§ 16.42 Responsibility for responding to requests for access to records.

(a) In general. Except as stated in paragraphs (c), (d), and (e) of this section, the component that first receives a request for access to a record, and has possession of that record, is the component responsible for responding to the request. In determining which records are responsive to a request, a component ordinarily shall include only those records in its possession as of the date the component begins its search for them. If any other date is used, the component shall inform the requester of that date.

(b) Authority to grant or deny requests. The head of a component, or the component head's designee, is authorized to grant or deny any request for access to a record of that component.

(c) Consultations and referrals. When a component receives a request for access to a record in its possession, it shall determine whether another component, or another agency of the Federal Government, is better able to determine whether the record is exempt from access under the Privacy Act. If the receiving component determines that it is best able to process the record in response to the request, then it shall do so. If the receiving component determines that it is not best able to process the record, then it shall either:

(1) Respond to the request regarding that record, after consulting with the component or agency best able to determine whether the record is exempt from access and with any other component or agency that has a substantial interest in it; or

(2) Refer the responsibility for responding to the request regarding that record to the component best able to determine whether it is exempt from access, or to another agency that originated the record (but only if that agency is subject to the Privacy Act). Ordinarily, the component or agency that originated a record will be presumed to

(4) That you are acting on behalf of that individual in making the request.

be best able to determine whether it is exempt from access.

(d) Law enforcement information. Whenever a request is made for access to a record containing information that relates to an investigation of a possible violation of law and that was originated by another component or agency, the receiving component shall either refer the responsibility for responding to the request regarding that information to that other component or agency or shall consult with that other component or agency.

(e) Classified information. Whenever a request is made for access to a record containing information that has been classified by or may be appropriate for classification by another component or agency under Executive Order 12958 or any other executive order concerning the classification of records, the receiving component shall refer the responsibility for responding to the request regarding that information to the component or agency that classified the information, should consider the information for classification, or has the primary interest in it, as appropriate. Whenever a record contains information that has been derivatively classified by a component because it contains information classified by another component or agency, the component shall refer the responsibility for responding to the request regarding that information to the component or agency that classified the underlying information.

(f) Notice of referral. Whenever a component refers all or any part of the responsibility for responding to a request to another component or agency, it ordinarily shall notify the requester of that determination in writing. Adverse determinations, or denials of requests, consist of: A determination to withhold any requested record in whole or in part; a determination that a requested record does not exist or cannot be located; a determination that what has been requested is not a record subject to the Privacy Act; a determination on any disputed fee matter; and a denial of a request for expedited treatment. The notification letter shall be signed by the head of the component, or the component head’s designee, and shall include:

(1) The name and title or position of the person responsible for the denial;
(2) A brief statement of the reason(s) for the denial, including any Privacy Act access request.

§ 16.43 Responses to requests for access to records.

(a) Acknowledgements of requests. On receipt of a request, a component ordinarily shall send an acknowledgement letter to the requester which shall confirm the requester’s agreement to pay fees under §16.41(c) and provide an assigned request number for further reference.

(b) Grants of requests for access. Once a component makes a determination to grant a request for access in whole or in part, it shall notify the requester in writing. The component shall inform the requester in the notice of any fee charged under §16.49 and shall disclose records to the requester promptly on payment of any applicable fee. If a request is made in person, the component may disclose records to the requester directly, in a manner not unreasonably disruptive of its operations, on payment of any applicable fee and with a written record made of the grant of the request. If a requester is accompanied by another person, the requester shall be required to authorize in writing any discussion of the records in the presence of the other person.

(c) Adverse determinations of requests for access. A component making an adverse determination denying a request for access in any respect shall notify the requester of that determination in writing. Adverse determinations, or denials of requests, consist of: A determination to withhold any requested record in whole or in part; a determination that a requested record does not exist or cannot be located; a determination that what has been requested is not a record subject to the Privacy Act; a determination on any disputed fee matter; and a denial of a request for expedited treatment. The notification letter shall be signed by the head of the component, or the component head’s designee, and shall include:

(1) The name and title or position of the person responsible for the denial;
(2) A brief statement of the reason(s) for the denial, including any Privacy Act access request.
