

(e) No late charge shall be made in excess of 5 percent of the late payment, or \$5 whichever is the lesser amount. Only one late charge may be made for any tardy installment. Late charges will not be levied where an allotment has been timely filed, but payment of the allotment has been delayed.

(f) The obligation may be paid in full at any time or through accelerated payments of any amount. There shall be no penalty for prepayment and in the event of prepayment, that portion of the finance charges which have insured to the benefit of the seller or creditor shall be prorated on the basis of the charges which would have been ratably payable had finance charges been calculated and payable as equal periodic payments over the term of the contract, and only the prorated amount to the date of prepayment shall be due. As an alternative, the "Rule of 78" may be applied, in which case its operation shall be explained in the contract.

(g) No charge shall be made for an insurance premium or for finance charges for such premium unless satisfactory evidence of a policy, or insurance certificate where State insurance laws or regulations permit such certificates to be issued in lieu of a policy, reflecting such coverage has been delivered to the debtor within 30 days after the specified date of delivery of the item purchased or the signing of a cash loan agreement.

(h) If the loan or contract agreement provides for payments in installments, each payment, other than the down payment, shall be in equal or substantially equal amounts, and installments shall be successive and of equal or substantially equal duration.

(i) If the security for the debt is repossessed and sold in order to satisfy or reduce the debt, the repossession and resale will meet the following conditions:

(1) The defaulting purchaser will be given advance written notice of the intention to repossess;

(2) Following repossession, the defaulting purchaser will be served a complete statement of his obligations and adequate advance notice of the sale;

(3) He will be permitted to redeem the item by payment of the amount due before the sale, or in lieu thereof submit a bid at the sale;

(4) There will be a solicitation for a minimum of three sealed bids unless sold at auction;

(5) The party holding the security, and all agents thereof are ineligible to bid;

(6) The defaulting purchaser will be charged only those charges which are reasonably necessary for storage, reconditioning, and resale; and

(7) He shall be provided a written detailed statement of his obligations, if any, following the resale and promptly refunded any credit balance due him, if any.

(j) A contract for personal goods and services may be terminated at any time before delivery of the goods or services without charge to the purchaser. However, if goods made to the special order of the purchaser result in preproduction costs, or require preparation for delivery, such additional costs will be listed in the order form or contract. No termination charge will be made in excess of this amount. Contracts for delivery at future intervals may be terminated as to the undelivered portion, and the purchaser shall be chargeable only for that proportion of the total cost which the goods or services delivered bear to the total goods called for by the contract. (This is in addition to the right to rescind certain credit transactions involving a security interest in real estate provided by section 125 of the Truth-in-Lending Act, Pub. L. 90-321 (15 U.S.C. 1601) and § 226.9 of Regulation Z (12 CFR part 226).
