Subpart H—FPI Inmate Training and Scholarship Programs

§ 345.80 General.

As earnings permit, FPI provides appropriate training for inmates which is directly related to the inmate worker's job assignment. Additionally, FPI administers a scholarship program to provide inmates with an opportunity to begin, or to continue with business and industry courses or vocational training.

(a) An applicant for FPI-funded training programs should be evaluated to determine sufficient interest and preparation to successfully complete the course content. The evaluation may be done by the Education Department, unit team, or other qualified personnel.

(b) An inmate selected to participate in FPI-funded training programs ordinarily must have enough sentence time remaining to serve to complete the training.

§ 345.81 Pre-industrial training.

FPI encourages the development and use of pre-industrial training programs. Such training ordinarily provides benefits to the inmate and to the FPI factory. Pre-industrial training also provides an additional management tool for replacing inmate idleness with constructive activity. Accordingly, each FPI factory location may provide a pre-industrial training program.

(a) Pre-industrial program trainees shall ordinarily begin at the entry level pay grade (grade 5). Positions for pre-industrial training programs are filled in the same manner as other grade five positions.

(b) Pre-industrial training is not a prerequisite for work placement if the inmate already possesses the needed skill.

(c) If pre-industrial training is available and the worker has not completed both the skill training and orientation phases of pre-industrial training, the

inmate should be put into the first available training class.

(d) When pre-industrial training is not available, new FPI assignees will receive on-the-job training in pre-industrial pay status for a period of at least 30 days before being promoted into available fourth grade jobs.

§ 345.82 Apprenticeship training.

FPI provides inmate workers with an opportunity to participate in apprenticeship training programs to the extent practicable. Such programs help prepare workers for post-release employment in a variety of trades. Apprentices are given related trades classroom instruction in addition to the skill training during work hours, where necessary.

§ 345.83 Job safety training.

FPI provides inmates with regular job safety training which is developed and scheduled in coordination with the institution Safety Manager. Participation in the training shall be documented in a safety training record signed by the inmate.

§ 345.84 The FPI scholarship fund.

FPI shall award post-secondary school scholarships to selected, qualified inmate workers. These scholarships provide an inmate with the opportunity to begin or continue with business and industry courses or vocational training as approved and deemed appropriate by the Supervisor of Education.

(a) *Eligibility requirements.* The SOI and the Supervisor of Education at each institution shall develop application procedures to include, at a minimum, the following criteria:

(1) The inmate shall be a full-time FPI worker.

(2) The inmate has a favorable recommendation for participation from his or her work supervisor.

(3) The inmate meets all relevant institution requirements for participation (e.g. disciplinary record, custody level).

(4) The inmate is accepted by the institution of higher learning offering the course or program which is requested.

(5) The inmate must maintain a verifiable average of "C" or better to continue program eligibility.

(6) Before beginning the course of study, the inmate must sign an agreement to provide the SOI with an unaltered, original copy of his or her grades.

(b) *Scholarship selection procedures.* FPI scholarship awards shall be made by a three member Selection Committee comprised of the SOI, the Supervisor of Education, and one other person designated by the SOI.

(c) *Scholarship program operation.* (1) Ordinarily, one scholarship may be awarded per school period for every fifty workers assigned. At least one scholarship may be awarded at each institution location, regardless of the number of inmates assigned.

(2) Individual scholarships ordinarily should not exceed the cost of tuition and books for one course. Where several courses may be taken for the same cost as one, the inmate worker may be allowed to take more than one course.

(3) Scholarship monies are to be paid only to the institution providing instruction, or to the Education Department for transfer of funds to the college, university, or technical institution providing instruction.

(4) An inmate may not receive more than one scholarship per school period.

(5) An inmate must maintain at least a "C" average to be continued as eligible for further assistance. An inmate earning less than "C" must wait one school period of eligibility before re-applying for further assistance. Where a course grade is based on a "pass/fail" system, the course must be "passed" to be eligible for further assistance.

(6) An inmate awarded a correspondence course must successfully complete the course during a school year (e.g., 2 semesters, 3 quarters).

(7) An inmate receiving scholarship aid must have approval from the SOI and the Supervisor of Education before withdrawing from classes for good reason. An inmate withdrawing or "dropping" courses without permission shall wait one school year before applying for further scholarship assistance. An inmate may withdraw from courses without penalty for medical or non-disciplinary administrative reasons such
