§ 30.6 Q–6: How does a TARP recipient comply with the requirement under § 30.4 (Q–4) of this part that the compensation committee discuss, evaluate, and review the employee compensation plans to ensure that these plans do not encourage the manipulation of reported earnings of the TARP recipient to enhance the compensation of any of the TARP recipient’s employees?

The compensation committee must discuss, evaluate, and review at least every six months the terms of each employee compensation plan and identify and eliminate the features in these plans that could encourage the manipulation of reported earnings of the TARP recipient to enhance the compensation of any employee.

§ 30.7 Q–7: How does a TARP recipient comply with the certification and disclosure requirements under § 30.4 (Q–4) of this part?

(a) Certification. The compensation committee must provide the certifications required by § 30.4 (Q–4) of this part stating that it has reviewed, with the TARP recipient’s senior risk officers, the SEO compensation plans to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks, the employee compensation plans to limit any unnecessary risks these plans pose to the TARP recipient, and the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the TARP recipient to enhance the compensation of any employee. For any period during which no obligation arising from financial assistance provided under the TARP remains outstanding, the requirements under this paragraph shall be modified to be consistent with § 30.4(d) (Q–4(d)). Providing a statement similar to the following and in the manner provided in paragraphs (c) and (d) of this section, as applicable, would satisfy this standard:

“The compensation committee certifies that:

(1) It has reviewed with senior risk officers the senior executive officer (SEO) compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of [identify TARP recipient];

(2) It has reviewed with senior risk officers the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to the [identify TARP recipient]; and

(3) It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of [identify TARP recipient] to enhance the compensation of any employee.”

(b) Disclosure. At least once per TARP recipient fiscal year, the compensation committee must provide a narrative description identifying each SEO compensation plan and explaining how the SEO compensation plan does not encourage the SEOs to take unnecessary and excessive risks that threaten the value of the TARP recipient. The compensation committee must also identify each employee compensation plan, explain how any unnecessary risks posed by the employee compensation plan have been limited, and further explain how the employee compensation plan does not encourage the manipulation of reported earnings to enhance the compensation of any employee.

(c) Location. For TARP recipients with securities registered with the SEC pursuant to the Federal securities law, the compensation committee must provide these certifications and disclosures in the Compensation Committee Report required pursuant to Item 407(e) of Regulation S–K under the Federal securities laws (17 CFR 229.407(e)) and to Treasury. These disclosures must be provided in the Compensation Committee Report for any disclosure pertaining to any fiscal year any portion of which is a TARP period (for a TARP recipient with an obligation), or for any disclosure pertaining to any fiscal year.
