(b) Legacy Treasury Direct. The Legacy Treasury Direct system is a non-Internet-based book-entry system maintained by Treasury for purchasing, holding, and conducting permitted transactions in eligible marketable Treasury securities as book-entry products. The terms and conditions for the Legacy Treasury Direct system are found at 31 CFR part 357, subpart C.

(c) Commercial book-entry system. The commercial book-entry system is the book-entry system in which Treasury securities are held in a tiered system through securities intermediaries such as financial institutions or brokerage firms. The regulations governing the commercial book-entry system are found at 31 CFR part 357, subpart B, and may be referred to in that part as Treasury/Reserve Automated Debt Entry System (TRADES).
