§ 4211.22 Requests for PBGC approval.

(a) Filing of request.—(1) In general. A plan shall submit a request for approval of an alternative allocation method or modification to an allocation method to the PBGC in accordance with the requirements of this section as soon as practicable after the adoption of the amendment.

(2) Method of filing. The PBGC applies the rules in subpart A of part 4000 of this chapter to determine permissible methods of filing with the PBGC under this subpart.

(b) Who shall submit. The plan sponsor, or a duly authorized representative acting on behalf of the plan sponsor, shall sign the request.

(c) Where to submit. See § 4000.4 of this chapter for information on where to file.

(d) Content. Each request shall contain the following information:

(1) The name, address and telephone number of the plan sponsor, and of the duly authorized representative, if any, of the plan sponsor.

(2) The name of the plan.

(3) The nine-digit Employer Identification Number (EIN) that the Internal Revenue Service assigned to the plan sponsor and the three-digit Plan Identification Number (PIN) that the plan sponsor assigned to the plan, and, if different, also the EIN-PIN that the plan last filed with the PBGC. If the plan has no EIN-PIN, the request shall so indicate.

(4) The date the amendment was adopted.

(5) A copy of the amendment, setting forth the full text of the alternative allocation method or modification.

(6) The allocation method that the plan currently uses and a copy of the plan amendment (if any) that adopted the method.

(7) A statement certifying that notice of the adoption of the amendment has been given to all employers that have an obligation to contribute under the plan and to all employee organizations that represent employees covered by the plan.

(e) Additional information. In addition to the information listed in paragraph (d) of this section, the PBGC may require the plan sponsor to submit any other information that the PBGC determines is necessary for the review of an alternative allocation method or modification to an allocation method.

§ 4211.23 Approval of alternative method.

(a) General. The PBGC shall approve an alternative allocation method or modification to an allocation method if the PBGC determines that adoption of the method or modification would not significantly increase the risk of loss to plan participants and beneficiaries or to the PBGC.

(b) Criteria. An alternative allocation method or modification to an allocation method satisfies the requirements of paragraph (a) of this section if it meets the following three conditions:

(1) The method or modification allocates a plan’s unfunded vested benefits, both for the adoption year and for the five subsequent plan years, to the same extent as any of the statutory allocation methods, or any modification to a statutory allocation method permitted under subpart B.

(2) The method or modification allocates unfunded vested benefits to each employer on the basis of either the employer’s share of contributions to the plan or the unfunded vested benefits attributable to each employer. The method or modification may take into account differences in contribution rates paid by different employers and differences in benefits of different employers’ employees.

(3) The method or modification fully reallocates among employers that have not withdrawn from the plan all unfunded vested benefits that the plan sponsor has determined cannot be collected from withdrawn employers, or that are not assessed against withdrawn employers because of section 4209, 4219(c)(1)(B) or 4225 of ERISA.

§ 4211.32

(c) *PBGC action on request.* The PBGC’s decision on a request for approval shall be in writing. If the PBGC disapproves the request, the decision shall state the reasons for the disapproval and shall include a statement of the sponsor’s right to request a reconsideration of the decision pursuant to part 4003 of this chapter.

§ 4211.24 Special rule for certain alternative methods previously approved.

A plan may not apply to any employer withdrawing on or after November 25, 1987, an allocation method approved by the PBGC before that date that allocates to the employer the greater of the amounts of unfunded vested benefits determined under two different allocation rules. Until a plan that has been using such a method is amended to adopt a valid allocation method, its allocation method shall be deemed to be the statutory allocation method that would apply if it had never been amended.

Subpart D—Allocation Methods for Merged Multiemployer Plans

§ 4211.31 Allocation of unfunded vested benefits following the merger of plans.

(a) General rule. Except as provided in paragraphs (b) through (d) of this section, when two or more multiemployer plans merge, the merged plan shall adopt one of the statutory allocation methods, in accordance with subpart B of this part, or one of the allocation methods prescribed in §§ 4211.32 through 4211.35, and the method adopted shall apply to all employer withdrawals occurring after the initial plan year. Alternatively, a merged plan may adopt its own allocation method in accordance with subpart C of this part. If a merged plan fails to adopt an allocation method pursuant to this subpart or subpart B or C, it shall use the presumptive allocation method prescribed in § 4211.32. In addition, a merged plan may adopt any of the modifications prescribed in § 4211.36 or in subpart B of this part.

(b) Construction plans. Except as provided in the next sentence, a merged plan that primarily covers employees in the building and construction industry shall use the presumptive allocation method prescribed in § 4211.32. However, the plan may, with respect to employers that are not construction industry employers within the meaning of section 4203(b)(1)(A) of ERISA, adopt, by amendment, one of the alternative methods prescribed in §§ 4211.33 through 4211.35 or any other allocation method. Any such amendment shall be adopted in accordance with subpart C of this part. A construction plan may, without the PBGC’s approval, adopt by amendment any of the modifications set forth in § 4211.36 or any of the modifications to the statutory presumptive method set forth in § 4211.12.

(c) Section 404(c) plans. A merged plan that is a continuation of a plan described in section 404(c) of the Code shall use the rolling-5 allocation method prescribed in § 4211.34, unless the plan, by amendment, adopts an alternative method. The plan may adopt one of the statutory allocation methods or one of the allocation methods set forth in §§ 4211.32 through 4211.35 without PBGC approval; adoption of any other allocation method is subject to PBGC approval under subpart B of this part. The plan may, without the PBGC’s approval, adopt by amendment any of the modifications set forth in § 4211.36 or in subpart B of this part.

(d) Withdrawals before the end of the initial plan year. For employer withdrawals after the effective date of a merger and prior to the end of the initial plan year, the amount of unfunded vested benefits allocable to a withdrawing employer shall be determined in accordance with § 4211.37.

§ 4211.32 Presumptive method for withdrawals after the initial plan year.

(a) General rule. Under this section, the amount of unfunded vested benefits allocable to an employer that withdraws from a merged plan after the initial plan year is the sum (but not less than zero) of—

(1) The employer’s proportional share, if any, of the unamortized amount of the plan’s initial plan year unfunded vested benefits, as determined under paragraph (b) of this section;
