

§ 550.31

at least 50 percent of those inmates who are involved in community activities. In addition, staff shall randomly sample each institution's inmate population during each month to test for drug use.

§ 550.31 Procedures.

(a) Staff of the same sex as the inmate tested shall directly supervise the giving of the urine sample. If an inmate is unwilling to provide a urine sample within two hours of a request for it, staff ordinarily shall file an incident report. No waiting period or extra time need be allowed for an inmate who directly and specifically refuses to provide a urine sample. To eliminate the possibility of diluted or adulterated samples, staff shall keep the inmate under direct visual supervision during this two-hour period, or until a complete sample is furnished. To assist the inmate in giving the sample, staff shall offer the inmate eight ounces of water at the beginning of the two-hour time period. An inmate is presumed to be unwilling if the inmate fails to provide a urine sample within the allotted time period. An inmate may rebut this presumption during the disciplinary process.

(b) Institution staff shall determine whether a justifiable reason exists, (e.g., use of prescribed medication) for any positive urine test result. If the inmate's urine test shows a positive test result for the presence of drugs which cannot be justified, staff shall file an incident report.

Subpart E—Drug Services (Urine Surveillance and Counseling for Sentenced Inmates in Contract CTCs)

SOURCE: 48 FR 24624, June 1, 1983, unless otherwise noted.

§ 550.40 Purpose and scope.

The Bureau of Prisons requires that an inmate who is serving a sentence in a contract community treatment center (CTC) participate in a program of urine testing for drug use. An inmate who is serving a sentence in a contract CTC, and who has drug aftercare as a condition of release also shall receive

28 CFR Ch. V (7-1-10 Edition)

drug counseling during the inmate's stay at the contract CTC.

§ 550.41 Urine surveillance.

A program of urine testing for drug use shall be established in contract CTCs.

(a) Urine surveillance shall be conducted on all inmates serving their sentence in a contract CTC:

(1) Who have drug aftercare as a condition of release;

(2) Who have a known history of drug abuse; or

(3) Who are suspected of using drugs.

Center staff shall collect a minimum of six samples per month from an inmate who meets one or more of the criteria listed in paragraphs (a) (1) through (3) of this section.

(b) The Center Director shall establish a schedule for random collection for all other sentenced inmates not identified in paragraph (a) of this section.

§ 550.42 Procedures for urine surveillance.

(a) Contractor authorized personnel of the same sex as the inmate must witness collection of the inmate's urine sample. Inmates may not be involved in the collection, recording, mailing, or processing of the test results.

(b) If an inmate fails to provide a urine sample within two hours of a request for it, center staff may file a disciplinary report. To eliminate the possibility of diluted or adulterated samples, center staff shall keep the inmate under direct supervision during this two-hour period.

(c) Center staff shall have each positive urine test validated to substantiate the positive result. Center staff shall file a disciplinary report if the inmate's urine test shows a positive result for the presence of drugs which the inmate cannot satisfactorily justify to center staff.

(d) The results of disciplinary hearings and a copy of positive urine testing results which the inmate cannot satisfactorily justify to center staff shall be sent to the appropriate Regional U.S. Parole Commission Office, the Community Programs Manager (CPM), and the U.S. Probation Office.
