Direct competition. The presence and operation of a DoD Component vending machine or a vending facility on the same DoD-controlled property as a vending facility operated by a blind vendor. Vending facility. Automatic vending machines, cafeterias, snack bars, cart service, shelters, counters, and such other appropriate auxiliary equipment that may be operated by blind licensees and that are necessary for the sale of newspapers, periodicals, confections, tobacco products, foods, beverages, and other articles and services to be dispensed automatically or manually and that are prepared on or off the premises according to applicable health laws. Also includes facilities providing the vending or exchange of chances for any lottery authorized by State law and conducted by an agency of a State within such State.

For the purposes of assigning vending machine income, a coin or currency operated machine that dispenses articles or services except that those machines operated by the United States Postal Service for the sale of postage stamps or other postal products and services, machines providing services of a recreational nature, and telephones shall not be considered to be vending machines.

(5) The On-Site Official shall be the point of contact with State licensing agencies and shall:

(i) Consult with State licensing agencies on articles and services to be provided;

(ii) Establish appropriate limitations on the location or operation of a vending facility upon finding that the granting of a priority under the Act would adversely affect the interests of the United States. The On-Site Official shall justify this limitation in writing through the Head of the DoD Component concerned and the PDUSD(P&R) to the Secretary of Education for determination of whether the limitation is warranted.

(iii) Notify State licensing agencies of acquisition or substantial alteration or renovation of property;
