

profit participant to have audits performed by an IPA, rather than the DCAA, you must report that fact with the other information you submit about the TIA. Note that you also must include information about any use of IPAs permitted by subawards that participants make to for-profit firms, as provided in §37.670. Information about a subaward under the TIA must be reported even if you receive the information in a subsequent year, when information about the TIA itself does not need to be reported.

(d) The requirements in this section to report information to the DTIC should not be confused with the post-award requirement to forward copies of technical reports to the DTIC, as described at §§37.890 and 37.895. The reporting requirements in this section are assigned the Report Control Symbol DD-AT&L(A) 1936.

§ 37.1035 How do I know if my TIA uses the 10 U.S.C. 2371 authority and I must report additional data under § 37.1030(b)?

As explained in appendix B to this part, a TIA uses the authority of 10 U.S.C. 2371 and therefore must be included in the DoD's annual report to Congress on the use of 10 U.S.C. 2371 authorities if it:

(a) Is an assistance transaction other than a grant or cooperative agreement, by virtue of its patent rights provision; or

(b) Includes a provision to recover funds from a recipient, as described at §37.580.

§ 37.1040 When and how do I report information required by § 37.1035?

Information that you report, in accordance with §37.1030, to the office that your DoD Component designates as the central point for reporting to the DTIC must be:

(a) Submitted by the dates that your central point establishes (which is consistent with the schedule DTIC specifies to DoD Components).

(b) In the format that your central point provides (which is consistent with the format that the DTIC specifies to DoD Components).

DISTRIBUTING COPIES OF THE AWARD DOCUMENT

§ 37.1045 To whom must I send copies of the award document?

You must send a copy of the award document to the:

(a) Recipient. You must include on the first page of the recipient's copy a prominent notice about the current DoD requirements for payment by electronic funds transfer (EFT).

(b) Office you designate to administer the TIA. You are strongly encouraged to delegate post-award administration to the regional office of the Defense Contract Management Agency or Office of Naval Research that administers awards to the recipient. When delegating, you should clearly indicate on the cover sheet or first page of the award document that the award is a TIA, to help the post-award administrator distinguish it from other types of assistance instruments.

(c) Finance and accounting office designated to make the payments to the recipient.

Subpart I—Post-Award Administration

§ 37.1100 What are my responsibilities generally as an administrative agreements officer for a TIA?

As the administrative agreements officer for a TIA, you have the responsibilities that your office agreed to accept in the delegation from the office that made the award. Generally, you will have the same responsibilities as a post-award administrator of a grant or cooperative agreement, as described in 32 CFR 22.715. Responsibilities for TIAs include:

(a) Advising agreements officers before they award TIAs on how to establish award terms and conditions that better meet research programmatic needs, facilitate effective post-award administration, and ensure good stewardship of Federal funds.

(b) Participating as the business partner to the DoD program official to ensure the Government's substantial involvement in the research project. This may involve attendance with program officials at kickoff meetings or post-award conferences with recipients.

It also may involve attendance at the consortium management's periodic meetings to review technical progress, financial status, and future program plans.

(c) Tracking and processing of reports required by the award terms and conditions, including periodic business status reports, programmatic progress reports, and patent reports.

(d) Handling payment requests and related matters. For a TIA using advance payments, that includes reviews of progress to verify that there is continued justification for advancing funds, as discussed in § 37.1105(b). For a TIA using milestone payments, it includes making any needed adjustments in future milestone payment amounts, as discussed in § 37.1105(c).

(e) Coordinating audit requests and reviewing audit reports for both single audits of participants' systems and any award-specific audits that may be needed, as discussed in §§ 37.1115 and 37.1120.

(f) Responding, after coordination with program officials, to recipient requests for permission to sell or exclusively license intellectual property to entities that do not agree to manufacture substantially in the United States, as described in § 37.875(b). Before you grant approval for any technology, you must secure assurance that the Government will be able to use the technology (*e.g.*, a reasonable license for Government use, if the recipient is selling the technology) or seek reimbursement of the Government's investments.

(g) Notifying the agreements officer who made the award if a participant informs you about a subaward allowing a for-profit subrecipient to have audits performed by an IPA, rather than the DCAA. You should alert the awarding official that he or she must report the information, as required by § 37.1030(c).

§ 37.1105 What additional duties do I have as the administrator of a TIA with advance payments or payable milestones?

Your additional post-award responsibilities as an administrative agreements officer for an expenditure-based TIA with advance payments or payable

milestones are to ensure good cash management. To do so, you must:

(a) For any expenditure-based TIA with advance payments or payable milestones, forward to the responsible payment office any interest that the recipient remits in accordance with § 37.820(b). The payment office will return the amounts to the Department of the Treasury's miscellaneous receipts account.

(b) For any expenditure-based TIA with advance payments, consult with the program official and consider whether program progress reported in periodic reports, in relation to reported expenditures, is sufficient to justify your continued authorization of advance payments under § 37.805(b).

(c) For any expenditure-based TIA using milestone payments, work with the program official at the completion of each payable milestone or upon receipt of the next business status report to:

(1) Compare the total amount of project expenditures, as recorded in the payable milestone report or business status report, with the projected budget for completing the milestone; and

(2) Adjust future payable milestones, as needed, if expenditures lag substantially behind what was originally projected and you judge that the recipient is receiving Federal funds sooner than necessary for program purposes. Before making adjustments, you should consider how large a deviation is acceptable at the time of the milestone. For example, suppose that the first milestone payment for a TIA you are administering is \$50,000, and that the awarding official set the amount based on a projection that the recipient would have to expend \$100,000 to reach the milestone (*i.e.*, the original plan was for the recipient's share at that milestone to be 50% of project expenditures). If the milestone payment report shows \$90,000 in expenditures, the recipient's share at this point is 44% (\$40,000 out of the total \$90,000 expended, with the balance provided by the \$50,000 milestone payment of Federal funds). For this example, you should adjust future milestones if you judge that a 6% difference in the recipient's share at the first milestone is too large, but not otherwise. Remember
