under this part if the place of production is not given less emphasis than any of the other locations; or

(iii) Need not be shown if the brewer’s principal place of business is shown in lieu of any other location. The brewer’s principal place of business will be the location of a brewery operated by the brewer and qualified under this part.

(2) If the location of two or more breweries is shown on the keg, bung, tap cover, or on a separate label attached to the keg (paragraph (b)(1)(ii)), or if the brewer’s principal place of business is shown in lieu of the actual place of production (paragraph (b)(1)(iii)), the brewer shall indicate the actual place of production by printing, coding or other markings on the keg, bung, tap cover, or on a separate label attached to the keg. The coding system employed will permit an appropriate TTB officer to determine the place of production (including street address if two or more breweries are located in the same city) of the beer. The brewer must notify the appropriate TTB officer prior to employing a coding system.

(c) Label approval required. Labels or tap covers used by brewers shall be covered by certificates of label approval, Form 5100.31, when required by Part 7 of this chapter.

(26 U.S.C. 5121, 5122)

§ 25.142 Bottles.

(a) Label requirements. Each bottle of beer shall show by label or otherwise
the name or trade name of the brewer, the net contents of the bottle, the nature of the product such as beer, ale, porter, stout, etc., and the place of production (city and, when necessary for identification, State). No statement as to payment of internal revenue taxes may be shown.

(b) Breweries of same ownership. (1) If two or more breweries are owned or operated by the same person, firm, or corporation (as defined in §25.181), the place of production:
   (i) May be shown as the only location on the label;
   (ii) May be included in a listing of the locations of breweries qualified under this part if the place of production is not given less emphasis than any of the other locations; or
   (iii) Need not be shown if the brewer’s principal place of business is shown in lieu of any other location. The brewer’s principal place of business will be the location of a brewery operated by the brewer and qualified under this part.

(2) If the location of two or more breweries is shown on the label (paragraph (b)(1)(ii)), or if the brewer’s principal place of business is shown on the label in lieu of any other location. The brewer’s principal place of business will be the location of a brewery operated by the brewer and qualified under this part.

(c) Distinctive names. If the brewer’s name, trade name or brand name includes the name of a city which is not the place where the beer was produced, the appropriate TTB officer may require the brewer to state the actual place of production on the label.

(d) Tolerances. The statement of net contents shall indicate exactly the volume of beer within the bottle except for variations in measuring as may occur in filling conducted in compliance with good commercial practice. The barrel equivalent of bottles filled during a consecutive three month period, calculated on the basis of the brewer’s fill test records, may not vary more than 0.5 percent from the barrel equivalent of bottles filled during the same period, calculated on the basis of the stated net contents of the bottles. The brewer is liable for the tax on the entire amount of beer removed, without benefit of tolerance, when the fill of bottles and cans exceeds the tolerance for the three month period, or when filling is not conducted in compliance with good commercial practice.

(e) Label approval required. Labels used by brewers shall be covered by certificates of label approval, Form 5100.31, when required by Part 7 of this chapter.

(f) Short-fill bottles. A brewer may dispose of taxpaid short-fill bottles of beer to employees for their use but not for resale. These bottles need not be labeled, but if labeled they need not show an accurate statement of net contents.
