

section includes State and local laws imposing premium taxes on health or dental insurance carriers or underwriters or other plan managers, or similar taxes on such entities. Such laws are laws relating to health insurance, prepaid health plans, or other health care delivery or financing methods, within the meaning of section 1103. Preemption, however, does not apply to taxes, fees, or other payments on net income or profit realized by such entities in the conduct of business relating to DoD health services contracts, if those taxes, fees or other payments are applicable to a broad range of business activity. For the purposes of assessing the effect of Federal preemption of State and local taxes and fees in connection with DoD health and dental services contracts, interpretations shall be consistent with those applicable to the Federal Employees Health Benefits Program under 5 U.S.C. 8909(f).

(m) *Administration.* The Assistant Secretary of Defense (Health Affairs) or designee may establish other rules and procedures for the administration of the TRICARE Retiree Dental Program.

In addition, nutrition education shall utilize prepared educational materials and/or Internet sites. Both the sessions and the information materials shall be designed to improve health status, achieve positive change in dietary habits, and emphasize relationships between nutrition and health. Individual and group sessions can be accomplished through, among other things, face-to-face meetings, remote tele-videoconferencing, real-time computer-based distance learning, or other means.

(iv) Nutrition education services shall generally be provided to participants twice during each 6-month certification period, unless a different schedule is specified in USDA regulations.

(v) The nutrition education program shall promote breastfeeding as the optimal method of infant nutrition, encourage pregnant participants to breastfeed unless contraindicated for

health reasons, and educate all participating women about the harmful effects of substance abuse.

(vi) Individual participants shall not be denied supplemental food due to the failure to attend scheduled nutrition education sessions.

(ii) Under the agreement, the manufacturer shall rebate to the Department an agreed portion of the amounts paid by DoD for the procurement of the contract brand.

(2) The DoD shall use competitive procedures under title 10, chapter 137 to select the contract brand.

(3) Amounts rebated shall be credited to the appropriation available for carrying out the program and shall be applied against expenditures for the program in the same period as the other sums in the appropriation.

(g) *Administrative appeals and civil rights.* (1) Applicants who are denied certification or participants that are denied recertification shall be provided with a notice of ineligibility. The notice shall include information on the applicant's right to appeal the determination and instructions on doing so.

(2) Benefits shall not be provided while an appeal is pending when an applicant is denied benefits, a participant's certification has expired or a participant becomes categorically ineligible.

(3) A request for appeal shall be submitted in writing within five working days. If the decision is an adverse one it shall include notice to the applicant of his further appeal rights as reflected in (iii) below, and that he/she has five working days to effect any such appeal.

(4) Appeal reviews shall be conducted in the first instance by the CPA or team leader in charge of the local WIC Overseas office.

#### § 199.24 TRICARE Reserve Select.

(a) *Establishment.* TRICARE Reserve Select is established for the purpose of offering TRICARE Standard and Extra health coverage to qualified members of the Selected Reserve and their immediate family members.

(1) *Purpose.* TRICARE Reserve Select is a premium-based health plan that is available for purchase by members of the Selected Reserve and certain survivors of Selected Reserve members as specified in paragraph (c) of this section.

(2) *Statutory Authority.* TRICARE Reserve Select is authorized by 10 U.S.C. 1076d.

(3) *Scope of the Program.* TRICARE Reserve Select is applicable in the 50 United States, the District of Columbia, Puerto Rico, and, to the extent practicable, other areas where members of the Selected Reserve serve. In locations other than the 50 states of the United States and the District of Columbia, the Assistant Secretary of Defense (Health Affairs) may authorize

modifications to the program rules and procedures as may be appropriate to the area involved.

(4) *Terminology.* Certain terminology is introduced for TRICARE Reserve Select intended to reflect critical elements that distinguish it from other long-established TRICARE health programs. For instance, the effective date of eligibility for TRICARE has long been understood to mean that the eligible individual may obtain care under the military health system as of that date. However, that is not what it means in the context of TRICARE Reserve Select. To avoid the inevitable misunderstanding, this regulation uses the term “qualify” to mean that the member has satisfied all the “qualifications” that must be met before the member is authorized to purchase coverage. Only then may the member purchase coverage by submitting a completed request in the appropriate format along with payment of the applicable one month premium. The term “coverage” indicates the benefit of TRICARE Standard or Extra covering claims submitted for payment of covered services, supplies, and equipment furnished by TRICARE authorized providers, hospitals, and suppliers.

(5) *Major Features of TRICARE Reserve Select.* The major features of the program include the following:

(i) *TRICARE rules applicable.*

(A) Unless specified in this section or otherwise prescribed by the ASD(HA), provisions of 32 CFR Part 199 apply to TRICARE Reserve Select.

(B) Certain special programs established in 32 CFR Part 199 are not available to members covered under TRICARE Reserve Select. These include the Extended Care Health Option Program (see §199.5), the Special Supplemental Food Program (see §199.23), and the Supplemental Health Care Program (see §199.16) except when referred by a Military Treatment Facility (MTF) provider for incidental consults and the MTF provider maintains clinical control over the episode of care. The TRICARE Dental Program (see §199.13) is independent of this program and is otherwise available to all members of the Selected Reserve and their eligible family members whether or
